** SPECIAL NOTE: The report of the Executive Board found elsewhere in this book gives Cooperative Program gifts as $2,703,892. This represents actual receipts in the Jefferson City offices from October 1, 1962 to October 1, 1963. The report in (9) above came from the 1963 church letters and is for a different period—the associational year—which in many cases closed on June 30. This largely accounts for the variance between the amount in (9) above and the amount listed in the later Executive Board report of October 1.

Using the actual Cooperative Program receipts from October 1, 1962 to October 1, 1963 ($2,703,892), the percentage of Missouri Baptists' total gifts going to World Missions through the Cooperative Program was 10.54%. By the same comparison, the percentage for the same period the year before was 10.35%.

Enrolments

	1962	1963
1. Brotherhood (Includes R.A.'s)	24,487	24,380
2. Sunday School	351,732	350,462
3. Training Union	107,948	106,279
4. Woman's Missionary Union	73,717	74,203

Observations

1. All figures in this summary have been compiled from the 1963 Uniform Church Letters to the Associations, except where noted.
2. Again this year, many church letters appear to indicate that a substantial number of churches reduced church membership rolls and enrolments of various church organizations—Sunday School, Training Union, W.M.U., and Brotherhood— by simply writing off the names of inactive or non-resident members without reflecting these losses in the records. This practice seems to have been prevalent for at last the last three years.
3. Several churches have been dropped from the records this year upon authority of their respective associations. In all cases these churches have been inoperative and non-reporting for extended periods. In most cases it appears that real efforts have been made to revive these churches.

CONSTITUTION OF THE MISSOURI BAPTIST CONVENTION

ARTICLE I—*Name*

This body shall be called the Missouri Baptist Convention.

ARTICLE II—*Object*

ARTICLE III—*Time and Place of Meeting*

The Convention shall meet annually on Tuesday after the fourth Sunday in October at such time and place as the Convention or the state Board may decide.

ARTICLE IV—*Membership*

This Convention shall be composed of accredited messengers as follows:

Section 1. Any Baptist Church (except as specified in Section 2) in sympathy with the objects of the Convention and desiring to cooperate with the Convention in her program of single alignment with the Southern Baptist Convention shall be entitled to one messenger and one additional messenger for every one-hundred members or fraction thereof above one-hundred, provided that no church shall be entitled to have more than fifteen messengers.

WINDERMERE BAPTIST ASSEMBLY

ARTHUR KOEHLER, Manager

As Windermere continues for the purpose of training in the promotion of the missionary, evangelistic, educational and benevolent work fostered by the convention, the entire staff covets your prayers. Mr. and Mrs. Arthur Koehler and Mr. and Mrs. Clyde Long have served as the permanent staff since the convention began its work at Windermere. We all will greatly miss Mrs. Long as she went to be with the Lord, September 11, 1963.

The new Windermere Motel with its 39 units, and the completion of the Auditorium, made it possible to take care of the assemblies in a much better way this year. We still have several more meetings scheduled in the remaining three months of this year, but have already served 600 more persons in the first nine months of 1963 than for the entire twelve months of 1962. The registration will go beyond 11,600 (these were persons who stayed on the grounds at least one night).

As we served these greater numbers the need for the Children's Building and a larger kitchen and dining area was more keenly felt. These buildings are now under construction. Mr. Harry Cameron is still in charge of all the building program and maintenance for Windermere. We commend him for the fine work he does at the assembly as well as elsewhere over the convention.

The Royal Ambassador Camps for the past few years have had some work project. They have marked hiking trails and carried out other projects which have been enjoyed by all who visit the assembly. This year they made redwood signs for the entire assembly grounds. These are all in place now with Mr. Willis Griffin's fine help. They will be of great value in maintaining the beauty of the assembly grounds for years to come.

We would hope that all the churches throughout the state would avail themselves of the Windermere facilities. They are available 12 months of the year. The staff is eager to help you to plan to attend one of the state assemblies or plan for you or your church to come for a retreat or meeting of any kind.

MISSOURI BAPTIST BUILDING FUND

GEORGE S. HIXSON, Director

The Missouri Baptist Building Fund is no longer a young, new business, but an organization with assets in excess of 2¼ million dollars. The Building Fund is truly an integral part of the total Missouri Baptist Convention organization.

Over 2,000 investment accounts have made possible 121 loans to churches and missions in Missouri and Iowa amounting to $3,326,000. First mortgage papers valued in excess of $12,000,000 are held as collateral on the loans. Six churches and missions have already repaid their total loans.

All loans are thoroughly investigated before approval by the Missouri Baptist Building Fund Board of Directors. The present directors include: Mr. W. A. Buckner, Desloge, president; Mr. Grant Davis, Springfield, vice-president; Mr. Russell Wren, Jefferson City, secretary-treasurer; Mr. L. J. Largen, Kansas City; Mr. Curtis Tindel, Cabool; Mr. Melvin Gainer, Dexter; Mr. Don Kennedy, Nevada; Dr. Ralph M. G. Smith, Kirksville; and Rev. Webster Brown, Columbia. The only paid employees are Dr. George S. Hixson, executive director and Mrs. Dixie L. Quinn, administrative assistant.

The Building Fund offers three investment plans. We encourage all Missouri Baptists to carefully study the plans and prayerfully consider investing their savings so that more money will be made available to our churches.

Four per cent interest is paid on Regular withdrawable accounts of $25.00 or more. Savings Certificates are issued in amounts of $100.00 or multiples thereof. Four and one-half per cent interest is paid on 5-year Certificates and five per cent on the 10-year Certificates. Interest is paid semi-annually, February 1 and August 1.

We are truly grateful for all who have believed in the Building Fund and invested. We solicit your regular monthly investments—whether large or small.

EXHIBIT III

MISSOURI BAPTIST PRESS

W. R. HERRINGTON, Manager

In 1962 the work of the Press called for more than 31,500 hours from 29 employees and required 155 tons of paper and more than 4,300 pounds of printing ink. Baptists in Missouri can be proud of the Press, its modern plant and efficient equipment, the wide variety, excellent quality and increasing volume of its work.

Press operations include: Printing of the *Word and Way* (64,000 copies per week) which represents about 49 per cent of the total man hours; printing most of the materials used by all offices and departments of the Missouri Baptist Convention, including the Missouri Baptist Annual; supplying the printing needed by many Baptist churches, associations and institutions in the state.

The work of Missouri Baptist Press has national distribution, as in 1962 when the Press printed the asociational minutes for

more than one-fifth of the associations in the Southern Baptist Convention. This portion of the work continues to expand. Presently twelve electric IBM typewriters are employed in the operation.

The Missouri Baptist Press is a non-profit organization. Its workers feel pride in the role of the Press as the printing agency of the Missouri Baptist Convention, working to spread the will of God to people everywhere by means of the printed page.

EXHIBIT IV

OFFICE OF EVANGELISM

JAMES W. HACKNEY, Director

Last year's record reveals a total of 18,033 new converts baptized compared to 18,603 for the year before or a decrease of 570 baptisms. The total net membership gain in Missouri for the year was 9,859.

The year 1964 promises to be one of the greatest years in Baptist history for evangelistic results. Jubilee Revivals throughout the nation as well as the total impact of the Jubilee Year should give emphasis to all evangelistic causes. At this writing 70 of the 82 associations in the state are commited to the Jubilee Revivals.

Greater conviction, concern, and concerted effort are needed in order to win more converts. Increased enrollments in the Sunday Schools plus a keener evangelistic emphasis by all organizations will produce results. A call for prayer, persuasion, and perennial witnessing is needed for this hour.

Plans for the future include:

1. Cooperation with Brotherhood Department in emphasizing Area Baptist Men's Conventions this fall. Soul winning and evangelism will be stressed in these meetings.
2. Evangelism Clinics in the associations which feel the need of them.
3. A strong State Evangelistic Conference at St. Joseph, January 13-15.
4. Participation of each church and association in Jubilee Revivals during one of two dates. (West) March 29-April 12, (East) March 8-22
5. Enlistment and participation of Missouri pastors and song leaders in Australian Crusade in April and May.
6. Continued support and promotion of total program of evangelism of Southern Baptist Convention.

EXHIBIT V

OFFICE OF MISSIONS

BRUCE C. MAPLES, Director

From January 1 through August 31, 1963, there have been added to the Missouri Baptist Convention 10 new churches and 58 new mission stations for a total of 68. Our goal for the year 1963 is 143. This number includes the State of Iowa, a full report of which will appear later in this report.

Community Survey is vitally important to the proper promotion of new work and the proper growth of work already established. Everett Bryant is kept busy most of his time in conducting such surveys and in conducting clinics and promotional conferences dealing with community surveys and simultaneous associational surveys.

Our associational Analysis and Forecast is very helpful in the proper survey of opportunities both for growth of churches already established and to discover new fields of need. R. Ronald Robinson has prepared these reports for several of the associations in Missouri and this office is prepared to do the same thing for any association or city in the state. Such surveys along with community surveys are set up for two years in the future.

The annual meeting of the Iowa churches and missions takes place early in October but preliminary reports indicate that we have in Iowa at this time a total of 2,357 members, 1,989 of which are resident members. They show 294 baptisms during the year just closed at the last of August, which is a ratio of 1 to 8 members. Other additions were 472, making a total in additions of 762 for the year closing in 1963. Preliminary reports also indicate that total gifts were $208,203 which is $88.33 per capita. Total mission gifts were $25,898 indicating per capita gifts of $10.99.

Total gifts through the Cooperative World Missions Program amounted to $17,097 which is $7.25 per capita. We have in Iowa at this time four churches, 21 mission stations all of which will probably become churches, and 12 institutional or Home Fellowship Hour Missions. This is a total of 37 places where the gospel is preached and taught in Iowa. Avery Wooderson, 508 South "N" Street, Indianola, Iowa, is Superintendent of Missions for Iowa working out of this office.

This office helps to set up associational simultaneous Schools of Missions. We always have all of these that we are allowed during the year. They are very popular. Applications for these must be made several years in advance because so many associations like to have them. They acquaint our people with our total missions program. R. Ronald Robinson of this office has charge of the work of setting up these Schools of Missions.

Miss Sharon Porter is our secretary in the Office of Missions.

EXHIBIT VI

OFFICE OF PROMOTION AND PUBLICITY

LLOYD W. COLLINS, Director

Again this year, the activity of this office has increased in all of the twelve programs normally carried out and, in addition, several new responsibilities have been assumed.

In handling the increased work load, we acknowledge the capable, efficient and devoted service of—

Mrs. Shirley Meyer—Secretary to the Director;

Miss Ruth Ann Grant and Miss Barbara Wyss, assistant office secretaries during the summer and fall of 1963;

Mr. Al Gowan, artist on retainer serving all offices and departments through this office;

Mr. Dale Miller, official photographer for the Missouri Baptist Convention;

Several young women who served as secretarial helpers during the heavy schedule of July, August and September.

The general projects carried out by the office during the year included—

1. Promotion of all phases of the total Missouri and Southern Baptist program through four channels—direct mail, brochures-pamphlets, *Word and Way* promotion section ("Missions in Missouri"), and teletype.
2. Constant publicity program through newspapers, radio, some TV, and the Southern Baptist Press. This office operates Missouri Baptist News (MBN), official news agency of the Missouri Baptist Convention with thousands of news releases each year. This office also handles the teletype machine and service which gives the Jefferson City offices immediate and very valuable contact with state and agency offices of the Southern Baptist Convention. Mrs. Shirley Meyer is chief operator, Miss Carol LeCompte and Mrs. Eudora Troyer, assistant operators. A special project of considerable proportions in cooperation with the Kansas City Baptist Association was carried out this year in connection with the 1963 Southern Baptist Convention at Kansas City—involving design and production of 20,000 packets, 35,000 bulletin covers and preparation of a double page spread in 360,000 copies of the Sunday Kansas City Star. Another part of the promotion of Missouri Baptist Convention was the design, production and staffing of the 30-foot Missouri Baptist display.
3. The design, preparation, and production of more than 1¼ million pamphlets, brochures, publicity pieces, tracts, posters, letters, etc.
4. The distribution of these 1¼ million promotional pieces plus another million produced by Southern Baptist Convention agencies and other sources.
5. Origination of Cooperative Program, State Missions, Windermere, Calendar of Activities, and other general promotional materials.
6. Compilation, editing, and distribution of the 400-page Missouri Baptist Annual and other Missouri Baptist statistics.
7. Preparation and management of the large Missouri Baptist Exhibit at the State Fair. Also exhibits at the Ozark Empire Fair, Springfield; North Central Missouri Fair, Trenton; Northwest Missouri Fair; Bethany; Jefferson County Fair, Hillsboro; Taney County Fair, Forsyth; Wash-

ington Town and County Fair, Washington; Southeast Missouri District Fair, Cape Girardeau.

