CONSTITUTION OF THE MISSOURI BAPTIST GENERAL ASSOCIATION

(Adopted at Cape Girardeau, October 24, 1928)

ARTICLE I—Name

This body shall be called the Missouri Baptist General Association.

ARTICLE II—Object

The object of the Association shall be to extend the Kingdom of our Lord Jesus Christ, to provide a convenient means for the co-operation of the churches in their work and an efficient agency for their enlistment in Missions, Education and Benevolence.

ARTICLE III—Time and Place of Meeting

The General Association shall meet annually on Tuesday after the third Sunday in October at such hour and place as it may choose at the next preceding meeting.

ARTICLE IV—Membership

This Association shall be composed of accredited messengers and life members as follows:

Sec. 1. Any regular missionary Baptist church in sympathy with the objects of the Association and desiring to co-operate with the Association shall be entitled to one messenger and one additional messenger for every one hundred members or major fraction thereof above one hundred, provided that no church shall be entitled to more than fifteen messengers.

Sec. 2. Each Baptist District Association wishing to co-operate with the General Association shall be entitled to two messengers.

Sec. 3. Such persons as have hitherto been admitted as life members of this Association shall be accredited as members-at-large.

ARTICLE V
Rights of the Churches and of the General Association

Sec. 1. The relation between the General Association and the churches and associations shall be fraternal and co-operative. The General Association shall never exercise any authority over the churches nor do anything that would in any way interfere with

their complete autonomy and independence as New Testament churches nor to limit the exercise of their freedom.

Sec. 2. The General Association shall always have the right to sit in judgment upon the qualification of its own members and may at any time decline to seat as a messenger any person who may be considered by the Association disqualified on personal grounds or by reason of the character or attitude of the church or association from which such messengers shall come.

ARTICLE VI—Officers

The officers of this Association shall be a Moderator, Assistant Moderator, Recording Secretary and Statistical Secretary, who shall be chosen at each annual meeting provided that the office of Recording Secretary and Statistical Secretary may be held by one and the same person if deemed best. They shall serve from the close of the annual meeting of the Association at which they are elected until the close of the next annual meeting of the Association, or until their successors are elected.

ARTICLE VII—Duties of Officers

Sec. 1. It shall be the duty of the Moderator to preside over the meetings of the Association, keep order, take the vote on all questions properly brought up and perform all other duties usually performed by a presiding officer.

Sec. 2. In the absence of the Moderator, or at his request, the Assistant Moderator shall serve as Moderator and perform all the duties of the office.

Sec. 3. It shall be the duty of the Secretary to keep correct minutes of all the proceedings of the meetings and prepare the same for publication. It shall be the duty of the Statistical Secretary to collect, digest, tabulate and present to the Association such statistics and data as will accurately convey to our people the work and standing of our denomination within our state and to perform such other work in the line of statistics as the Association and the Executive Board may from time to time require of him. Each of said secretaries may appoint such assistants to aid him in the performance of the duties of his office as he may desire.

Sec. 4. The officers of this Association shall be chosen by ballot, each messenger casting one ballot, a majority of the ballots cast being necessary for an election, provided, that when there is only one nomination the vote may be taken viva voce.

ARTICLE VIII—Executive Board

Sec. 1. Structure:

There shall be an executive board which shall be incorporated under the laws of Missouri under the corporate name of the Executive Board of the Missouri Baptist General Association, which shall have charge of the Missionary, Educational and Benevolent work of the Association, and which shall be composed as follows:

a. The Board shall consist of thirty members, of which at least one-third shall be women. In addition to the thirty, the Moderator of the Association shall be an ex-officio member of the Board.

b. The Board shall be elected at the annual meeting of the Association. Those first elected shall divide themselves into three equal classes, one of which shall serve for one year, one for two years and one for three years.

c. After the first year ten members of the Board shall be elected at each annual meeting of the Association to serve for three years.

d. No salaried employee of this Board nor any employee of any institution fostered by this board shall be a member thereof.

e. If a member shall miss two executive meetings without, in the judgment of the Board, a good and acceptable reason, his position on the Board shall automatically become vacant.

Sec. 2. Organization:

The Board shall elect a Chairman, Vice Chairman and Recording Secretary, who shall serve without pay. It shall also elect a Treasurer who shall have custody of all the funds that may come into the possession of the Board; who shall disburse them only as directed by the Board for the purposes for which they were given; whose accounts shall be properly audited; and who shall give such bond as the Board shall require. The Treasurer of the Executive Board shall be the Treasurer of the General Association.

Sec. 3. Powers and Duties:

General:

a. The Board shall determine the times and places of its meetings; fill vacancies occurring during the year; adopt all necessary regulations for the conduct of its business; appoint such committees as it may deem wise, and shall report annually in writing to the General Association.

b. The Board shall have full power and authority to act for the General Association in the interim of the sessions of the Association in any and all matters that may arise affecting the interests fostered by the General Association, provided, that this shall not be interpreted as authorizing the Board to reverse any action of the General Association or to do anything contrary to this Constitution or to accepted Baptist faith, polity and practice.

c. It shall present annually to the General Association a budget including both state and Southwide objects. This budget shall be presented to the district associations and churches for the consideration, approval and support. All contributions made to this budget without further designation shall be faithfully distributed among the objects included in the budget upon the basis of the percentage fixed for each institution and interest and shall be promptly and regularly forwarded to said interests and institutions.

Specific:

a. The Board shall elect a General Superintendent of Missions, Education and Benevolence and such other workers as it may deem necessary for the prosecution of the denominational work and fix the salaries of all employees.

b. The Board shall devise means for the creation and increase of a fund to be used for assisting Baptist churches in Missouri to erect meeting houses by gift or loan under such conditions as may be wise.

c. The Board shall have general oversight over any and all educational and benevolent institutions owned, operated or maintained in whole or in part by the denomination; shall keep itself fully informed as to the conditions and needs of all such institutions; shall approve arrangements for all campaigns for funds; shall conduct a continuous campaign for enlightenment as to the claims and needs of these institutions; and, in general, shall promote in every way possible their interests and the things for which they stand.