8. Direction of denominational representation at various meetings, especially at the 82 annual associational meetings. This includes the arrangement of the schedules of three representatives at each association—the denominational representative, the Christian Education representative, and the Benevolent Institutions representative—in cooperation with the associational officers of the 82 associations.
9. Daily assistance to the offices and departments of Missouri Baptist work—and to churches, associations and Missouri Baptist agencies and institutions—in preparation of promotional materials, direct mail projects, services of professional artist, and other services. A special additional project along these lines during the year has been preparation and mailing of materials for the newly created Missouri Christian Life Commission, along with the distribution of the Commission's tracts, brochures and pamphlets.
10. Direction of the denominational exhibit at annual meeting of Missouri Baptist Convention; arrangements of the annual Pastors' and Missionaries' Dinner; preparation of Convention Daily Bulletin; and supervision of Convention local and press relations.
11. Preparation of 4 pages of the *Word and Way* each week under the heading "Missions in Missouri"—a coordination and editing of promotional materials in cooperation with the offices, departments and agencies of the Missouri Baptist Convention. Also preparation and editing of the special State Missions issue of the *Word and Way* (August 22) in cooperation with the *Word and Way* staff.
12. Director of this Office included over 200 speaking engagements in his schedule last year, and more than 1,700 personal conferences.

Additional projects this office now has under development—

1. Advisory publicity committee, composed of Baptist professionals in newspaper, radio, TV, and design, moving toward broader and more intensive publicity of our work through all media.
2. A radio publicity project in cooperation with the Southern Baptist Convention Radio-TV Commission, for radio stations in Missouri
3. The organization and development of a Missouri Baptist Public Relations Association.

EXHIBIT VII

PROTECTION PLANS

J. W. FISHER, Director

At present 1,016 churches affiliated with the Missouri Baptist Convention are offering protection for themselves and their pastors by participating in the Protection Plans offered by the Annuity Board of the Southern Baptist Convention. Over 70% of these churches are paying the whole cost. This is a worthy fringe benefit for any pastor.

SPECIAL DEATH BENEFIT ADDED TO SOUTHERN BAPTIST PROTECTION PLAN: The Southern Baptist Protection Plan now provides a special death benefit for all members, both ministers and denominational workers, under 40 years of age. It covers both natural and accidental death.

If the member dies a natural death before age 40, the benefit provides a cash settlement to the member's widow or estate equal to the average salary on which dues were paid. If he dies because of an accident, the cash settlement will be double the average salary.

There is no added cost for this special death benefit, which is in addition to the regular retirement, widow and disability benefits of the Protection Plan.

The benefit is easy to figure. Suppose a member dies at age 32 of natural causes, and the average salary on which he had paid dues in the Protection Plan was $3,550. His widow or estate would get a cash settlement of $3,550, plus the regular widow benefits. If he is killed accidently, his widow or estate would receive twice this amount, $7,100, plus regular widow benefits.

BENEFITS PAID: More than $41 million have been paid in relief and annuity benefits by the Annuity Board since its beginning in 1918. Last year these benefits totaled more than $3 million, and were paid to more than

4,500 ministers and denominational workers or their families, who were members of a retirement plan, and to approximately 750 on the relief rolls.

MEMBERSHIP IN RETIREMENT PLANS: As of April 1, 1963, there were 15,964, or 49%, of the total churches in the Southern Baptist Convention participating in the Annuity Board's retirement program for their pastors. Out of a total of 212 educational institutions, hospitals, children's homes and homes for the aged, 121 are enrolled in an Annuity Board retirement plan with their employees. Total membership in all the Board's retirement plans is approximately 25,000.

OFFICERS OF THE ANNUITY BOARD: Administrative officers of the Board are: R. Alton Reed, executive secretary; Floyd B. Chaffin and L. T. Daniel, associate secretaries and directors of development; Fred W. Noe, associate secretary and director of investments; B. J. Chenault, comptroller-treasurer; Owen Henley, assistant director of investments and Mable H. McCartney, registrar.

OFFICE OF SPECIAL MINISTRIES

ROY CISSNA, Director

The Office of Work with the Deaf has been changed and expanded into the OFFICE OF SPECIAL MINISTRIES. This new office will minister to the blind, deaf, retarded, senior citizens, language groups, migrants, and others.

Missouri is the first state convention with such an office. The philosophy of the OFFICE OF SPECIAL MINISTRIES will be the same as the work with the deaf: helping the local church extend its ministry to include these groups having a need for a special ministry.

The need for such a ministry is evident when we realize there are now in Missouri: 4,000 deaf; 9,000 blind; 130,000 retarded; over 500,00 senior citizens; and many other persons needing special ministries.

The programs for all these ministries have not as yet been formalized. As they are developed, they will be promoted and presented to all the churches in Missouri. Pilot projects will be set up and studied and the findings will be the basis for expansion of these ministries.

Several churches already have ministries to some of these groups. Twenty-two churches have a ministry to the deaf. Six churches have a ministry to retarded children (survey on these is not completed).

To millions of people, the world is a sunny, happy place where they can have a sense of fulfillment. To others—well, it is our responsibility to help make the world the same for them.

This office will be grateful for your prayers, assistance and suggestions.

EXHIBIT IX

OFFICE OF STEWARDSHIP AND CHURCH FINANCE

W. H. ALLISON, Director

GRACE is God's Mercy
EVANGELISM is God's Message
MISSIONS is God's Ministry
STEWARDSHIP is God's Method

Stewardship is the method by which God uses believers in His program of saving a lost world. The "good news" of the gospel is evangelism and missions. Stewardship is the one broad term that challenges the believer to use everything he is, has and does. Stewardship includes, for God's glory, the use of body, brain, brawn, time, talent, treasure, personality, property, performance, influence, ideals, identity, mind, means and money.

This has been a good year. We closed the year 1962 with an increase in Cooperative Program gifts of 6.7% over the year before. Probably as many as 900 of our Missouri churches have used all or some part of the Forward Program as a method of enlisting their members in service and giving. Your office of Stewardship and Church Finance is interested in helping Missouri Baptist churches and church members serve our Lord acceptably.

The twelve Area Stewardship and Church Finance Chairmen have been doing excellent work in promoting the Cooperative World Mission Program and stewardship through clinics, conferences, ministers' meetings, stewardship revivals, Forward Program training sessions, and individual contacts.

Our associational superintendents and associational stewardship committees are getting excellent results.

More and more of our good pastors are realizing that total stewardship is truly God's method of evangelism and missions.

NEW THIS YEAR

* The Growth in Christian Stewardship Program, which is a means used by churches under 300 for enlistment and giving.
* A Stewardship Development Program for Baptist Associations. Every association would profit by its use.
* Christian Life Revivals on an associational-wide basis
* A Turnover Chart
* At least a dozen new stewardship and Cooperative Program tracts from the Stewardship Commission and our office.

Simultaneous Associational-wide Stewardship Revivals continue to serve our churches and associations. Probably as many as 20 or 25 associations this year will use this office in promoting Associational-wide Simultaneous Stewardship Revivals.

For the Future, from this office, there will be available new stewardship materials such as: films, filmstrips, posters, tracts and, of course, always personal help any place we are needed.

EXHIBIT X

OFFICE OF WORD AND WAY

H. H. McGINTY, Editor

The *Word and Way* is the official journal of the Missouri Baptist Convention. It was purchased in the latter part of 1945 from the S. M. Brown family, Dr. Brown having been the editor of the paper since 1895. It became the official publication of the convention as of January 1, 1946.

The circulation of the paper has been increased all the while, starting with 17,000 in 1946. The journal is now going into almost 67,000 homes. It is estimated that at least 150,000 people read some part of it each week. There has been a net increase in circulation this year of approximately 100 per week.

At the present time 945 Missouri Baptist churches are sending the paper to the homes of the families in their membership and paying the expense out of the regular church budget or by some other means. Some of these are sending the paper to all of the families. Others are using a selective list.

The circulation, in proportion to the membership of the churches in the Missouri Baptist Convention, compares favorably in a proportionate manner with that of the state papers in the majority of other states in the Southern Baptist Convention. However, the ultimate goal is to get the *Word and Way* into the home of every Missouri Baptist family. To do this, it is estimated that the circulation should be built up to at least 100,000.

In order to build up this circulation, the *Word and Way* offers to send a bundle of papers to any church for a period of two or three months. There they can be distributed among the members that they may get acquainted with it. To churches that vote to accept the plan the *Word and Way* will be sent to a mailing list of the church families for a period of two months without cost or obligation.

EXHIBIT XI

OFFICE OF WORK WITH NATIONAL BAPTISTS

LOREN J. BELT, Director

The Office of Work with National Baptists of the Missouri Convention reflects a deep spiritual desire. This desire is to minister to all people everywhere. Negro Baptists have their own conventions but a fine spirit of cooperation and fellowship exists between Southern and National Baptists. This office seeks to foster Christian fellowship and to encourage the idea of sharing our blessings with each other.

The Home Mission Board assists financially in the promotion of this phase of the Lord's work. This agency has maintained a ministry with Negroes since the organization of the Southern Baptist Convention in 1845.

Of the approximately 20 million Negroes in the United States, about 396,000 reside in Missouri. There are three National Baptist conventions. The larger group consists of some 26,000 churches with approximately 5 million members and is titled "National Baptist Convention of USA, Inc." Another group with approximately 11,500 churches with about 2,500,000 members is titled "National Baptist Convention of America." A third convention known as the "Progressive Baptist Convention" has recently been organized. An association of National Baptist churches in Kansas City has affiliated with this group. There are approximately 425 National Baptist churches in Missouri with approximately 67,000 members.

Missouri was among the first states to establish an Office of Work with National Baptists. This specialized ministry was begun in May, 1955. Dr. Loren J. Belt began serving as state director on February 15, 1959.

There are many areas of cooperation in Missouri. The Western Baptist Bible College, 2119 Tracy Avenue, Kansas City, Mo., has been serving Negro Baptists for 73 years. Southern Baptists care for the salary of Dr. T. A. Welch, Southern Baptist teacher-missionary, and assist with the salary of Rev. William M. Singleton, National Baptist professor. Southern Baptists contribute an annual amount of approximately $10,000, including gifts from associations, scholarships and faculty salaries. (Associational officers are urged to make provision for a special offering at the annual session of their associations and send funds to Dr. Loren J. Belt, Baptist Building, Jefferson City, Mo.)

A ministry to Baptist students at Lincoln University, Jefferson City, Mo., is maintained in the form of a Chair of Bible and Baptist Student Union program.

Rev. G. L. Gladney, Caruthersville, serves as area missionary for southeast Missouri. This National Baptist missionary promotes the mission work in ten counties cooperating with our Southern Baptist superintendents of missions in that area.

In St. Louis, with approximately 300,000 Negroes, we have a fine relationship between Southern and National Baptists. Dr. R. James Glasco serves as director of the St. Louis Baptist Missionary Fellowship, which promotes many areas of cooperation. A highlight of the program has been the annual simultaneous revival crusades.

The Kansas City Baptist Fellowship in Kansas City, Mo., was organized in March, 1963. Rev. Charles J. Briscoe was called on March 1, 1963 as the first full-time director of this Baptist Fellowship.

The observance of "Human Relations Week" has been changed from the second week in July to the week of February 9-16 for 1964. Several churches both National and Southern Baptists, participate in this special observance each year.

An annual WMU Leadership Conference for National and Southern Baptist women is held each year in September at Windermere Baptist Assembly.

Training programs and fellowship meetings are promoted throughout the year in order to bring about the Christian ideal of fellowship and mutual understanding.

EXHIBIT XII

MISSOURI BAPTIST FOUNDATION

THOMAS W. NELSON, Executive Secretary-Treasurer

During the past year Mr. Harry Cameron resigned as executive secretary-treasurer of the Missouri Baptist Foundation, a post he had held for over six and one-half years. Notable progress was made in every phase of the Foundation program under his capable leadership. Mr. Cameron became director of building programs for the Convention and has been busily engaged in giving direction to building projects at Southwest Baptist College and Windermere Assembly.

Thomas W. Nelson, for eight years pastor of the First Baptist Church of Jefferson City, assumed the responsibilities of executive secretary-treasurer on a limited basis November 1, 1962, and on a full-time basis January 1, 1963.

Mr. Goldman S. Drury continued as associate executive secretary and Miss Carol Sanders as the office secretary. Miss Edythe Persel handles the bookeeping responsibilities for the Foundation.