ARTICLE IX—Amendments

This Constitution may be amended at any regular annual meeting by a two-thirds vote of the messengers voting, provided that notice of such amendment shall have been given in writing at the annual meeting next preceding, and provided that Article V shall not be subject to any amendment that would violate the principles which it embodies.

BY-LAWS OF THE MISSOURI BAPTIST GENERAL ASSOCIATION

1. All sessions of the General Association shall be opened with suitable devotional exercises and closed with prayer.

2. The meetings of the General Association shall be given to the promotion of the objects and interests fostered in such manner as may be determined by the Association on the recommendation of the committee on order of business.

3. Preachers employed or aided by the Association or by organizations affiliated with the Association shall be of good standing and tried piety and shall belong to Baptist churches in Missouri.

4. In case of interruption of the regular meeting of the body or failure through unforeseen events to hold the regular meeting of the Association at the time and place appointed, the Executive Board shall have the power to determine the time and place of the next annual meeting or to call a meeting of the Association at such time and place as it may determine.

5. No appeal for funds shall be made at any session of the Association nor shall any collection be taken at such meeting except by a special order of the Association.

6. The expenses of the Association and of the Executive Board shall be paid out of funds received for the co-operating agencies affiliated with the Missouri Baptist General Association on the percentage basis as fixed for the distribution of funds among the interests and institutions included in the budget.

7. In the absence of the Moderator and Assistant Moderator, the Recording Secretary shall call the Association to order, and in case the Recording Secretary should also be absent any messenger may call the body to order and preside until a temporary organization is effected.

8. All reports of the regularly organized state work, and of all standing committees, and of all special committees or commissions appointed at the last preceding session of the Association must be ready in typewritten or printed form and handed to the Recording Secretary on the first day of the Association.

9. The Moderator shall appoint all committees unless otherwise ordered by a vote of the Association.

Sec. 1. The Moderator, on the first day of the meeting of the Association, shall appoint the following committees to report at the meeting of the Association.

a. Three on place of meeting and preacher of introductory sermon for the next meeting of the Association.

b. Three on Resolutions.

c. A committee of ten on Nominations. This committee shall be appointed on the first day of the meeting and shall make nominations for officers of the Association and for members of the Executive Board. Said committee shall also submit or present to the Association for election, confirmation or approval, as the case may be, or for such other purposes as may be requested by the managers thereof, the names of all persons necessary to fill vacancies on the managing boards, or bodies, by whatever name known, of the following Baptist institutions, provided, however, that no salaried employee of any institution shall be placed on the Board of Trustees:

William Jewell College, Liberty, Missouri;
Stephens College, Columbia, Missouri;
Hannibal-LaGrange College, Hannibal, Missouri;
Hardin College, Mexico, Missouri;
Will Mayfield College, Marble Hill, Missouri;
Southwest Baptist College, Bolivar, Missouri;
Missouri Baptist Hospital, St. Louis, Missouri;
Missouri Baptist Orphans' Home, Pattonville, St. Louis County, Missouri;
Missouri Home for Aged Baptists, Ironton, Missouri;
Missouri Baptist Ministers' Aid Society, Mexico, Missouri;
Missouri Baptist Historical Society, Liberty, Missouri;
or any other institution or interest that may be organized or created hereafter.

Sec. 2. The report of the nominating committee shall be presented not later than the third day of the meeting of the General Association. If no other nominations are made, the vote upon the report of the committee may be taken viva voce.

Sec. 3. The Moderator elected for the ensuing year shall appoint at the last session of the meeting the following committees to report at the next meeting of the Association:

a. Three on Order of Business for the next meeting of the Association.

b. Three on Obituaries.

c. Three on Temperance and Social Service (including Sabbath Observance).

d. Three on Religious Literature and Publications.

e. Three on Enrollment.

10. For the purposes of these By-Laws and in order that any institution may share in the financial support of Missouri Baptists contributed to and administered by the General Association, and to be considered a Missouri Baptist institution, the institution concerned shall comply with the following conditions: Its president, or chief executive officer, and a majority of the members of its managing board shall be members of Baptist churches in Missouri; their election shall be subject to the approval of the General Association; it shall not be conducted for private or corporate gain but all moneys received in excess of operating expenses shall be expended in improvements or shall be added to its permanent endowment; if it be an educational institution, a majority of the teachers shall be members of Baptist churches in Missouri, and it must conform to the educational standards prevailing in the state and must give each year a reasonable amount of distinctively religious instruction; if it be a benevolent institution, it shall be engaged principally in the case of the sick, orphans, the aged, or other needy persons, and shall do as much gratuitous and charity work as possible; each and every such institution shall have been recommended by the Executive Board for affiliation with the General Association.

11. The property of each educational and benevolent institution co-operating with and under the supervision of the Board must be safeguarded to the denomination in a manner satisfactory to the General Association; and each of these institutions shall submit its books and work to the inspection of the Executive Board whenever requested, and shall make annual reports to the Board concerning all matters required by the Board, the financial exhibit of each report to be audited by a certified public accountant.

12. The educational and benevolent institutions shall make no personal canvass for funds, nor shall the interest of any one of these institutions be presented on the floor of the Association without the previous approval of the Executive Board.

13. The women on the Executive Board shall be a committee to whose care shall be entrusted the conduct of the woman's missionary work in the state.

14. No appeal for missionary funds for any purpose shall be made in the state without the approval of the Executive Board.

15. Any question that may arise not provided for in the Constitution and By-Laws shall be decided in accordance with "Parliamentary Law" by F. H. Kerfoot.

16. These By-Laws may be amended at any annual meeting by a majority vote of the messengers voting, provided that they cannot be amended on the last day of the session unless notice of such amendment shall have been given in writing on a previous day of said annual meeting.

BY-LAWS OF THE EXECUTIVE BOARD OF THE MISSOURI BAPTIST GENERAL ASSOCIATION

ARTICLE I

Governing Instrument

Article VIII of the Constitution of the Missouri Baptist General Association is hereby made the governing instrument of the Executive Board.

ARTICLE II

Meetings

1. Unless otherwise ordered, the Executive Board shall meet at Kansas City on the second Tuesday of December, April and July and preceding the meeting of the General Association at the place where the Association meets, the December meeting to be considered the annual meeting of the Board.