The Baptist Foundation is fortunate in having outstanding businessmen to serve on the Board of Trustees. Harry Kay, an attorney of Eldon, serves as president of the trustees, and also as the attorney for the Foundation. He gives many hours of legal work, most of it without remuneration. W. A. Buckner, a Desloge Ford dealer, is the vice president of the trustees. The secretary is Dr. K. J. O'Banion, a physician of Birch Tree. Other trustees are: Oswald Franz, Thayer; Roy Johnson, Raytown; J. E. Norlin, Sedalia; Luther Robinson, Raytown; and Jay Carter, Maplewood. The important Investment Committee is composed of Harry Kay, Oswald Franz and K. J. O'Banion.

Funds invested by the Foundation for the various institutions total $1,626,122. The average earning on this amount was 4.08 per cent. The earnings figure would be considerably higher were it not for the fact that about one-third of the investments, by a long standing commitment, is held in government bonds bearing a low interest rate. In many cases the return is as high as 6 per cent.

At the present time two estates are in probate. One of these, the Spencer Groff Estate, will be by far the largest gift in the history of the Foundation. Because of the generous spirit of Spencer Groff and his special interest in the Children's Home and Christian education, these causes will benefit greatly from his large estate. His will provides that the Children's Home will receive the income on his property. This will be good now, but will by no means support the whole program of the Home. Actually the present income beginning in 1964 will just about meet the annual budget deficit of the Children's Home. In the future as the property values appreciate in the estate, the income to the Home will also increase. For the present, the requirements of the Home's budget must continue to be met through the Cooperative Program and the special gifts of Missouri Baptists.

The Foundation is in process of developing an associational promotion program. The first effort was made in Harmony Association under the direction of Sherman Bridgman, the Superintendent of Missions. This plan involved the use of the film, "Treasures in Heaven," and personal conferences with those who indicate an interest in will-making. Such a program would be workable in any association.

EXHIBIT XIII

DEPARTMENT OF BROTHERHOOD

J. W. FISHER, Secretary

During the past year, there has been an evident growth in the Christian life of Missouri Baptist men. Our State Convention officers, including 24 area leaders, are assuming more and more responsibility. They constituted the majority of the conference leaders for our department as we cooperated with the Sunday School, Training Union and Music Departments to conduct 82 one-night Associational Training-Planning Clinics. The

purpose of this activity is to acquaint each association officer with:

(1) The purpose of associational work
(2) The duties of associational officers
(3) The program of work for an association

These officers served as conference leaders for those associations conducting associational workshops. These workshops are for the purpose of providing elementary training for the officers of the local church men's organization.

Our office has for some time now been providing the association and the church organizations with suggested program outlines. On the whole, these have been well received and indications are that they are being used by many of the churches and associations.

We are cooperating with the Office of Evangelism in promoting eight area conventions for Baptist men. These are to be one-day meetings. We have enlisted nearly 150 men to participate in the planning and promotion of these meetings. The conventions are cooperatively financed and planned by our Department, the Office of Evangelism and the men of the areas. Because of these meetings, there will not be a 1963 State Convention for Baptist men.

More than two years ago our department was approached by a representative of the Missouri Department of Corrections asking if we would consider helping produce some material that would guide committees in towns or counties as they tried to rehabilitate men who have been in prison. We have enlisted a committee of business and professional men representing many areas of Missouri. This has proven to be a far larger task than we anticipated. Several have been added to the committee and it appears that we are making progress. Those on the committee are enthusiastic and have given generously of their time.

During the week of September 7-14, 1963, more than fifty men from Missouri worked in the chapels and churches of Iowa. The leaders of the fellowship in Iowa cooperated closely with us in this effort. They enlisted the churches who in turn outlined the work they wanted to accomplish during the week. Activities ranged from helping in Sunday School preparation to participating in a revival.

Your State Secretary has been serving as chairman of the Missouri committee to assist in the resettlement of those Cubans who have been forced to leave their homes since the takeover of their government by the Communists. Several of our Missouri churches have responded and are now in the process of resettling a family.

Our Royal Ambassador work has also contributed to the Christian growth of our Baptist men as well as to the boys during the past year. During 1962 more than a hundred men attended training workshops and were certified to teach the Royal Ambassador Basic Leadership Course. In the year that has followed, quite a number of these instructors have taught courses for churches and associations.

The Royal Ambassador Enlargement Campaign continues to be one of the most effective programs in our churches. The manual, record cards, and bulletin inserts were developed by the Department for use in churches which have not reached their potential Royal Ambassador enrollment. The campaign has been conducted in more than fifty churches and in almost every case has resulted in doubling or tripling Royal Ambassador enrollment, attendance and workers.

Interest continues to increase in the use of the Royal Ambassador summer camping materials developed by the department. These include the *Summer Camp Manual,* graded camper devotional guides and necessary forms for planning camp activities. The cabin-centered camp program has been in use at State Royal Ambassador Camps at Windermere for six summers and now been adopted by about half of the associational camps. The program allows the campers in each cabin, under the guidance of the counselor, to plan a major portion of their camp activities within the framework of the general camp goals: Worship and Music; Missions Education and Royal Ambassador Advancement; Nature Study and Conservation; Hiking and Campcraft Activities; First Aid and Waterfront Activities. Since more and more of the associational camps are adopting the cabin-centered type of camp program which incorporates Royal Ambassador Campcraft into the activities, the department worked with the associational leadership in scheduling one-day campcraft clinics during April-May-June. Although some were cancelled or postponed due to rainy weather, more than half of the associations scheduled the clinics, which were led by men from over the state who have

been trained in Royal Ambassador camps and special campcraft courses offered by the department.

The State Royal Ambasador Congress is another distinctive phase of our department. This year 1,516 boys and leaders from 50 different associations attended the congress in Hannibal. The purpose of the congress is to provide a challenge and an inspiration through an outstanding convention-type program.

Every five years the Brotherhood Commission of the Southern Baptist Convention conducts a convention-wide Royal Ambassador Congress. This year the congress was held at Washington, D.C., August 13-15. Thousands of boys and leaders attended from all over the nation. More than 220 registered from Missouri. A 91-passenger airliner and a 41-passenger bus were chartered to transport about half the group. The others went in automobiles. Missouri's representative in the speaker's contest was John Tudor Walsh of Everett Street Church in Kennett, named winner over the other area winners in the state contest which was held in Hannibal during the State Royal Ambasador Congress. He was third place winner in the national contest.

All method and promotional tracts are furnished the churches and associations by our office. Several thousand copies of these are mailed each year. In addition to this we edit and mail a news bulletin to our church and associational officers.

EXHIBIT XIV

DEPARTMENT OF CHURCH MUSIC

DALE C. BRUBAKER, Secretary

This has been the thirteenth year of service to Missouri Baptists for the Church Music Department. It came into being in June, 1950, with James Ferguson, who served two years, as secretary. Your present secretary has served for eleven years.

ASSOCIATIONAL WORK

The 1962-63 Briefing Meeting for planning meetings was held on August 28-29, 1962. Twenty-six music representatives were present. Training-Planning Meetings were held in 65 associations. Seventy-four associations elected or appointed directors for the Associational Music Ministry. Others enlisted to serve with these directors make a total of 292 music officers for our state. The 1963-64 Briefing Meeting was held on August 27-28, 1963. This fall, associational directors are conducting planning meeting in their own associations.

Two new projects are to receive emphasis in associational work. One is CHURCH MUSIC SURVEY, the other is CHURCH MUSIC EXTENSION. Briefly, each plan includes processes through which stronger music ministries share with those having less strength. The *Survey* will reveal good points as well as needs. In the spirit of friendly helpfulness these good things can be shared to strengthen music ministries. Implementation of the plan will strengthen *two* music ministries at the same time—one can not provide help without being helped. Every church has strong points. There is no church which has no needs.

On March 18-19 twenty-seven associational officers met in Jefferson City to discuss ways through which Associational Music Work could be strengthened. Main areas of discussion were the "Church Music Council," "Leadership Training," "Music Expansion Week," and "Churches With no Music Ministry."

Through the associational program there is definite evidence among Music Directors of a growing awareness of the values derived from the cooperative effort. Likewise there is a deepening concern for the growth and expansion of the state program as it seeks to meet needs of local churches through the Associational Music Ministry.

SOUTHERN BAPTIST CHURCH MUSIC CONFERENCE

(Meeting in Kansas City)

Kansas City and Missouri Baptists were hosts to varied areas of convention-wide work. The Southern Baptist Church Music Confer-

ence met at Calvary Baptist Church on May vary 6-7. Missouri Music Ministers, directed by Richard Lin, sang in the opening session. Ten choral groups participated in the five sessions of the conference.

The highlight of the entire conference was the presentation of "The Elijah" by the combined choirs of First Baptist Church of Springfield and Calvary Baptist Church,Kansas City. Russell Newport is Director of the Springfield choir. Edgar L. Nolte is Director of Calvary Choir. He was also Director of the Oratorio Choir. Soloists were: Rosemary Jackson, soprano; Mary Ellen Zorbaugh, contralto; Russel Newport, tenor; David M. Ford, bass. Twenty-six members of the Kansas City Philharmonic Orchestra accompained the presentation. Dwight Cobb directed tableau scenes which greatly enhanced the effectiveness of the Oratorio.

CHURCH MUSIC LEADERSHIP WEEK – WINDERMERE

Requests from church music leaders, intermediates and young people, as well as the highly successful Youth Music Workshop held on the campus of Hannibal-LaGrange College in 1962 led to plans for a very definite emphasis on *leadership* for the 1963 Music Conference at Windermere. Intermediates were urged to attend one of the workshops (music camps) held at Baptist Colleges in Missouri.

At Windermere Choral Workshops on two levels were conducted by Dr. William C. Bushnell, Southern Seminary, Louisville. Hugh T. McElrath led conferences on Hymnody with emphasis on interpretation of the message in relation to the music. Clifford A. Holcomb of the Baptist Sunday School Board directed workshops on associational work and conducted the evening worship services. Samuel E. Shanko of the Sunday School Board taught organ classes and accompanied choral workshops. Mr. Ronald K. Wells, First Baptist Church, Beaumont, Texas, directed Graded Choir Workshops on two levels. He also directed a Handbell Ringing Conference.

Splendid opportunities for training were afforded through classes and conferences in leadership methods and materials. Voice Classes, Sight Singing, Hymn Playing, Organ, and Song Leading are other opportunities that were provided.

Three hundred and thirty-three were registered for Music Leadership Week.

YOUTH MUSIC WORKSHOPS (CAMPS)

Music classes and conferences beamed to the interest of intermediates and young people were held at Southwest Baptist College, July 29-August 1, and Hannibal-LaGrange College, August 12-16. Thirty-nine were registered at Bolivar and 68 were at Hannibal, including faculty members. Each had the opportunity to attend three classes in addition to two choir rehearsal-workshops each day. Highlight of each conference was the Friday Evening Choral Service. John B. Hendrix directed the Bolivar workshop. Hugh T. McElrath of Louisville directed the choir. Don Herman and Edward D. Gilham, both of Kansas City, were directors at Hannibal.

MUSIC EXPANSION WEEK

In the past three years there has been a shifting of interest from September to August as CHURCH MUSIC MONTH. Reasons: School begins in September. Choirs begin rehearsals with renewed zeal in September. Plans need to be made in August. This trend led to establishment of the third week in August as MUSIC EXPANSION WEEK. The chief aim and purpose is music emphasis and expansion *in the local church*. Church Music Study Courses, choir reorganization, organization of new choirs, enlistment of director, accompanists and sponsors are a part of the program. Good reports have come from some of the churches that have used this plan.

CHURCH MUSIC SCHOOLS

Many opportunities have been afforded for training in the Church Music Ministry through associational and local church music schools. More and more churches as well as associations have conducted music studies to strengthen music ministries.

REPORTS

Convention-wide, the Church Music Department had a gain last year of 10.7%. 14,478 churches reported music ministries with an enrolment total of 791,477.

Every church should include the Music Ministry in its annual report to the asociation. We urge those responsible to see that this is done. Sincere appreciation and thanks to all church clerks for gathering and reporting information.

DEPARTMENT OF STUDENT WORK

M. ELGIN LEE, Secretary

During the past year, 3,849 college students were consistently enlisted in our 25 Baptist Student Union organizations and 150 were won to Christ. With some duplication, over 1,600 received full college credit for Bible courses in our Departments of Religion located in our six Baptist student centers adjacent to our state colleges and universities. This number does not include those auditing the courses but not receiving college credit.