2. Special meetings may be called by the Executive Committee at any time and place it may choose.

3. A majority of the entire membership of the Board shall constitute a quorum for the transaction of business.

ARTICLE III

Co-operation With Southern Baptist Convention

The Executive Board recognizes the Southern Baptist Convention as the body with which this Board and the General Association shall be in co-operation.

ARTICLE IV

Co-operation With District Associations

The Executive Board recognizes the necessity for co-operation with the district associations of the state and that the Executive

Boards of the associations are the proper mediums through which such co-operation should be carried out.

ARTICLE V
Committees

1. The Chairman of the Executive Board shall appoint an Executive Committee of seven which shall have charge of the business of the Board between its quarterly meetings and shall make reports of its work at each meeting of the Board. The Executive Board may from time to time prescribe the duties of and what business shall be transacted by the Executive Committee between the meetings of the Board.

2. The laymen members of the Board shall be the committee for Laymen's and Brotherhood work.

3. The ten women members of the Board shall constitute a committee on Women's Missionary work in the state, shall nominate for election by the Board a secretary for women's work, and such other W. M. U. workers as it may deem advisable and shall use every means for the continuous development of the women of the churches in the support of missionary work now conducted by women and also of the general missionary work of the churches.

ARTICLE VI
Workers

For the purpose of carrying out the plans of the General Association, there shall be elected a General Superintendent whose duty it shall be to superintend the entire work of the Board in all its departments and have general charge of the educational, missionary and benevolent interests of the state. The Board shall elect such other departmental secretaries and workers as it may think necessary to the proper prosecution of the work.

It shall be the duty of the departmental secretaries and other field workers to work under the direction of and in co-operation with the general superintendent and to aid him in keeping the interests and institutions both of the state and of the Southern Baptist Convention represented by the Board before the churches and district associations and in seeking to enlist them in the active support of all the work. For their services, they shall receive such salary as may be agreed upon between them and the Executive Board.

ARTICLE VII
Amendments

These By-Laws may be amended by a two-thirds vote of the entire membership of the Board at any regular meeting thereof, provided a written notice of such proposed changes is given at the previous meeting of the Board.

13. Superintendent of Missions Edgar Godbold, Kansas City, presented the report of

THE EXECUTIVE BOARD OF MISSOURI BAPTIST GENERAL ASSOCIATION

We are pleased to present the report for our fiscal year from October 1, 1930, to September 30, 1931. It is our desire to express here our gratitude to the pastors, the memberships of the churches and to all other persons who have contributed to our denominational work in this state during the past year. Let us assure everyone of our appreciation of the sympathetic attitude that has been maintained almost unanimously by our Baptist constituency in Missouri. We would above all express our gratitude to our Heavenly Father for His blessings on the efforts of our Board and the forces of our General Association during these twelve months. Many pastors on different occasions have responded to the appeals

of our Board to render special service. A number of laymen in the state have been of great help in carrying out the work accomplished during the year under the direction of your Board. In addition to the pastors and the laymen we would mention especially a number of tireless workers among our women and our young people who have responded to every call that we have made on them. We are under a debt of gratitude to all these loyal and efficient helpers.

The Railroads

Your Board would acknowledge with deep appreciation the many courtesies extended our workers this year by the railroads. Our constituency owes these corporations a debt of gratitude. Let us mention by name the following railroad lines that have given us assistance by means of annual and trip passes and have rendered help in other ways to a number of our workers during the past year: Wabash Railway Company, Missouri Pacific Railroad Company; Quincy, Omaha and Kansas City Railroad Company; Kansas City Southern Railway Company; Atchison, Topeka and Santa Fe Railroad Company; St. Louis-San Francisco Railway Company; Chicago, Burlington and Quincy Railroad Company; Chicago, Rock Island and Pacific Railroad Company; Louisville and Nashville Railway Company; Illinois Central Railway Company, and Chicago and Alton Railway Company.

The Departments of Our Board

The reports of these departments which are presented herewith speak for themselves. The workers connected with these different departments have been exceedingly busy during the past year and their reports show the results of their labors. It is the conviction of your Board that it would be very difficult to get together a more efficient, more energetic and more loyal group of workers than we have in our Sunday School and B. Y. P. U. Department, our W. M. U. Department, and in our offices of the General Association at 1023 Grand Avenue, Kansas City, Missouri. Without an exception, these employees of our General Association have given their closest cooperation and have used every endeavor to set forward the best interests of all the work of our denomination. It has been impossible for them to answer the many calls that have been made on them for their services. They have endeavored to put their efforts where they would reach the most people and do the most good. We present herewith the reports of these departments.

Due to the fact that we came to the close of our calendar year with an approximately Seventeen Thousand Dollar debt on our State Mission work, your Board was forced to practice every economy during this present year. The first step that was taken was the discontinuance of our Statewide Student Worker, Mr. Philip H. Norvell, who rendered such good service, resigned his place among us on January 31, 1931, and returned to Harvard University to continue his post graduate work in that institution. Because his department was the newest in the state the Board felt that the retrenchment should begin there.

An additional retrenchment was made in discontinuing temporarily at least the Stewardship and Brotherhood Department that was headed so efficiently by Rev. Courts Redford, now President of Southwest Baptist College, Bolivar, Missouri. The Board found itself unable to make an appropriation to sustain this department except to continue the promotion work that was formerly carried on by this department in an effort to get our churches to use the budget system of finance and to promote the practice of tithing among our people. Miss Ethel McDaniel, who has been such a faithful and efficient Office Secretary, has handled this work during this year in addition to her other duties in connection with looking after the promotion work of our General Association.

We request that you examine closely the reports of the Sunday School and B. Y. P. U. Department herewith attached. Secretary J. C. Hockett, Jr., with his co-workers, Brethren Oscar Pigg and C. A. Carlock and Misses Geane Roop and Naomi Moddrell, has had one of the best years that our Sunday School and B. Y. P. U. work has enjoyed during the history of Missouri Baptists. The records of their accomplishments read almost like romance. It is exceedingly fortunate for us that our people are ready to be led into greater accomplishments in our Sunday School work and that our young people are anxious to have better training in their duties as church members.

We would commend for your careful study the report of the W. M. U. work in our state which has been led by Mrs. J. G. Reynolds, State W. M. U. Secretary, and Misses Ora Gaunce and Josephine Riley, Young People's Leaders, along with Miss Florence Brinkman, the Office Secretary in this department. Miss Gaunce resigned her work as Young People's Leader on July 31, and a few days later married Rev. Hale Thornberry of Schenectady, New York. Miss Josephine Riley was secured as her successor

and began her work immediately following Miss Gaunce's resignation. Miss Riley comes to us with splendid training and deep consecration along with very special preparation. We feel fortunate in securing her. The work of the Woman's Missionary Union of our state is a larger and larger blessing to our denomination. The missionary societies are proving to be of more and more help to our individual churches in creating missionary enthusiasm and stimulating missionary giving.

We attach herewith the report of Miss Mary Tongee, the Manager of our Book Department, and also the report of the auditor covering the accounts of this department. We are fortunate in having Miss Tongee to carry on this work for us. She loves her work and gives herself unstintedly to an effort to make this department of the largest service to our denomination. There is a gradual and substantial growth in it. We would commend it to our people throughout the state. We should remember that this department is owned jointly by the Southern Baptist Sunday School Board and by the Missouri Baptist General Association and that fifty per cent of all the profits accruing from this department go to our State Mission fund. The margin of profit in the sales of books through the department is very small because it is run not for profit but for service and the charges have a margin of profit only for the purpose of insuring safety. We are anxious to handle only those publications that are safe and sound unless stated otherwise in their publicity matter. This department will use every endeavor to be of special service to the pastors, the Sunday school, B. Y. P. U., W. M. U. and Brotherhood workers and to any other leader in the churches that may request assistance.

The Committee of Ten

It has been the pleasure of your Board during the year to use every endeavor to cooperate with the Committee of Ten which was provided at your last session for the purpose of investigating and making recommendations concerning our educational institutions. According to your instructions the Standing Committee on Institutions that has been working with our colleges turned over all of this work to the Committee of Ten except as emergencies arose that demanded the attention of this Standing Committee. We would record here our appreciation of the healthful attitude of the Committee of Ten toward your Board in their work during the past year.

The Centennial Celebration Committee

In accordance with the instructions given us by you last year our Board asked Brethren S. E. Ewing and H. E. Truex of St.

Louis and Frank Tripp of St. Joseph to act as a committee to bring to the Board at its semi-annual meeting this year definite recommendations concerning ways and means that would look toward a fitting celebration of the centennial of our General Association in 1934. We wish to submit to you herewith the recommendations of this committee, which were unanimously adopted by your Board in session in St. Louis last July:

"With reference to the Centennial Celebration of the Missouri Baptist General Association (see State Board report, Pages 36-37 of the 1930 Annual) and the appointment by your Board of a Special Committee composed of S. E. Ewing, Frank Tripp, and H. E. Truex, to make preliminary suggestions for said celebration, permit me to make on behalf of the committee the following report:

"The above Special Committee of three was called to meet in Kansas City, Friday, June 5, 1931. Superintendent Edgar Godbold and Moderator Walter C. Goodson were invited to be present. Brethren Tripp and Truex did not meet with the Committee. The persons present discussed quite fully the proposed Centennial Celebration, and, as a result, the following general suggestions were agreed upon:

"(1) That a Centennial Committee, composed of one hundred persons, should be appointed—fifty pastors, thirty laymen and twenty women, plus the President, Vice-President, Recording Secretary, Treasurer, and Superintendent of Missions of the Missouri Baptist General Association as ex officio members.

"(2) That an Executive Committee be appointed, to be composed of probably not more than seven persons, plus the President, Recording Secretary and Superintendent of Missions as ex officio members.

"(3) That a bonus of $100.00 or $150.00 should be offered to the person submitting the best manuscript for a pageant depicting the one hundred years' history of the Missouri Baptist General Association.

"(4) That steps should be taken at once to gather materials for an exhibit, which might not simply be used at the meeting of the General Association, but later placed at the disposal of your Executive Board for exhibit in Baptist churches in our larger cities and towns.

"(5) That the Chairman of the Committee confer with President John F. Herget, of William Jewell College, requesting that

the Trustees release Dr. J. C. Armstrong for such time as necessary to prepare a Centennial Volume covering the history of the Missouri Baptist General Association—the college to continue the salary of Dr. Armstrong, the Centennial Committee to furnish such stenographic help and incidental expenses as may be found necessary in the preparation of the volume.

"(6) It was thought by the Committee that in making up the program for the Centennial Celebration, the following lines of departmental activity might well be emphasized:

"1. Evangelism.

"2. Organization of Churches.

"3. Organization and Development of District Associations.

"4. Sunday Schools and B. Y. P. U.'s.

"5. Specific Work among the Women.

"6. Education—Schools and Colleges.

"7. Hospitals, Orphanages, Homes for the Aged.

"8. Building up a Denominational Conscientiousness throughout the State.

"9. Contribution made by the Association—
a. To the Political and Social Life of the State.
b. To the Home and Business Life of the State.

"10. Proper Tribute to our Forefathers.

"(7) An invitation to hold the Centennial Meeting in St. Louis was received for consideration.

"(8) That the members of the Committee give serious thought to the making up of a budget to cover the expenses of the Centennial Celebration, with the suggestion that the funds necessary might be provided by individuals without any public appeal.

"(9) That the Chairman of the Committee be prepared to report recommendations something as above to the meeting of the Executive Committee to be held in St. Louis, July 14, 1931.

"The Chairman at once set up correspondence with President John F. Herget of William Jewell College, and Dr. J. C. Armstrong, in regard to the Centennial Historical Volume.

"If the suggestion for a Centennial Committee of one hundred persons is approved by your Board, your Committee will be glad to suggest names for said Committee, subject to your approval. This Committee might well be named and announced at the meeting of the General Association to be held in Springfield, October, 1931.

"If the suggestion of offering a bonus to the one submitting the best manuscript for a pageant is approved, your Committee shall be glad to make publication of the same and take up the matter with several who seem to be well qualified for such a task.

"Your Committee considers the gathering of materials for an exhibit one of the most important suggestions. A special committee should take this matter in hand at the earliest possible date, and the selection of a place for the assembling of such materials agreed upon.