Much of the credit for the progress of the student work in Missouri goes to the following campus Directors of Student Activities: Dr. Joseph McDonald and Rev. Hayward R. Barnett, Southwest Missouri State College, Springfield; Dr. W. K. Neely, Jr., Southwest Baptist College, Bolivar; Rev. Tom E. Bray, William Jewell College, Liberty; Dr. John C. EXHIBIT XVI

DEPARTMENT OF SUNDAY SCHOOL

ARTHUR R. HICKS, Secretary

The rapidly expanding population of our country at the moment stands at a little more than 185 million. The resultant multitudes of unreached, untaught, unenlisted people continued to present to Sunday school workers everywhere a staggering challenge and glorious opportunity. We are convinced that Bible knowledge is basic to a public morality which will meet the need of our day.

Sunday school work is a Bible teaching ministry. This is seen in the seven basic tasks of the Sunday school which are (1) to teach the biblical revelation, (2) to reach all prospects for the church, (3) to lead all church members to witness daily, (4) to lead all church members to worship daily, (5) to provide opportunities for the personal ministries of the church, (6) to provide organization and leadership for special projects of the church, (7) to provide and interpret information regarding the work of the church and the denomination. Simply stated, these seven tasks may be sumarized in four words—reach, teach, win, use.

To support these objectives, the State Sunday School Department conducts four programs—(1) a program of enlargement, (2) a program of evangelism through the Sunday school, (3) a program of training Sunday school workers, (4) a program of Vacation Bible school.

To implement these programs, the Sun-

day School Department enters into the following functions: (1) Annual Area Sunday School Conventions, (2) Sunday school work through the associational Sunday school organization, (3) Sunday School Week at Windermere Assembly, (4) Sunday School Weeks at Glorieta and Ridgecrest, (5) Special promotion of Church Study Course Category 17, (6) Vacation Bible school promotion, (7) Use of twelve Area Sunday School Counselors, (8) Conducting of Enlargement Campaigns, Leadership Clinics, Witnessing Campaigns, (9) Distribution of tracts, leaflets, and other free helps for Sunday school workers.

Missouri Baptist Sunday school enrolment currently stands at 354,000. This reflects a steady advance from 250,000 in 1950. More than 38,000 dedicated people serve loyally as Sunday school officers and teachers. For all this we are grateful; yet in Missouri there remains more than 70 per cent of the people unenlisted in any kind of systematic Bible study. To this task, therefore, of reaching these multitudes our department remains completely dedicated. For the continuing confidence, cooperation, and support of our Baptist people over the state, we are grateful.

While we look upon Sunday school activities as the spearhead for advance in all the work in a local church, we know that Missouri Baptists will make greater impact for God's kingdom as they strengthen every phase of the total denominational program. It is a pleasure, therefore, for the personnel of our department to pledge to our Executive Secretary, to our State Mission Board, and to all other departments and offices of our work our continuing cooperation and support with reference to our total denominational program.

DEPARTMENT PERSONNEL

Our department personnel continues to number four. Henry Arthur Selves, now in his fifteenth year in the department, continues to serve effectively as a full-time worker on the field. Chester A. Holley is now in his seventh year in our department and is effective always in all our work. His time is divided about equally between field work and office promotion. In her ninth year as office secretary, Mrs. Wanda Strobel (formerly Miss Wanda Blumhost) continues her very valuable service.

We are happy to list here the following state-approved and qualified workers, lay and ordained, who with others not named are sacrificially and nobly assisting our department in Sunday school work over the state: Mrs. A. W. Michael, Carrollton; Mrs. H. L. Bruns, St. Louis; Mrs. Ira Keeney, St. Louis; Mrs. Robert Prescott, Springfield; Mrs. June Smith, Farmington; Mrs. C. M. Allen, Independence; Mrs. Robert Dugal, Farmington; Mrs. Effie Armstrong, Springfield; Mrs. Wilma McCoy, St. Louis; Mrs. Walter Rusk, Joplin; Mrs. Frank Keeney, St. Louis; Mrs. George McClelland, Lebanon; Mrs. Lawrence Holzschuh, Vandalia; Orville McGuire, St. James; John Johnston, Waynesville; Mrs. O. C. Marsh, St. Louis; Roy S. Dinkins, North Kansas City; Harold Souther, Kansas City.

Our department is also deeply appreciative of the good services being constantly rendered by our Area Sunday School Counselors. Serving at present writing are Lawrence Holzschuh, J. D. Cooper, Don Stanley, B. H. Browning, J. L. Hall, Bill Thomas, H. L. McClanahan, Allard Garren, Grover Kagy. Three of the area counselor positions are at the moment open.

FIELD AND OTHER ACTIVITIES

We list a number of outstanding activities of the year followed in each case by a brief statement.

1. *Associational Central Sunday School Worker Training Clinics.* Our department led in the arranging for and participation in 6 such leadership training efforts. In these, 117 churches participated and enrolled 1,675 workers.
2. *Associational Sunday School Worker Rallies.* During the past year our department participated in 5 such meetings. A total of 38 churches were represented enrolling 238 Sunday school workers.

Our department personnel with the assistance of our Area Sunday School Counselors conducted 78 clinics. In the Sunday school section of these joint meetings, 822 Sunday school leaders registered. Five hundred and three of these were associational Sunday school officers. These figures show progress from 75 clinics, 627 total enrolled, 364 associational Sunday school officers in the fall of 1961.

4. *State-wide Bible Teaching Clinic in Kansas City.* One morning session and two evening group sessions were held daily for five days. A total of 1,050 workers enrolled coming from 38 churches and missions.

5. *Annual State-wide Vacation Bible School Clinic.* This meeting was held in February in Jefferson City. Seventy-six associations were represented with an enrolment of 783 workers. Workers from our Iowa missions were present.

6. *Associational One-Day Vacation Bible School Clinics.* Seventy-seven of our state's 82 associations conducted a clinic in March or April. Our department personnel conducted personally 49 of these clinics. Altogether, in Missouri and Iowa, 84 clinics were held. In these a grand total of 1,227 churches participated enrolling 7,904 VBS workers.

7. *Vacation Bible School Clinic at Southwest Baptist College.* For a number of years our department has been happy to conduct a two-day Vacation Bible School Clinic for students at Southwest Baptist College. Two consecutive chapel services are used together with one night session.

8. *Summer Worker Vacation Bible School Program.* A three-day training clinic for summer VBS workers was held in Jefferson City in May. Through our department, 22 students served in the summer mission program. Four of these came into Missouri through the Home Mission Board's cooperation with us. Last year (1962) a similar group of students enrolled 7,346 pupils and faculty over the ten week's time of the program. They reported 248 professions of faith and a grand total of daily mission offerings of $1,668.90 was given to World Missions through the Cooperative Program.

9. *Joint Associational Officers' State-wide Leadership Conference.* In March Missouri's Second Annual State-wide Joint Sunday School, Training Union, Church Music Associational Officers' Leadership Conference was held in Jefferson City. The meeting was sponsored by the three state departments and the Baptist Sunday School Board. A total of 136 enrolled. Forty-three associational Sunday school officers were present.

10. *Pastor-led Associational Sunday School Enlargement Campaigns.* Within this past year our department has led in the arranging for 9 of these campaigns. They were held in Kansas City, Texas County, Reynolds County, Harmony, Mt. Pleasant, Pulaski, Lamine, Barton, and Mt. Zion Associations. A total of 86 churches participated.

11. *Sunday School Leadership Week at Windermere.* At the writing of this report (June 11) final plans are being made for our 5th annual Sunday School Week at Windermere. Dr. R. G. Lee will preach. Clifton J. Allen will lead the Bible Hour. A record enrolment is expected.

12. Sunday School "Action Night." This associational meeting held early in September annually is growing in popularity. In 1962, forty-eight of our 82 associations held this meeting. We are giving "Action Night" vigorous promotion from our offices.

13. *Standard Units.* During the 7 months of the current Sunday school year (October through April), a grand total of 77 Standard units have been reported from our churches. This includes 13 Standard Sunday schools, 14 Standard departments, and 50 Standard classes.

14. *Sunday School Training Awards.* For the first 7 months of the current Sunday school year (October through April), Missouri church workers have earned a total of 35,221 awards in the Church Study Course. Of this total, 8,760 awards were in Category 17 (Sunday School). This is to be compared with 10,980 awards in Category 17 for the same period one year ago.

15. *Miscellaneous Engagements.* Our department personnel as always has had a very busy year with engagements of every type. These include one-night training clinics in churches and associations, speaking engagements in colleges, retreats, homecomings, stewardship revivals, pulpit supplies, revival campaigns, worker commencement programs, pastor-led enlargement campaign preparation meetings, together with many special conferences in our office and on the field.

The Training Union enrolment reported in 1962 is 107,948. This is an increase of 175 over 1961. The number of Training Unions is around 1,327. This means that around 475 churches do not have Training Unions. We have had 19 churches or missions to organize unions since October 1, 1962.

The regular Training Union Week at Windermere attracted 439 registered guests this year plus several more, not registered, who came in for one day to special features. Dr. Gerald T. Smith, First Church, Sikeston, brought our message each evening. Dr. Joseph T. McClain, Maywood Baptist Church, Independence, brought the Bible lessons. Mr. Harvey T. Gibson, director of administration, Nashville, Tennessee, led conferences for general officers. We had our first Youth Convention at Windermere this spring with 678 registered and 61 came on Saturday making 739. Over 1,000 requested reservations.

The state Intermediate Sword Drill and Young People's Speakers' Tournament was held at Windermere during the Youth Convention. Each association could enter one intermediate and one young person. The total attendance was 1,041 with 268 church represented, 160 pastors present, 105 directors present, 26 associational directors present, 29 superintendents of missions present and 67 associations represented

There was a good response to our second Associational Officers' Planning Meeting last fall. There was more understanding as to our purpose. We had 79 associations to participate.

The following associations were assisted by the department in Central Schools or Pastor-led Enlargements: Greene County, St. Louis, Miller County, St. Joseph, Lafayette County and Black River.

From October, 1962-August, 1963 the number of awards earned in Category 18 (Training Union methods) was 2,248. This is from 81 associations.

EXHIBIT XVIII

DEPARTMENT OF WOMAN'S MISSIONARY UNION

MARY O. BIDSTRUP, Secretary

Woman's Missionary Union of Missouri works to help every local church to promote Christian missions through a program of mission study, prayer, community missions and stewardship. This is done through efforts to enlist our women and young people not only as members in WMS, YWA, GA and Sunbeam Band but, as members, to enlist them in full participation in the work of these organizations.

A new book entitled *World Awareness* has recently been released by Convention Press for reading and study by members of Woman's Missionary Societies. The title of this book is far-reaching in meaning and is another way of interpreting a real purpose of Woman's Missionary Union. We need to be aware of our world and its needs. Through our plans and activities we work toward that end.

During the latter part of December and the first part of January we found it interesting to check reports and applications on Aims. The following record indicates a larger number of organizations doing better work than the previous year:

	1961	1962
HONOR ORGANIZATIONS		
Woman's Missionary Society	35	54
Young Woman's Auxiliary	13	21
Girls' Auxiliary	96	165
Sunbeam Band	23	54
ADVANCED ORGANIZATIONS		
Woman's Missionary Society	104	163
Young Woman's Auxiliary	18	37
Girls' Auxiliary	79	174
Sunbeam Band		
There is no Advanced level of achievement in Sunbeam organizations		
APPROVED ORGANIZATIONS		
Woman's Missionary Society	95	168
Young Woman's Auxiliary	10	28
Girls' Auxiliary	137	201
Sunbeam Band	43	111

Perhaps an explanation of the meaning of Honor, Advanced and Approved needs to be given here. Our WMU organizations have Aims. Under these Aims there are objectives and electives which they strive to reach during the church year. Honor, Advanced and Approved indicate the level of achievement attained over a period of a year.

During the WMU 75th Anniversary Year and the GA 50th Anniversary, we have had Anniversary Goals. These goals have helped to strengthen the implementation of our Aims and also the Jubilee Goals which were set up for the 5-year Jubilee period. As this report goes to print, it is too early to have the 1963 reports on Aims and Anniversary Goals reached.

Below are reports of our churchwide mission offerings:

STATE MISSIONS	1961*	1962*	1963**
State Mission Offering	$ 9,186.93	$ 10,756.02	
Other designated gifts for State Missions	73,714.14	91,983.07

Total		$374,682.02	$435,366.77

* Calendar Year
** Too early to report 1963 Offering

Although these figures indicate an increase, we are distressed because we did not reach our offering goals last year. In fact, Missouri, in comparison with other states, ranked lowest in the percentage of increase in the Annie Armstrong Offering. But let us not be defeated; instead, let us accept this as a CHALLENGE to increase our gifts. These

offerings are over and above our tithes and offerings to our churches and if we want to experience a real joy in our Christian living, we will need to bring both tithes and offerings to His storehouse.