"The meeting place of the 1934 session of the General Association is indeed quite important. It is the judgment of your Committee that the State Board might well make recommendation of this matter to the State Association in Springfield that the place suggested might have ample time for making arrangements for entertainment, etc.

"The Chairman of the Committee expresses the opinion that your Special Committee will be glad to serve you in any further way that you may suggest."

The Committee, after correspondence with J. C. Armstrong and John F. Herget, finds that the suggestion in Paragraph Five could not be worked out, and that the Centennial Committee must find someone else to write the Centennial Volume.

We suggest that you instruct your Board to go forward with plans for our Centennial Celebration as recommended above or along any other line of endeavor for this worthy undertaking you may decide for us to follow.

Our Pastors' Bible Schools

Because of the necessity of making every possible retrenchment your Board did not make an appropriation this year to cover the expenses of the Pastors' Bible Schools, such as were held last year. Through the kind assistance of three private individuals Superintendent Godbold was enabled to arrange for three of these Bible Schools this year, one at Southwest Baptist College at Bolivar, one at the First Baptist Church, St. Joseph, and one at William Jewell College, Liberty. The attendance at these schools, especially at Southwest Baptist College, was encouraging. If space would permit, it would be a pleasure to us to give fuller information about the work that was accomplished. We wish here to acknowledge our debt of gratitude to those individuals who so kindly assisted in financing these schools, to Dr. W. E. Denham,

who served as Bible teacher in these schools, to President Courts Redford and his associates in Southwest Baptist College, to President John F. Herget and his associates in William Jewell College, and to District Missionary W. D. Baker, Pastor Frank Tripp and all others associated with these brethren in the successful conduct of the St. Joseph Bible School. We would record here our special gratitude to Pastor Paul Weber, of the First Baptist Church of Jefferson City, who was the inspirational preacher during the school at Southwest Baptist College, and to Pastor Frank Tripp, of the First Baptist Church of St. Joseph, who rendered such splendid services as evangelistic preacher during the Bible School at William Jewell College. These brethren gave their services in this work without remuneration and without any expense to the denomination or to the special individuals who financed these schools.

The Missouri Baptist Ministers' Aid Society

We report that during the past fiscal year the affairs of the Missouri Baptist Ministers' Aid Society were merged with the Executive Board of the Missouri Baptist General Association so as to comply with legal requirements in our carrying out your instructions to liquidate the funds of this Society and deliver them to the Relief and Annuity Board of the Southern Baptist Convention at Dallas, Texas, to be kept intact as the C. H. Hardin Memorial Endowment Fund for the aid of aged and infirm ministers in Missouri. After this merger, in cooperation with the Relief and Annuity Board, a plan was decided upon that called for the appointment of a Liquidation Committee which was composed of Brethren W. B. Sappington, Mexico, Lex McDaniel, Kansas City, and Orville Groner, Dallas, Texas. Brother Sappington felt that he could not render this service because of the demands of his own private business and our two boards prevailed upon Brother W. C. Harris of Fulton, Missouri, to take his place and the committee at present is composed of Brethren Harris, McDaniel and Groner. This committee is charged with the responsibility of liquidating the funds of the Ministers' Aid Society and delivering them to the Relief and Annuity Board. This is a serious task and will require time to accomplish it. We are indebted to these brethren for the splendid service they are rendering us in this capacity. We here wish to express our appreciation of the efficient service of Brother C. C. Brown of Mexico, who is the Secretary-Treasurer of the Liquidating Committee and who handles the details connnected with this work. He is efficient and considerate and painstaking in his work. Due to the fact that the Ministers' Aid Society as a corporation has been discontinued by a Pro Forma Decree that merged

its affairs with those of your Executive Board, your Executive Board and the Relief and Annuity Board together have given the Liquidating Committee mentioned above full authority in the transfer of the funds of this Society to the Relief and Annuity Board according to your instructions given during your session in St. Joseph last year. We attach a report of the audit of the accounts of this fund to which we invite your careful study.

Our Committees

Because of the increased efficiency of the work of your Board and because of the fuller consideration that could be given the matters brought before it, we continued during this year our policy of last year that provided for a number of standing and special committees to which were entrusted special features connected with our work. These committees have given close attention to the matters assigned them and have assumed their responsibility without hesitancy. The following committees have served during this year: COMMITTEE ON INSTITUTIONS affiliating with the Missouri Baptist General Association—Paul Weber, Chairman, Guy L. Prather, Norton Burkholder, R. S. Douglass, Mrs. J. W. Clemson, Mrs. C. L. Hennon, and Mrs. A. F. Amman; COMMITTEE ON DISTRICT ASSOCIATIONS—W. B. McGraw, Chairman, Mrs. G. A. McWilliams, F. L. Stufflebam, Mrs. G. N. Magruder, B. A. Pugh, C. L. Grant, C. J. Prince; COMMITTEE ON PASTORS' SUPPORT—A. D. Cooper, Chairman, Mrs. Roy Utz, W. W. Pierce, R. K. Kelly, A. W. Tandy, Mrs. F. W. Armstrong and J. P. Jacobs; COMMITTEE ON CHURCH BUILDING APPROPRIATIONS—James F. Gore, Chairman, J. P. Graham, Mrs. R. E. Connely, Mrs. W. P. Hawkins, Dwight H. Brown, J. C. Mackey, and Mrs. Adolph Vollmer; EXECUTIVE COMMITTEE of the Board, which is the Committee on Budget and Personnel—Minetry Jones, Chairman, Mrs. F. W. Armstrong, A. D. Cooper, W. B. McGraw, James F. Gore, Paul Weber, Maurice H. Winger; COMMITTEE TO RECOMMEND PERCENTAGES OF ALLOCATION IN THE COOPERATIVE PROGRAM FOR NEXT YEAR—W. W. Pierce, Chairman, A. W. Tandy and J. C. Mackey.