Interest on the part of our WMS membership throughout the state was evidenced when we mention that we had two GA Queens' Courts instead of one with an attendance of 560; and three YWA Houseparties instead of two with an attendance of 844 in 1963. Our annual WMU Meeting registered 1,682. We chartered six buses to take GAs and their leaders to the GA Convention in Memphis, Tennessee. A total of 941 from Missouri was registered at this GA Convention which indicated many groups planned their own transportation.

This past summer two chartered buses of YWA girls attended the YWA Conference at Glorieta and one bus was chartered to provide for the women to attend the WMU Conference there.

In the office day by day, general office routine was the procedure. The following pieces of mail went out from our office:

First Class Mail	10,975
Third Class Mail	13,145
Permit Mail	57,657

CAMPS were a highlight of our summer activities, both associational and state. The summer of 1963 was our first attempt to provide 4 weeks (instead of 2) of state camps for Girls' Auxiliary members; and two YWA weekend conferences instead of one. Our WMU Week at Windermere was so planned that the first part of the week was for associational leadership only. This proved very worthwhile and an attendance of 305 was registered The remainder of the week was planned with duplicate programs to provide for two other groups of women. During the week a total of 1,133 were registered.

In addition to our state camps, our department provided four approved workers for associational camps making requests for these workers. The four workers served a total of 21 weeks during June, July, and August. These workers were: Betty Bock, Beverly Goss, Mona Brown and Elizabeth Ann Michael.

To lay basic plans for camping, four regional camp clinics were held early in the year. The purpose was to train workers for both associational and state camping experiences.

The planning and implementation of these plans have required many people. We are grateful for the personnel in the department: Mrs. A. B. Constantz, WMS Director; Miss Martha Fellows, YWA-Sunbeam Band Director; Miss Rosetta McIntire, GA Director; and our office secretaries, Miss Bonita Gruner and Miss Vernell Williams; and to the many coworkers throughout our state that have been faithful in service.

Through the many activities during the year, emphasis was given to World Awareness that each individual might know her world and feel that she can have a real part in our great world mission task of Christian witnessing.

EXHIBIT XIX

BAPTIST MEMORIAL HOSPITAL

HAMILTON V. REID, Administrator

On the western side of the state, Missouri Baptists are now operating a 300-bed general hospital providing care for persons from a wide area of the state, and many from out of the state. Since the last meeting of the State Convention the four top floors of the hospital have been completed and placed in full use. This completed construction provided 150 new beds within the hospital thus bringing the full bed capacity of the hospital up to 300. New facilities completed provide additional beds for surgical patients, medical patients, pediatric (children) and self care. These new facilities have tremendously expanded the total scope of patient care in the hospital.

With the addition of the "Self Care" nursing unit, your hospital provides for the patient the special facilities needed according to the seriousness of their illness. The intensive care unit, opened last year, provides a special facility with concentrated nursing to provide the best possible care for the very critically ill. Concentrated equipment and skilled personnel naturally mean a higher cost to operate this life saving unit.

The regular nursing units provide the intermediate care areas for those patients who are not critically ill but are bed ridden. The

new Self Care Unit provides a nursing area, at a lesser cost, for those patients who are not bed ridden, who can care for themselves with a minimum amount of nurses' attention. The patients may be convalescing from a previously serious illness or they may be in the hospital for diagnosis studies. In any event, hospital facilities can be provided for the patient at a cost determined by the seriousness of their illness.

The 35-bed children's floor contains many unique features especially designed for better care and the convenience of the child and parent. This nursing unit has greatly improved the care of children in the hospital.

We must pay special recognition to two fine groups of people who have done much for the hospital during this past year. Our Women's Auxiliary, with a total membership of over 800, performed an outstanding feat in raising $25,000 in approximately eight months to furnish and equip the entire children's floor. Over 400 volunteers from the Auxiliary have provided over 33,000 hours of Volunteer service time for the benefit of the hospital. This is a most enthusiastic and hard working group of women with only one thought in mind—helping the hospital.

The Honorary Board of Governors (men's organization) now has a membership of over 350 men representing an outstanding cross-section of the community. Durng the year this fine group has contributed over $10,000 to purchase expensive technical equipment for the hospital.

The first student was graduated from the formal training program of X-ray Technology during the year. This was the first student to complete a formal training program since the hospital opened. Also, in affiliation with the Kansas City Public School System Vocational Training Program, the hospital now has an active program to train licensed practical nurses, Twenty-three students are now enrolled in this program.

Increase in the number of beds has brought about an immediate need for expansion of several service departments. Plans have been approved and work is underway to expand the Laboratory Department. Plans are now being prepared for expansion of the X-ray Department and operating rooms. These expansion programs will cost approximately $300,000.

During the past twelve months, 11,300 patients were admitted to the hospital and there were 1,900 babies born. Over 14,000 outpatients received treatments in the emergency rooms or other out-patient facilities.

Chaplain John Galloway, the hospital chaplain, continues a very active program of patient visitation and counseling. It is interesting to note that approximately 25% of the patients admitted to the hospital are Baptist; 14% are Catholic; 13% are Methodist; 10% are members of the Christian Church; 19% are of other Protestant faiths; 8% are Presbyterian; 5% are Lutheran; 2% are Episcopalian; 2% are Jewish; and 1% profess no church preference. When patients are admitted their church is notified by the chaplain's office regardless of faith. A close working relationship is maintained between the chaplain and all clergymen of the community. In the fall, a one-day seminar is planned at the hospital on the clergy's ministry to the ill. The seminar is sponsored by the hospital, the Baptist Hospital Association and the Baptist Hospital Chaplain's Association. This seminar is open to all Baptist ministers in the community.

Your hospital in Kansas City is constantly striving to improve its level of patient care and maintain a Christian atmosphere of a caliber that Missouri Baptists can constantly be proud.

HOME FOR AGED BAPTISTS

JOHN H. BURNEY, Superintendent

Seventy-one aged and infirm Baptists have been added to our Home family during the year. This is by far the largest number ever received in a single year during the Home's fifty-year history. These have come from all areas of the state, and represent almost all major vocations and callings. One thing they have in common—all are Baptists and professing Christians. Thus our 146 members, whose ages average more than 83 years, enjoy a unique blessing as they fellowship together in the spirit of Christ.

We call attention to the fact that this completes fifty years of the Home's ministry. It is the oldest home for the aged in the Southern Baptist Convention, and it is second in

size among the fourteen other homes now operating in the Convention. It has a long and glorious history, and from the beginning its prime objective has been to care for those members of Baptist churches who because of advanced years and unfavorable circumstances find themselves in need of a home. Through the years its capacity to serve has been increased and extended, but its prime objective has not changed.

We are most happy to announce the completion of our new building. This lovely new addition stands as a monument to the prayers and labors of a great many people. May God's name be praised for bringing it to a successful completion. The entire debt is slightly under $50,000. Members of the Home who are most able have been given rooms in the new building. This is done because of the conveniences it affords. Ramps and low risers on entrance steps make it easier for ambulatory members to go in and out, and the landscape with walkways can be enjoyed more fully by such members. Likewise the living rooms with built-in closets and adjacent rest room facilities can be utilized by ambulatory members. The more helpless of our number will continue to be cared for in the older building. This keeps operational costs at a minimum because under such an arrangement the new building does not have to be fully staffed with nurses. Also better care can be given the helpless when our work is organized to care for all of them in one building.

The Home's staff now numbers fifty full-time employees. This included 30 in the nursing department and 9 in the food service department. Eleven carry on the work of the office, public relations, the beauty parlor, the farm, maintenance of buildings and grounds, heating, laundry, etc. These people are devoted to their work; and although higher pay might be found elsewhere, most of them have remained with the Home for a number of years. We think no institution could assemble a finer staff than the men and women who carry on the work of the Home.

The beautiful and spacious buildings with the scenic landscape make a first impression, but the lasting impression for those who visit the Home is the cheerful atmosphere and radiance of spirit among the Home's residents. The spiritual life is nurtured by regular preaching services, prayer meetings, Sunday school, and many other types of programs. We feel that the spiritual life of the Home distinguishes it from other similar institutions.

God has blessed the work financially. Through the Cooperative Program we received $75,050.79, which was slightly more than the year before. Income from the Endowment, receipts from applicants entering the Home, wills, and special gifts account for the balance necessary to carry on the work. Operating costs for the year totaled $172,090.73. Necessary major repairs and improvements amounted to $1,773.12, making a total of $173,863.85. This placed the cost per person per month at $120.75. In view of the large number requiring constant nursing care, we feel this is a very conservative expenditure. It is well below the cost in most Homes rendering a comparable service. Any funds not needed for operating the Home were added to the Building Fund month by month.

EXHIBIT XXI

MISSOURI BAPTIST CHILDREN'S HOME

EDGAR E. BLAKE, Administrator

A more "homelike" atmosphere than ever before has been developed at the Missouri Baptist Children's Home this past year. This was done by making each cottage a complete unit and closing the central dining room. Now all of the activities, including meals, are centered around each cottage.

In addition to the improvement in the Cottage program, another major step was taken by the Board. In answer to requests from members of Southern Baptist churches in Iowa, the Home will now place a child for adoption with Baptist families in that state.

Several other good things have happened at the home this past year. For example two of our young people were selected for honors—a senior girl was voted the most talented one in her class of 164 students, and a junior boy made the highest grade in his class on the National Merit Scholarship Test. Four high school seniors were graduated. At the present time there are six students enrolled in college.

During the past year there have been a total of 432 boys and girls cared for through the total ministry. Of this number 174 are in foster homes and 59 in pre-adoptive homes. In addition there were 57 adoptions completed.

Health of the boys and girls continues good. There has been very little serious illness in any cottage.

For the second year in a row, response from the Thanksgiving offering has been good. Without this supplemental income the Home's ministry would of necessity be considerably reduced. Cooperative Program receipts continue to be the Home's largest source of income—about 24 per cent of the total. Birthday offerings are important and are the third largest single item of operational funds.

This past year the Home was remembered in seven wills for a total of $12,963.88. Unless otherwise designated these funds are divided between our Endowment program and operational budget. These wills mean much to the Children's Home.

Because of your prayers and support, many boys and girls were given love and care who had no other place to go. Let each of us show our love for Christ by showing our concern for these in need of help.

EXHIBIT XXII

MISSOURI BAPTIST HOSPITAL

ROBERT GUY, Administrator

After completion of a little more than a year of service as administrator of Missouri Baptist Hospital in St. Louis, it is a joy to greet Baptists all over this fine state on behalf of our hospital.

The activity which has consumed by far the greatest amount of time and effort during the year is the planning for the new Missouri Baptist Hospital now under construction on Ballas Road at Highway 40 in St. Louis County. About $75,000, including the cost of the land, has already gone into the sewer system, excavation, piers, steel fabrication, and planning. At the end of June bids for the foundation work were opened and contract let. It is planned that early in September structural steel work will begin. We should occupy our new facilities late in 1965.

Because our fiscal year ends on June 30, we are unable to report a full year's activity at this time; statistics quoted are for the first eleven months of our fiscal year. In this period we cared for 8,750 patients who received 89,748 days of hospital care at a daily cost of $34.28. Our free care for the period amounted to $160,456.

We rejoice in the fact that we are able to give capable young people a Christian atmosphere in which to prepare for service in medically related professions: In our School of Nursing 52 students completed their training and the present enrollment is 108; in our Schools of Medical and X-Ray Technology, five students completed their training and the present enrollment of these schools is seven; twelve physicians have completed their clinical training as members of our house staff and presently there are 18 enrolled in this training program. During the past year an affiliation was established with the Southeast State College at Cape Girardeau whereby students who have successfully completed three full years of college work may receive their degree after an additional year in our School of Medical Technology.

Rev. James E. Lockhart, our hospital chaplain, has had a tremendously busy year in ministering to the spiritual need of patients and hospital personnel. In addition to his usual tasks of visiting and counseling patients and their families, teaching Bible in the School of Nursing, directing the chapel services, frequently serving as pastor for hospital employees and students, and coordinating the religious activities of the hospital and its schools, he conducted a Clinical Pastoral Institute last fall in which 88 pastors participated; and this sumer offered the first of our annual 12-week summer courses in Clinical Pastoral Training for which seminary credit may be received.