As quoted above, the Committee on Institutions, of which Pastor Paul Weber is Chairman, did not have anything to do with the work of our schools during the year, except to lend their cooperation to the special Committee of Ten and to give attention to emergency matters brought to them in connection with Will Mayfield and Hardin Colleges. Your Board through this Committee has continually urged each of our institutions to keep its operating expenses within its income during the year. We feel that it is

unwise for one of our institutions to come to the close of any fiscal year with a burdensome deficit in the expenses of the current work of that year. Permit us to report that under the leadership of this Committee on Institutions special investigations were made in more than one instance concerning the responsibility of our denomination in connection with the debts of our institutions and in every case those making these investigations reported that there is no legal responsibility on the Missouri Baptist General Association as such or on your Executive Board in connection with the debts on any one or all of our institutions except as your Board or the General Association by definite contract assumes a definite part of these obligations. Our people should understand that the debts on these institutions are direct responsibilities of the boards of trustees of these institutions and that the institutions as such must be held accountable for these obligations. If your Executive Board creates a debt, it is her direct obligation. If the Board of Trustees of any institution creates or allows to be created, a debt of any kind, it becomes a direct obligation of that Institution. For example, if there is a debt on William Jewell College, the Board of Trustees of that college is responsible for working out ways and means of meeting this obligation and cannot hold our denomination at large liable for it. Each institution is a corporate entity and is therefore legally and morally obligated to pay every debt incurred by her board of trustees or her administrative management. Your Board would urge Missouri Baptists to realize that the conduct of the affairs of our institutions rests, so far as legal and moral obligations are concerned, on the boards of trustees of these institutions. We confidently and urgently expect these boards of trustees to assume these responsibilities and to lead us in finding a solution to the financial problems of such institutions.

We carry this year, as we did last year, tables showing the financial conditions of our institutions so far as we have received the reports of the auditors of these institutions. You have instructed your Board to require of each Baptist institution of the state a complete audit of all books and accounts by a Certified Public Accountant. The tables referred to here will give you the information that our auditor has gathered from the audits received and accepted. Your office will not accept an audit from an institution unless it is a complete audit covering assets and liabilities, receipts and expenditures and all trust funds. The tables carrying the information taken from these audits give you the assets and liabilities for 1930 and for 1931, showing increases or decreases. They also show the depreciation charges and interest costs for the two years. There is a statement of the operating

income and operating expense with the profit and loss, as the case may be, showing whether there has been an increase or a decrease during 1931 over the year 1930. We request you to study these tables carefully.

Hardin College

Your Board, in response to an appeal from the Board of Trustees of Hardin College, felt that for the best welfare of our entire denomination they should go to the assistance of the Hardin College Board to the extent of lending their credit to that Board for $10,000.00. Accordingly, we borrowed from the East Side Bank of Commerce in Kansas City $10,000.00 and lent this money to the Hardin College Board of Trustees to be applied on the current expenses of that institution for the past year. We hold the note of the Hardin College Board of Trustees for this amount as shown in our fiscal report. President C. B. Miller resigned in the midst of the first semester to accept the pastorate of a Baptist church in Birmingham, Alabama. The College Board elected Pastor Blake Smith of the First Baptist Church of Mexico as his successor. Brother Smith took up this work after the contracts had been signed with the teachers for the entire year and after the budget of operations for the year had been made out, and found the treasury empty. He came to the close of the first semester face to face with the fact that he had before him a probable deficit of $3,000.00 in the year's operations, that the teachers' contracts were in force for the entire school year, that many of the students had paid their college fees for the entire year and the treasury of the school was empty. Therefore, in reponse to the appeal of the Board of Trustees of Hardin College your Board felt impelled to lend her credit to Hardin College to the extent of $10,000.00. In return for this, the Hardin College Board of Trustees delivered to us the subscriptions that were secured during last year through the campaign headed by Dr. Ray E. York, which subscriptions amounted to about $12,000.00, which we now have in your office in Kansas City. We are endeavoring to make collections on these and will apply such collections after the obligations incident to securing these subscriptions have been paid to the credit of this Ten Thousand Dollar note. The report of Hardin College will carry fuller explanation of our connection with this undertaking.

Will Mayfield College

The Board of Trustees of Will Mayfield College at the close of the first semester of last session sent to your Board a commu-

nication notifying us that they had been forced to discontinue the work at Will Mayfield College and with this notice came the information that they would not plan to reopen Will Mayfield College until the debts of the institution had been paid and sufficient funds were in hand to assure the successful operation of the institution without further debt for at least one year, and then the institution will not be reopened until your Board has given her approval. Your Executive Board unanimously approved the action of the Will Mayfield College Board in this matter, as shown by our records, and as no doubt will be reported to you by the Will Mayfield College Board of Trustees. Your Board in her semi-annual meeting in July voted to recognize the Will Mayfield College area as remaining intact for the present in order to enable the Will Mayfield College Board to conduct with better success their plans for caring for the debt of this institution and for making the best possible disposition of her affairs.

Please note that these recommendations do not provide for serious changes from the past year. Our percentage of division last year was 56 per cent for state objects and 44 per cent for Southwide and worldwide objects, and we recommend the same division of our funds for next year. Your Board would express an

earnest desire to go to a 50-50 basis for our new year, but we find that it is impossible to recommend this for the present, because of the disturbance it would bring in the finances of some of our institutions and of our mission work in the state. We rejoice with you that you have declared your purpose to go to an equal division of funds between state and Southwide objects at the very earliest date possible.

Our Missionary Pastors

We present herewith a table giving as full report as can be given in this connection of the work of our missionary pastors during the last fiscal year. We would urge you to compare this report with the report of the work done during 1929 and in 193 We are glad to record here our appreciation of the splendid work of these pastors and to report that the money appropriated to their work brought in very gratifying returns.

During the fiscal year of 1930 your Board spent $4,796.92 in helping churches pay pastors' salaries. Because of the serious decrease in receipts during the last few months of last year and because of the Seventeen Thousand Dollar indebtedness that we brought over from the previous year we were compelled to reduce these appropriations to the extent that we spent only $3,989.33 for this purpose during 1931. You will note that there is a proportionate decrease in the number of days of labor, that is during 1930 there were 4,935 days of labor by these workers, but during 1931 there were only 3,965 days of labor. This past year showed a considerable increase in the number of sermons and addresses but a decrease in the pastoral visits. Notwithstanding the decreased appropriations these workers held 674 prayer meetings as against 436 during 1930. They taught 42 training classes the past year and 30 during the previous year. They reported 350 baptisms during 1931 as against 241 during 1930, and 233 additions otherwise to the memberships of the churches as against 166 during the previous year. It is still more striking that during the year for which this report is made they distributed over three times as many tracts as during the previous year and their churches report $27,147.82 received for local purposes as against $23,881.92 for the same purposes during 1930, an increase of nearly 20 per cent. For denominational purposes the churches in which these pastors labored report $2,889.74 in receipts as against $2,165.35 during 1930, an increase of approximately 30 per cent. We are glad to bring to your attention the fact that the necessary decrease in appropriations did not cause a decrease in results. On the other

hand, there is a very satisfactory increase in the number of additions to the memberships of the churches, in the amount of training work done and information distributed, and also in the financial receipts for local and denominational causes.

Our District Missionaries

Included in this are our efforts in cooperation with the boards of missions in St. Louis and Kansas City. It is becoming more and more difficult for your Executive Board to meet the demands made on it for assistance by our district associations in their missionary work. It is our conviction that we shall be compelled in the future to combine district associations on a cooperative basis so that not less than forty or fifty churches will be in the territory of any one district missionary. Such a combination will enable such churches to carry on their district mission work without seriously crippling their local and worldwide endeavors. We feel that our missionaries have rendered during the past year remarkably efficient service. Their reports given in the table attached hereto speak for themselves.

Let us call your attention to the fact that we present two tables of information connected with our district missionary work. One carries only the district missionary work done in Kansas City and St. Louis, our two large cities. The other gives information concerning the appropriations made to and the work reported by the other districts in the state to which your Board gave help. The money your Board appropriated for district missions in 1931 including the work done in the larger cities amounts to $14,218.51. The appropriations for the same work during the preceding year were $23,482.54, a decrease of over 33 per cent. This was necessary because of the debt brought over from the preceding year and because of the shrinkage in receipts from month to month that your Board had to take into consideration. This decrease in appropriations caused a decrease in the number of workers which is shown, for instance, very noticeably in the number of prayer meetings held in connection with the work accomplished, 1,319 during 1931 against 1,552 during 1930. It is gratifying to know that there was an increase in baptisms notwithstanding the decreased in appropriations, 1,450 as against 1,331 during the previous year. The total additions to the churches reported by our district missionary workers show a healthy increase during the year just closed, 2,234 as against 2,007 during 1930. This increase in additions to our churches in the reports for the year just closed

may be the results of the increased number of training classes being taught during 1930 over the number during 1931, 249 during 1930 and only 196 during 1931. It may be that to some extent we are reaping the good results of the training work done during the previous years.

Church Buildings

The special committee of our Board that has given first attention to this part of our work did not have sufficient funds at their disposal this year to grant one-fifth of the applications presented through them to your Board. The attached table shows the appropriations made and paid during the year for this purpose. Permit us to say that we are compelled to carry over in promises to church buildings two or three applications to which we expect to give first attention during the new year.

The total during 1931, the year just closed, was $5,250.00. During 1930 it was $6,292.00. We refer you to the report of our auditor concerning our Permanent Funds. We receive very little money from the Cooperative Program for church building appropriations and must depend most largely on the income from our invested funds. You will note from the tabular report that an appropriation of $2,000.00 was made during the year to the Bales Baptist Church in Kansas City. This was done because of an emergency in which this church found itself. It had an opportunity of retiring over $20,000.00 of its indebtedness in a lump sum, provided they could refinance the remainder of their obligations. The assistance of our Board with an appropriation of $2,000.00 enabled this church to handle this matter in such a way that they could take advantage of the offer of an individual member of that church concerning the payment of such a large portion of their obligations and also refunding the remainder of it. Let us quote from our records regarding this: "Motion was made and carried that this Board promise to the Bales Baptist Church $2,000.00 to be paid as rapidly as possible considering the appropriations already made from the income to the Church Building Fund, the time not to exceed five years." The Bales Baptist Church is carrying this debt of $2,000.00 in the meantime and paying interest on it. We hope that it will be possible to pay this appropriation before the end of the five year maximum limit.

The Outlook

We are pleased in connection with this report to state that the condition of our denominational work and attitude of the

members of our denomination are exceedingly healthful. Our Baptist people in Missouri for the most part are hopeful. They are more concerned about the best welfare of our Master's work than they have been in the past. Our district associational meetings and every gathering of any consequence has had better attendance and more real interest than has been true for some time. Notwithstanding the unemployment existing among our people and the financial stress under which they have been laboring, you will note from our auditor's report attached hereto that we come to the end of our fiscal year with only Three Thousand Dollars' debt left on our State Mission work. We are glad to report also that the contributions to the other departments of our work have been maintained in a very encouraging way during the months of this past year. We rejoice that our people, although suffering financially, are joyful spiritually.

We urge that our General Association recommend to every Baptist church in Missouri the Every-Member Canvass movement of Southern Baptists. Your Board, acting on the recommendation of the Southern Baptist Convention, set up a Statewide Every-Member Canvass Committee composed of Brethren E. Godbold, J. C. Hockett, Jr., E. J. Rogers, Joseph E. Brown, Frank Tripp and Mrs. J. G. Reynolds. This committee has had several meetings since the last session of the Southern Baptist Convention and has recommended to the meetings of the district associations an associational organization for the promotion of this Every-Member Canvass and to all the churches a church organization for this same purpose. The response to their recommendation has been especially gratifying. Our people have a mind to work at this undertaking. Our pastors are interested in it. The leaders of our different organizations within the churches are rightly concerned about the best welfare of this undertaking. We urge you to recommend to every church in the state the adoption of a financial plan that is adequate and worthy of the members of that church and of the opportunities of Kingdom work that are pressing on us from every side. During the 75-Million Campaign from 1919 to 1924, Southern Baptists put special stress on all of our denominational endeavors beginning with district missions and going to the uttermost parts of the earth. From 1925 to 1931 our churches gave special attention to their own local needs in the matter of church buildings and improvements and enlarging their own force of workers. Following these extremes we would recommend to Missouri Baptists a well rounded plan of endeavor that will result in a financial budget for every church that will make adequate and worthy provision for local and worldwide work. We would urge that every church do her best to enlist every member in the

support of a plan of work that will represent every cause that our Heavenly Father would have us undertake and that the support of these members be given in contributions made every Sunday on the basis of the Bible doctrine of stewardship with the tithe as the minimum standard of giving.