While we regret losing Miss Marylu Moore, who had been religious counselor and social director for our School of Nursing for about three years, we rejoice in her appointment as a missionary to Italy. Miss Moore left Missouri Baptist Hospital the first of June in preparation for her new field of service. And we were thrilled, too, that Miss Eva Dunning, a graduate of our School of Nursing who had been working at the hospital part time while attending Washington University, was ap-

pointed summer missionary to Indonesia. Miss Dunning left Missouri Baptist Hospital early in June and will return in September.

The Volunteer Service Program has been a tremendous help to our hospital, and we believe that this has been an excellent service to the community also. Particularly is this true in our program with the Candystripers and Checkerettes (Teenage volunteers) who, in addition to the service they perform here, are given valuable help in planning their careers.

Each day we come to a fuller realization of the challenge that is before us as we seek to serve in the healing ministry in this area. We are grateful for the interest and prayers of friends all over this state and covet your continued support.

EXHIBIT XXIII

HANNIBAL-LaGRANGE COLLEGE

L. A. FOSTER, President

Hannibal-LaGrange is glad to report a record enrolment of 435 for the past year. Of this number 284 were men and 151 were women. Thirty-four young men were preparing for the ministry. A total of 61 students were planning for church-related vocations, and 86 expected to major in education and become teachers. Ten states and seven foreign countries were represented on our campus. Combined summer term 1962 and regular term 1962-63 (duplicates excluded) reached 435 (13 specials) compared with 373 for the same period last year.

Hannibal-LaGrange Extension Center

For the past four years the Hannibal-LaGrange College Extension Center, extension of the college, has been conducted in the activities building of the Tower Grove Baptist Church, St. Louis. Enrolled at the Center last year were 193 Freshmen, 78 Sophomores and 19 specials, making a total of 290, though many of these were past-time students the full-time equivalent was approximately 169. Dr. Rufus Crozier is the Dean. The Center is to continue until such time as a Baptist College in St. Louis can be organized. Fall enrolment at the Extension Center increased substantially over last year.

Faculty and Staff Changes

Mr. Olen G. Bradshaw, who has been with the Commerce Department the past six years resigned this spring to continue graduate work toward a doctor's degree. He has been replaced by Mr. Larry Jones, a young Baptist layman who will arrive the last of August. Mr. John C. Frantz, who has been Director of Admissions the past three years, resigned to assume the pastorate of the Linnwood Baptist Church, Kansas City. Mr. Phil Kepley, formerly Director of Student Activities at the College will become head of the Department of Admissions, September 1st. To fill the vacancy created by the shifting of Mr. Kepley to the Department of Admissions, Mr. Don Dehner has been employed and will assume his responsibilities September 1st. Ronald Ayer, who has completed a substantial amount of his work toward a Doctor's degree in Chemistry, will join our Science faculty in September. This additional member of the Science faculty has been made necessary by our increased enrolment. We are grateful for the splendid service rendered the College by these two men who felt it wise to move to other responsibilities. We are likewise grateful for the three fine laymen who will soon take their places.

Religious Activities

All religious activities were under the direction of Mr. Philip Kepley. Chapel services conducted three times each week brought to the campus many pastors, denominational leaders, and other prominent speakers. On campus religious activities were student led and promoted.

The Traveling Choir under the direction of Mrs. Wayne Lewis, composed of twenty-four choir members and accompanist, traveled 766 miles and sang for approximately 7,000 people in some twenty key cities in the state and singing at high schools and churches.

Under direction of Mr. Kepley the student week-end revivals traveled nearly 4,000 miles conducting 99 services, with a combined attendance of over 5,000. Forty-seven known decisions came as a result of their work. Seventy-eight individual students participated in the program. The annual Religious Focus Week on the campus was led by Mr. Elgin Lee, Secretary of the Department of Student Work at Jefferson City, Missouri. The other

members of the team were Ronald Ham, former pastor in Melbourne, Australia; James Jensen, Physicist, U.S. Bureau of Mines Research Project Coordinator at Rolla, Missouri; Bill Krisher, Associate Director of the Fellowship of Christian Athletes, Inc., in Kansas City, Missouri; Don Kennedy, an Attorney at Law in Nevada, Missouri; and Floyd Crenshaw, graduate student of Vanderbilt University, Nashville, Tennessee.

Featured Events of the Year

The 21st annual Booster Banquet was held on the evening of November 20 with Dr. Herschel Hobbs, immediate past President of the Southern Baptist Convention, guest speaker. There were 703 guests in attendance with gifts from friends amounting to $8,203.75.

Our commencement speaker this year was Dr. H. Guy Moore, William Jewell College, Liberty, Missouri. One hundred eighteen received diplomas. The annual Freshman Parent's Day was December 7, 1962 with excellent attendance. A similar day for parents of sophomores was held April 19, 1963. Both of these annual events are proving exceedingly helpful.

Looking Ahead

The New Dormitory for women will be finished in time to be occupied this fall. Most of the spaces are already taken. The Executive Board of the Missouri Baptist Convention has authorized Hannibal-LaGrange to begin plans for two new buildings, a Library Building and a Science Building. These are critical needs which we should have met several years ago. The working drawings for these two new buildings should be ready within a year. Next year we hope to be able to say in this report that ground has already been broken.

We are deeply grateful to every Baptist in Missouri for continued support through the Cooperative Program. This is our lifeline Our underlying purpose is to be true to the aims involved in Baptist Higher Education, and to Missouri Baptists to whom Hannibal-LaGrange belongs.

SOUTHWEST BAPTIST COLLEGE

ROBERT E. CRAIG, President

On May 17, Southwest Baptist College completed its 85th year of serving Christ's cause in educating Christian young men and women. This has been a busy and fruitful year, physically and spiritually.

Two outstanding revivals were held on the campus with Dr. Fred Wood of Memphis, Tennessee holding a revival in the fall and Dr. Earl Harding leading in a spiritual emphasis week in the Spring. Several of the lost were saved and many other decisions were made for the cause of Christ.

Bolivar citizens helped the college secure 102 acres on which a new dormitory for men and a new field house have been erected. Construction on the new fine arts building has started. This building should be completed by the Spring of 1964. These new physical facilities will strengthen our academic program. The college must raise over $220,000 for the erection of these buildings. Four two-bedroom apartments, and four three-bedroom houses for faculty housing are now completed and occupied. A new president's residence has just been completed.

On August 17, 1963, the dormitory for men and the field house were dedicated. Dr Harold Haswell, Director of the Higher Education Programs Branch, Department of Health, Education, and Welfare, Office of Education, Washington, D. C., delivered the dedicatory message.

Regular Students	481
Special Students	58
Total Enrollment	539
Ministerial Students	85
Other Christian Vocations Students	92
Elementary Education Majors	60
High School Education Majors	64

The summer school enrollment for 1963 was 112. This is a 24% increase over the summer school of 1962.

This fall the College will establish an In Service Training Program for Ministerial Students and other students planning for religious vocations. The purpose of this program is to strengthen our church vocational students in their relationship to the Missouri and Southern Baptist Conventions. The Home Mission Board is assisting in this project.

The Baptist Student Union ranked First Magnitude for the 29th year. The chapel

programs were led by denominational leaders, pastors, and Southern Baptist missionaries. The religious organizations promoted opportunities for service in the community. The revival teams served in many churches. The ministerial students are pastors of many Baptist churches in this southwest area of Missouri.

The annual Life Service Awards were granted to: Rev. Russell Locke, Southern Baptist Missionary, Owerri, Nigeria, Africa; Dr. Robert Sherman, Professor of Biology, North Texas State University, Denton, Texas, and Dr. Harold Sanders, Executive Secretary, General Association of Baptists in Kentucky, Middletown, Kentucky.

The College Choir Tour included concerts at four high schools, and six churches in the St. Louis area.

Six of our students served as summer mission workers under the Home Mission Board. Several other students served associations and state mission boards.

Our main desire at Southwest Baptist College is to serve Christ and have a Christian campus. All that we do, we feel, should be done for the glory of God. We need your support, your young people, and your prayers.

We want you to visit the campus and witness first hand our new buildings and the construction which you as Missouri Baptists have made possible.

EXHIBIT XXV

WILLIAM JEWELL COLLEGE

H. GUY MOORE, President

Missouri Baptists are committed to the cause of higher Christian education. That decision was made soon after its organization as a General Association in 1835. In 1843 Dr. William Jewell, a physician of Columbia, Missouri, made an offer of land valued at ten thousand dollars to be used for buildings and endowment for a Baptist College. The offer was accepted in 1848. The legislature granted a charter which was signed by the Governor on February 27, 1849. After "animated debate," the decision was reached to locate the new college at Liberty, Missouri, the County seat of Clay County. On January 1, 1850 the doors were opened to the first students and Missouri Baptists were in the business of Christian education.

The way since then has been marked by many difficulties. The College has lived through three major wars. Caught in the border conflict of the Civil War, it was forced to close its doors briefly. It has struggled through the lean years of economic depressions. It has not been without its conflicts that often destroy or greatly hinder colleges with religious affiliations. Through it all, however, there have been those among Missouri Baptists and others who have given their leadership, their prayers, their financial support to assure not only its survival but its growth, Because of that it stands today as one of the leading Liberal Arts colleges in America.

This academic year—1963-64—it will have opened its doors to 1,020 students: 198 in Summer School and 911 in the Fall Semester. All of the rooms in the three girls' dormitories are full with some living elsewhere. The new Married Student Apartments are almost all taken and there are only twenty vacant rooms in the two boys' dormitories. The slight decrease in enrollment this year is in the area of commuting students due in some degree to Kansas City University becoming a state institution. We get some idea of the support Missouri Baptists give to their senior Baptist college when we discover that 737 of these students come from Missouri and 508 of them are Baptists.

It is not, however, just for Baptists or Missourians. We are grateful that William Jewell is committed to receive students who qualify regardless of race, nationality or religion. There are represented on our campus this year 32 different states and 5 foreign countries — Argentina, Australia, Germany, Iran and Iraq. There are also Oriental and Negro students who are, of course, Americans. In addition to Baptists, there are 17 other religious affiliations and those who express no preference. The presence of all of these young people not only bring something worthwhile to our campus, they offer us a challenge to demonstrate the Christian way of life and an opportunity to share Christ with them.

Not only have Missouri Baptists sent their sons and daughters but they have sent their gifts. William Jewell received last year from the Cooperative Program $171,962.82. Our portion of the College Campaign Fund con-

tributed thus far has amounted to $80,000 plus $1,329.25 designated for William Jewell. It is our sincere prayer that the Convention will approve $75,000 for the endowment of the special room for the Missouri Historical Society's valuable documents in our new library.

Missouri Baptists met the challenge to provide a college of excellence and Christian leadership more than a century ago. We have every confidence that they will not fail as we move into this explosive, expanding space age.

While the need for highly trained technicians has increased and the scope of knowledge has expanded to staggering proportioins the need for a basic education in the arts, in history, in literature, in the humanities, in the physical sciences has not diminished. The Chairman of International Business Machines Corporation said recently in Washington, D. C.: "I have spent thirty years of my life working with machines and owe my livelihood to this pursuit but my imagination was stirred, my life has been motivated, my goals determined from the study of the humanities and the social sciences."

As a Liberal Arts college our responsibility is to give to the technical, the professional, the political, the social–indeed the total life–educated men and women.

More than that, as a Christian college we are committed to give them a sense of the true values in life, and understanding of the nature of man and his responsibilities of his fellowman, an awareness of the sovereign and redemptive purpose of God revealed in Jesus Christ. Above all we must give to this kind of age a new quality of Christian manhood and womanhood that can come only from a transforming encounter with Jesus Christ.

In order to do this–that is, provide a Liberal Arts education second to none and provide Christian influence conducive to Christian commitment– we shall need resources to attract, to keep and to continue to train an outstanding faculty. As all of us can testify this is the heart of any educational institution. We must provide the material equipment that will enable us to house and train our students–dormitories, classrooms, laboratories and libraries. William Jewell College is now in the process of providing one of these long overdue. Our library, fully equipped and designed to serve for the next half century will cost well over a million dollars. We shall need more money to finish the job.

We are also committed to provide Christian leadership in administrative and faculty personnel and to provide a wholesome Christian atmosphere on the campus, to confront the students with outstanding Christian personalities and experience of working through the chapel services, to encourage them to be active in their local churches and participate in Christian service through such organizations as the YWA, BSU and Ministerial Association.

We do not claim to have achieved. We hope we never shall. But we do strive to lay hold upon that purpose for which William Jewell College was founded and continues to serve in this generation.

We do purpose by God's grace and your help to move forward.

EXHIBIT XXVI

REPORT OF THE CHRISTIAN CIVIC FOUNDATION

O. R. Shields, Executive Director
6648 Clayton Road, St. Louis

For the sixth time in as many years we come to report to the Missouri Baptist Annual Convention. In a very real sense I consider myself and the organization I represent a part of the total program of Missouri Baptists. We are thankful, far beyond our ability to express, for you and your interest in, and support of the ministry of the Foundation. We have tried to render real service. This past season I drove more than 22,000 miles getting to the local associational meetings, not only to get the message of our work to the people, but to help strengthen the work of the Convention.

Four words speak to us in times like these to demand our attention:

OPPORTUNITY

Every segment of our society is crying for the documented and factual truth about beverage alcohol. The climate in the state has changed. I do not know of a section that is not open to a well organized and efficiently

promoted Alcohol Education program. We must reach not only the people in our churches, but those who are not there and teach them in such a way as to keep their minds open to the truth about what alcohol is doing to our society.

CONCERN

I am araid it is later than we think. Major denominations are becoming aware that their members drink. It might shock all of us if we actually knew how far alcohol has saturated our entire society, including the membership in our Baptist Churches. A recent survey indicated the largest rate of increase in alcohol consumption in our Nation was in the area where our Southern Baptist Convention is the strongest. In the light of recent development I recommend to this Convention that we never let there be a doubt as to the attitude of these messengers toward drink—that we state again our position as set forth in the Church Covenant: "To abstain from the sale and use of intoxicating drinks as a beverage and to be zealous in our efforts to advance the Kingdom of our Saviour."

REDEDICATION

The Christian Civic Foundation is rededicating itself to providing a progressive and effective program in the area of civic righteousness. We re-dedicate ourselves to keeping you informed on issues in this state, and in our national Capitol. While our primary concern is alcohol, other issues demand attention—for example, we haven't seen the last effort to get tax money for Church-supported Educational Institutions in this state. As the primary elections come up in August we will do our best to inform the people of Missouri of the stand of every candidate on the implied consent law, and separation of Church and State and tax money for religious institutions. WE SHALL NEVER ATTEMPT TO TELL ANY ONE ANY WHERE, HOW, OR FOR WHOM TO VOTE. But we must give you information as to the stand taken. Christian people of the state will do the rest.

SUPPORT

We cannot fight a million dollar battle with nickels. We cannot stop until every church in Missouri has the Foundation in the budget, sending contributions monthly. Even if the Foundation had all the money it could ever use, every church would still need this program in the budget. You cannot afford not to have a part in such urgent and effective work. We have an annual budget of some $70,000. Actually, to take advantage of bare minimum opportunities for service we need three times that much. I KNOW this is the Lord's work, and BELIEVE when the Christian people of this state know what the need is, and what we are trying to do to meet that need, they will provide the needed finance.

May the Lord bless you all and lead you personally to say, with Joshua, "As for me and my house, we will serve the Lord."

REPORT ON OBITUARIES

Roy Johnson; J. A. Bryson; J. E. Rains

"In my Father's house are many mansions: if it were not so I would have told you. I go to prepare a place for you. And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also."—John 14:2, 3.

As we come to the end of another Convention year, our hearts are saddened as we are reminded of the loss of our loved ones who have "gone home" during the year. Many of our stalwart Christians and brave and faithful members have closed their work on this side and have begun anew in a better land where "God himself has wiped away all tears from their eyes and where there shall be no more death, neither sorrow nor crying, for the former things, for them, have all passed away" Our loss is Heaven's gain. While we call to our minds the happy experiences we had with these loved ones we are reminded that they are now enjoying experiences with God and His son that we look forward to with expectant hope.

"And I heard a voice from heaven saying unto me, Write, Blessed are the dead which die in the Lord from henceforth: Yea, saith the Spirit, that they may rest from their labors and their works do follow them."

—Revelation 14:13

REPORT ON RELIGIOUS LITERATURE AND PUBLICATIONS

Medford E. Speaker, Chairman; Don Momberg; G. D. Parrack

We are saddened by the facts concerning illiteracy, and well we should be. Today in our world three out of five people cannot read. Out of every 100 adults in the United States, eleven cannot read. These are appalling facts, and yet just as appalling is the fact that a great number of Baptists today, who have the ability to read, do not choose to read. Some who do read fail to use discrimination in the choice of reading material kept in their homes and offices. We as Baptists are blessed with an abundance of inspiring, educational, rewarding reading material, and all of us should be grateful. We believe that it is the duty of the church and home to assume full responsibility for instructing and training our youth, and adults, in Christian truth. We feel that the dissemination and application of biblical knowledge in all ar of life is the most urgent need we face. T this end we recommend that we intensify o study of the Word of God and our use the excellent publications of our denomin tion.

Today the world is at our doorstep. Mo than ever we need to be informed on curre events to enable us to channel our resourc to meet pressing needs. What better w could be found to gain up-to-date inform tion about missions than *The Commission* a *Home Missions*? Our own state paper, *Word and Way*, is an excellent source of i formation on Baptist life in Missouri ar around the world. Particular emphasis m well be placed upon the use of *Home Li* in establishing family worship in every hom

These periodicals should be provided for in church budgets and plans made in each church to promote the careful reading of them in each home.

We recommend that churches make effective use of our Brotherhood, Woman's Missionary Union, Music, Sunday School, and Training Union publications for the advancement of the cause of Christ through these ministeries.

We continue to be concerned about the widespread publication and distribution of obscene and pornographic literature. We believe it is our Christian duty to restrict this moral and social evil. Promoting the use of our church libraries and wholesome reading materials from our Baptist Book Stores can do much to produce Christian maturity and devoted discipleship in every follower of Jesus Christ.

We as Christians can find our most rewarding reading material in God's Word. We must read God's Word to find His message for our age. May those of us who consider ourselves "literate" never be guilty of abusing our God-given ability to read.

REPORT OF RESOLUTIONS COMMITTEE

Samuel E. Maddox, Chairman; J. R. Wallace; J. Loren Jolly

Inasmuch as God has marvelously blessed the 129th Missouri Baptist Convention assembled in Cape Girardeau, Missouri, October 29-31, 1963 we take this opportunity to express our gratitude to God and resolve –

1. To thank the good people of the First Baptist Church and the pastors and members of the churches of this city and association, for their gracious hospitality;

2. To thank the Rev. W. T. Holland, pastor of the First Baptist Church, Cape Girardeau, and his staff; and the Rev. Claude E. Johnson, superintendent of missions of the Cape Girardeau Association, for the excellent preparation for and entertainment of the Missouri Baptist Convention;

3. To thank the Police Department and city administration for their courtesy in providing parking facilities for the messengers and visitors to this convention;

4. To thank the news media of this city for their sympathetic coverage of the proceedings of this convention;

5. To express appreciation to Dr. Paul Weber and Mr. Grant Davis for the excellent way they have presided over the sessions of this convention;

6. To thank those who served on the program committee for providing the informative and inspiring program and also to thank those who participated on the program, especially those coming from outside our state;

7. To commend all those associated with our staff in Jefferson City for the excellent leadership provided throughout the year as well as for the services rendered during the convention;

8. To express our love and appreciation for Dr. Earl Harding, Executive Secretary of the Missouri Baptist Convention, who is serving with us in the tenth consecutive annual meeting of this convention.

We are grateful that, since 1953, there has been a marked increase in the enrollment in all departments of the work of our churches; also that the value of our church property has almost tripled, the gifts to missions, education, and benevolent causes through the Cooperative Program have doubled, and that there is a splendid progressive spirit manifest among the nearly two thousand Baptist churches and missions in our state.

BE IT THEREFORE RESOLVED that we thank God for the blessings of these ten years, and that we express to Dr. Harding our profound appreciation for his inspired leadership and assure him of our continuing prayers;

BE IT ALSO RESOLVED that we express to those who have served as members of the Executive Board our gratitude for their untiring and conscientious service during this significant decade.

9. WE FURTHER RESOLVE that in the light of the racial turmoil which threatens to undermine the proclamation of the Gospel throughout the world, that we do all within our power to cooperate with our Negro brethren in our mutual struggle to achieve the dignity intended for all God's people.

REPORT OF CHRISTIAN LIFE COMMISSION

Kenneth Wilkinson, Chairman

The members of your Christian Life Commission have counted it a privilege to serve Missouri Baptists during the past year. We have come together repeatedly to study how best to project the task you have assigned to us. This task has been defined as touching human life in the following areas:

1. The Christian and His Family
2. The Christian and His Economics
3. The Christian and His Citizenship
4. The Christian and Human Rights
5. The Christian and his Moral Concepts.

We have made a thorough study of materials available in these areas, and have prepared two tracts which are now being printed. They are especially written for young people. We have plans for the writing of other tracts during the coming year.

During the year we have distributed more than 75,000 copies of nine of the best tracts we could find. We have sought to relate the choice of materials to the programs of our church organizations. For instance, when the Sunday school was promoting Christian Home Week we offered the pamphlet, "Christian Principles Applied to Family Life."

Special Christian Life conferences were conducted at Windermere during the Sunday School, Training Union, and WMU weeks. Devotional materials for use by the BSU were developed in cooperation with the Student Department.

As an experiment, we planned and promoted the observance of Christian Citizenship Sunday last July 7. For this we prepared and mailed to our pastors and missionaries a packet of selected materials to aid in this observance. We feel that this program should be expanded to include the observance of five special Sundays as follows:

1. Christian Morality Sunday – The last Sunday of the year
2. Christian Human Rights Sunday–The second Sunday in February
3. Christian Family Sunday – Christian Home Week in May
4. Christian Citizenship Sunday–the Sunday nearest July 4
5. Christian Economics Sunday–The Sunday before Labor Day.

We are hopeful that the day may come in the not-too-distant future when Missouri Baptists will be able to employ a Christian Life Commission Secretary to lead out in this work. Until that day, the members of your Commission will seek to give the best service possible.

We are ever grateful for the progress we have made and assure you that we will keep in mind that our task is to help Baptists, not only to believe, but to BEHAVE!

REPORT OF THE MISSOURI BAPTIST HISTORICAL COMMISSION

Paul Weber, Chairman

The Missouri Baptist Convention, in annual session in Joplin, October 30, 1962, voted unanimously to adopt the report of a special committee recommending the creation of the Missouri Baptist Historical Commission to assume the work done for many years by the Missouri Baptist Historical Society. The following men were subsequently elected as members of this Commission: Harlie Gallatin, Bolivar; H. I. Hester, Liberty; David Jones, St. Louis; H. H. McGinty, Jefferson City; Merle Mitchell, Carthage; David Moore, Liberty; U. R. Pugh; John Truex, Liberty; and Paul Weber, Springfield.

During the past year the Commission has had three lengthy meetings. The first of these was held in the First Baptist Church of Springfield during the sessions of the Evangelistic Conference in January, 1963. At this time the Commission elected officers, Dr Paul Weber being elected Chairman; Merle Mitchell, Assistant Chairman; and David Moore as Secretary-treasurer. In this meeting the major item for consideration was a survey of what had been done by the Historical Society in the past eighty years, and a general discussion of what would be the chief functions of the newly elected Commission. All

members participated in the general discussions of what should be our responsibilities. It was agreed, before adjournment, to have the next meeting on the campus of William Jewell College on March 1, 1963.

At this second meeting, the group was given a tour through the Library of William Jewell College, where the archives of the Missouri Baptist Historical Society have been kept since its founding. Following this tour, there was extended discussion of various services which the Commission was expected to render. Dr. Hester reported that funds amounting to approximately $1,600.00 were deposited in the First National Bank of Liberty and in Clay County Building and Loan Association. A motion was made that these be transferred to Dr. David Moore, the Secretary-treasurer of the Commission.

The third meeting was held in Jefferson City (The Missouri Baptist Building) April 22, 1963. Dr. Hester reported that the funds of the Historical Society had been legally transferred, with proper notation both at the First National Bank of Liberty, and the Clay County Building and Loan Association, to Dr. Moore, Secretary-treasurer of the Commission.

A motion was passed requesting the Executive Board of the Convention to appropriate $1,200.00 for the expenses of the Commission and the maintenance of the archives from July 1 to December 31, 1963. This was done.

The members of the Commission are taking their responsibility seriously. Already they are giving earnest consideration to many things which are to be done in the area of Missouri Baptist history.

1. For some eighty years William Jewell College has furnished, without cost, considerable space in its Library building for our valuable collection. We have the assurance of the College administration that in the new Library soon to be erected our archives will be given adequate space, and that the College will cooperate fully in the work of the Commission.

2. The immediate need is a well-planned program for the securing of the vast amount of Baptist historical materials of various kinds. These must be collected, catalogued and properly placed. This effort will require secretarial help, correspondence and careful supervision. It will be a continuous program. This is of great importance since this constitutes the heart of all our work.

3. For various reasons there will be need for considerable microfilming of parts of our collection.

4. We all recognize that one of the primary functions of this Commission is to create and foster an enthusiastic interest on the part of Missouri Baptists in our history. Various ways of creating and enlisting this interest are being considered by your Commission.

The Commission feels the need for and earnestly requests suggestions from our Baptist people in the important work committed to us.

REPORT OF FOREIGN MISSION BOARD

Ralph M. G. Smith—Missouri Representative

Interest in Christ and His way of life is increasing in many areas of the world, according to reports coming into Foreign Mission Board from the various fields of Latin America, Europe, Africa and the Far East. Mass evangelism has played its part in this increase, but along with it has been the emphasis on "go" campaigns by the national Christians in Latin America, awakening to their own opportunity to go into the nearby places and witness for Christ. In other areas, the renewed winning to Christ is associated with the schools or the hospitals or with radio and television.

The work among English speaking people in foreign lands is growing. Baptist churches are being formed in areas where American military and economic commitments have produced a concentration of English speaking people. These churches are re-enforcing the strength of the daily witness of Baptists overseas, and through their various services are reaching unsaved and the drifters. It could well be that an additional source of missionaries and of mission interest in the future will be these people who have spent from one to five years in English speaking churches in the foreign lands. They will know the fields, the people, the needs and have some knowledge of the language. There is a need for pastors who are trained in the full program of a Baptist church to go as missionary asso-

ciates to lead these English speaking churches which often are entirely self-supporting, but find great benefit in working with the missionaries to strengthen the Baptist witness among the nationals.

The New Life Movement in Japan was so successful that some felt that the entire emphasis of Foreign Missions should be put upon mass evangelism. But a study of the field showed that the New Life Movement was made possible in part by the ground work of the regular missionaries and the churches they had founded in earlier years. The technique of telling the world varies from place to place and from country to country but the total program of saving men and enlisting them for Christ will always rest on the regularly appointed missionary who dedicates his life to foreign missions, learning the language and living with the people and thus building himself and his concern for them into the total picture of the area he has chosen.

Even so, there is a place for those with special skills who cannot go on a permenant basis. An acute need exists now for ten nurses with R. N. degrees to keep some of the mission hospitals open and functioning until young women now in training are ready to go. Any nurse who qualifies and can secure a two-year release from her hospital should write Miss Edna Dawkins, the Foreign Mission Board, Box 6597, Richmond, Virginia, for more information.

Sixteen years ago four men sat around a table in a hotel in Petersburg, Virginia, concerned about what God might be expecting of Southern Baptists through the Foreign Mission Board in the way of service in a world devastated by war. The outcome of their prayer and study was the program presented to the Southern Baptist Convention at Memphis in 1948, calling for 1,750 missionaries, reinforced by twenty million dollars annually for missions. In December, 1963, the Board will have over 1,800 missionaries on the fields, and will report that over twenty million dollars has been given to the Board to carry on world-wide missions during the current year. The goal set in 1948 has been reached. This increase in concern has been a spontaneous thing, appearing in church after church. Prayer for missions advance seems to have become more vital. In the hearts of many Baptists there has arisen an awareness of the world ministry into which all are called as disciples of the Lord. This concern has found fruitage in increased giving through the Cooperative Program and the Lottie Moon Christmas Offering. What of the future? Soon the field will be surveyed and plans with 1970 as a target date presented. How many more missionaries should Southern Baptists seek to have? The Foreign Mission Board commits a great deal of responsibility to the world missionary effort to its executive secretary. The executive secretary commits a great deal of responsibility to the area secretaries. The area secretaries commit a great deal of responsibility to the mission organization on the field, but the mission organization commits a great deal of responsibility to the individual missionary. Thus, we must send men and women who can carry the freedom and the responsibility of this kind of structure. The number that will be sent will be determined by the gifts to the Cooperative Program, and the Lottie Moon Offering, and the prayers for missions by Southern Baptists.

EXHIBIT XXXIII

REPORT OF HOME MISSION BOARD

James H. Smith—Missouri Representative

The Home Mission Board has experienced its greatest year of mission outreach. The missionary personnel is nearly 200 more than was reported one year ago. The number has reached 2,200. There were 645 summer workers this year, as compared with 595 last year. There are over 1,400 chaplains who are approved and endorsed by the Division of Chaplains. These men are serving in the military, both active and reserve. Some are with hospitals, others are institutional or industrial. They are not included in the number of missionaries reported, although they are rendering service that Southern Baptists are happy to claim.

There is a splendid relationship between the State Conventions and the Home Mission Board. The Lord's work is being done in a more effective way because of cooperative agreements with these states. The cooperative agreement with Missouri deals largely with Iowa missions and work with National Baptists. The chapels in Iowa are a joint endeavor between the Home Mission Board, the

Missouri Baptist Convention, the sponsoring church, and the chapel itself. God is richly blessing this spiritual venture.

The Board has taken action to upgrade the structure of organization in keeping with the trend of our age. There has been an expansion of ministries from seven to fourteen. All of these changes, with the exception of one, have taken place in the Division of Missions. The department of Survey and Special Studies has been placed under Administration rather than under the Division of Missions. The new organization calls for a Department of Associational Administrative Ministries, Metropolitan Ministries, Urban Rural Ministries, Pioneer Ministries, Language Ministries, National Baptist Ministries and Special Ministries. The remainder of ministries fall under these departments of work. It is the ambition of the Board to do the most effective job possible in serving the most people in the name of Jesus Christ.

The year of 1964 will be the climactic year of the 30,000 Movement. The number of churches and missions has reached past the 20,000 mark and it appears that this final year of the Baptist Jubilee Advance will be our best. The meeting of the Southern Baptist Convention in Atlantic City, New Jersey, May 19-22, followed by a joint session of the seven cooperating Baptist bodies, May 22-24, should be a time of great rejoicing.

Despite the tragic conditions in Cuba, Dr. Herbert Caudill continues to hold on. There have been increases in our work, even under stricter controls. Perhaps our work there is serving as a leaven and will figure greatly in the future outcome of Cuba.

The Home Mission Board has, this year, sponsored two great convention-wide meetings. The Conference for Associational Missionaries at Gulfshore, Mississippi, February 11-15, 1963, was a successful attempt to do a better job of communicating with the superintendents of missions. The convention-wide Evangelistic Conference at Dallas, Texas, July 2-4, 1963, registered over 9,000 people. There were many in attendance who did not register. There was a great service of rededication to a more fruitful life of soul-winning.

At present, about one-half of the Home Mission Board's financial needs are being met by the Annie Armstrong Special Home Mission Offering. The Cooperative Program of World Missions continues to be the stable lifeline of Home Mission work.

The year of 1964 is focused on evangelism. All churches are encouraged to participate in the Baptist Jubilee Revivals in the Spring and make 1964 the great year of winning the lost in the homeland.

EXHIBIT XXXV

REPORT ON WORK AT MILITARY CENTERS

Monte Peterson, Belton

Missouri Baptists have a missionary challenge to face. It came upon them quietly and unnoticed following World War II and the Korean Conflict. Missouri is an important place in the military training and protective strategy of our nation.

We are challenged to missionary activity among the military for the twelve military installations in our state. Over thirty-three thousand officers and enlisted men, plus their dependents, are now on active duty here. Another nine thousand civilians and their dependents from outside our state are attached to these bases. From the military alone we find that there are nine thousand without religious preference and six thousand who have a religious preference, but without any church membership. The challenge of fifteen thousand men and their dependents is a challenge to reach a lost host of men and their families for Christ. The rule of thumb is that for every military person or civilian employee there are three dependents.

A further challenge to Baptists is that there are five thousand un-enlisted, untrained Baptists. They are away from home, and from the local church. Their churches keep contact with two out of each hundred while they are away. Their promise to be true to the Saviour is being severely tested when others are more interested in them than their own denominational churches. A Baptist Christian is a growing Christian only when he is attached to a New Testament Church. To safeguard the investments of our churches and their future leadership, we must reach and enlist our military men. There are three Baptist Chaplains serving on the same base, while the other eleven bases are dependent upon the local churches to meet the needs of these military men.

Since military service now faces 90% of our young men, our churches must accept the challenge that their choice young men are going to start their family life away from their local church. The church needs to be there to off-set the influence of vice and carelessness that surrounds many military installations. A positive approach to family life, a place for the family to attend church together, and wholesome Christian fellowship is a necessity near military areas. Babies are going to be born. Expense wise they are cheap to military families. Every baby deserves a Christian home.

Twenty-six thousand of the military and nine thousand of the civilian personnel are from the other forty-nine states of the union, Germany, Canada, Mexico, Cuba and Puerto Rico. Surely we can see the challenge to missions in the areas not presently served by our Baptist Work. Likewise all of the areas outside the continental limits of the United States are now Mission fields for Baptists. Though we may not all go, our churches are having mission opportunities thrust upon us. We can be missionaries around the globe here at home.

Under the present rotation plan, the greater percent of these military men will be sent overseas to some area where they will serve as representatives of our nation. They could go as missionaries in uniform, if we will accept their challenge.

We are poor stewards of the grace of God, if we are willing to let the other states of the convention provide strong Baptist witness when our boys are in their area, yet make no attemp to reach and strengthen their sons while they are in our state.

Missouri Baptist Convention

I have examined the Balance Sheet of the MISSOURI BAPTIST CONVENTION, Jefferson City, Missouri, as of December 31, 1962, which includes the State Missions Fund and relative statement of income, expenses and capital fund reserve for the year then ended. My examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, subject to the attached comments, the accompanying Balance Sheets and Statement of Income and Expense and Capital Fund Reserve present fairly the position of the MISSOURI BAPTIST CONVENTION at December 31, 1962, and the results of its operation for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Missouri Baptist Foundation

I have examined the Balance Sheets of the General Fund and the Trust Funds of the Missouri Baptist Foundation, a Missouri corporation, as of September 30, 1963, and the relative statements of income and receipts and disbursements of the various funds for the fiscal year then ended. My examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the accompanying Balance Sheets, Income and statements of receipts and disbursements present fairly the position of the MISSOURI BAPTIST FOUNDATION at September 30, 1963, and the results of its financial transactions for the year then ended, in conformity with generally accepted accounting principles, applied on a basis consistent with that of the preceding year.

	$1,668,821.21	$1,605,227.26	$1,467,805.21

The condensed balance sheets for each of the funds are shown in Exhibit "C" and the condensed statements of receipts and disbursements are shown in Exhibit "F".

All of the above statements are set out in considerable detail so that extensive comments pertaining thereto are considered unnecessary. However, explanatory remarks pertaining to the indicated items which are considered pertinent are set out as follows:

TOTAL CASH ON HAND AND IN BANK - $32,734.79

Cash in bank aggregating $32,706.79 at September 30, 1963, was verified by the depositary, and cash on hand of $28.00 was counted at the time of the examination.

Although the examination did not extend to a detailed check of all cash and other bookkeeping entries throughout the year, numerous vouchers and entries were scrutinized by me in connection therewith. To the extent that such vouchers and entries were examined and based on information and explanations obtained from the Executive Secretary and employees of the Foundation, the accounts were found to be in order.

NOTES RECEIVABLE - $136,072.95

The notes represent monthly or semiannual installment type real estate mortgage loans. All loans were confirmed by direct correspondence with the debtors, and replies received indicated that the amounts are correctly stated.

STOCKS AND BONDS - $1,483,243.40

All securities owned at September 30, 1963, were examined. Stocks and bonds acquired by purchase are carried at cost, while those received as gifts are valued at amounts agreed upon by the donor and the Board of Trustees at the time of receipts. However, the stocks belonging to the Missouri Baptist Children's Home were revalued to reflect the market value as of July 31, 1955, in compliance with the request of the Children's Home Board of Managers.

*No authentic statistics.

NOTE: For the years 1917, 1918, 1919, and 1920, the statistics were compiled in the Headquarters Office at Kansas City. The report above records only the money sent by the churches to the Kansas City office, hence a much lower figure is given as compared to other years.

NOTE: In 1921, the present method of gathering statistics was adopted, viz., the statistical secretary of the General Association makes up the statistical tables from the church letters as sent in by the church clerks to the clerk of the district association who in turn forwards a church letter from each of the churches to the statistical secretary of the General Association.