Our Finances

Let us present herewith the report of our auditor, which covers all our books and accounts, the Cooperative Program, our invested funds, our State Mission work, and our Book Department. A study of these figures will show that we have abundant cause for gratitude to our Heavenly Father. Our records show our receipts are as follows:

During September, 1931:

Cooperative Program	$14,339.61
Divided Program, North and South	1,171.99
Designated Gifts	15,457.34
Total	$30,968.94

During September, 1930:

Cooperative Program	$16,715.92
Divided Program	1,342.36
Designated Gifts	12,751.73
Total	$30,810.01

During September, 1929:

Cooperative Program	$16,532.00
Divided Program	945.27
Designated Gifts	14,669.48
Total	$32,146.75

Designated Receipts for State Missions:

October 1, 1930, to October 1, 1931	$12,493.06
October 1, 1929, to October 1, 1930	7,544.57
October 1, 1928, to October 1, 1929	9,869.52

Total Receipts for 1931:

Cooperative Program	$100,371.99
Divided Program, North and South	7,992.40
Designated Gifts	72,733.86
	181,098.25

Total Receipts for 1930:

Cooperative Program	$108,906.80
Divided Program	7,314.95
Designated Gifts	83,269.47
	199.499.22

Total Receipts for 1929:

Cooperative Program	$113,631.75
Divided Program	6,755.68
Designated Gifts	90,821.74
	211,209.17

During the two years that we have been in what is termed a financial depression our receipts on the whole have not suffered so seriously. We must admit that if our churches had enlisted every member in support of our missionary and all other features of our denominational work our receipts would have been far greater. We urge that every church enlist every member if possible in a worthy support of every Bible cause payable on every Sunday using the tithe as the minimum standard of giving.

We submit to you the following distribution of the State Missions appropriations this past year:

Administrative Expense	12.51%
S. S. and B. Y. P. U. Work	21.66
W. M. U. Work	12.45
Promotion Expense	7.99
District Missions	30.67
Pastors' Salaries	9.82
Interest on Notes	2.45
Miscellaneous	2.45
	100. %

We are pleased to call your attention to the fact that whereas we owed on State Missions October 1, 1930, $13,000.00 and on January 1, 1931, $17,000.00, we now owe only $3,000.00 and confidently expect to reduce this debt considerably by the time your Board meets in annual session next December.

WALTER C. GOODSON, President
E. GODBOLD, General Superintendent.

All receipts of record were traced to their deposit in bank, and disbursements were verified by checks issued and paid by the bank.

Financial Statement Comments

Cash in Bank—$660.70:

The balance in bank was certified to us by the depository, and after allowing for outstanding checks and deposit of September 30, 1931, which was not credited by the bank until October 1st. the above balance was found correct.

Petty Cash—$50.00:

This amount was verified by count.

Notes Receivable—$10,000.00:

This represents note of Hardin College for amount loaned the College.

Arcadia Heights Assembly Grounds—$8,157.97:

Herein is represented the cost of land and buildings acquired at Arcadia Heights, and cost of improvements thereon.

Furniture and Fixtures—$2,532.67:

This amount represents the net value of office equipment, being difference between that which was capitalized and an appraisal made some years ago. No depreciation has been taken.

Book Department Investment—$1,065.44:

Represented by this amount is the Association's original investment in the book department, now being operated jointly with the Sunday School Board.

Notes Payable—$13,000.00:

Notes represented herein are in favor of the East Side Bank of Commerce, and were certified to us by the bank. Of this amount, $10,000.00 was borrowed and loaned to Hardin College on its note for like amount which is shown among the assets in the Financial Statement.

Accounts Payable, Boards and Institutions—$1,525.05:

Detail of this amount is shown in Exhibit "B."

Fund Equity—$7,941.73:

Represented herein is the Association's Equity in the fund, being the difference between assets and liabilities or similar to the Surplus of a business organized for profit. We are informed that there has been some misunderstanding with respect to this balance as shown in the Financial Statements, detailed statement of balances, receipts and disbursements, for the past years. Exhibit "C" of this report shows the above balance, which should not be confused with a cash balance as more than the balance represented has been invested in property, mostly in Arcadia Heights Assembly Grounds.

General Remarks

All receipts were deposited on the day received; all records were found in excellent condition, and every possible courtesy was extended us during the engagement.

CORNELL & COMPANY.

All receipts of record were traced to their deposit in bank, and the balance on deposit at the close of the year was verified by certificate from the depository.

Disbursements were verified by paid checks.

All notes on loans were submitted for our examination.

During the year foreclosure was made on property at Gladstone Boulevard and Lawn Avenue, upon which loan had been made for $5,500.00. To that amount there has been added expenses in amount of $507.83, incurred on the property, which is shown in Exhibit "B" as "Real Estate, $6,007.83."

Schedule "I" sets forth in detail the status of loans at the close of the year. It will be noted therefrom that of the interest accrued at September 30, 1931, amounting to $929.49, there is past due $351.74 on two loans. Accrued interest has not been carried to the Financial Statement.

All records were in good order, and every possible courtesy was extended us during the engagement.

BAPTIST BOOK DEPARTMENT REPORT

MARY E. TONGEE, Manager

The year 1930-31 was a busy one for the Book Department. Our sales show an increase in volume of business and we take pride in that we are one of the three stores to show an increase in sales in the chain of seventeen stores owned jointly by the Baptist Sunday School Board and the State Boards. We have endeavored to stay within the suggested budget for the year as set up by the Sunday School Board for the stores.

We want to serve the Baptist churches of Missouri to the very best of our ability. We endeavor to give prompt and courteous service. During the past year our records show that we sold out of our stock some 3,500 copies of Sunday School Study Course books, over 250 copies of Church Administration Course books, 4,800 copies of B. Y. P. U. Study Course Books and over 2,300 copies of mission study books. Almost 800 Bibles and Testaments were sold during the same period. It is on these books that we have concentrated our efforts. We carry in stock a large number of religious books of all publishers and have sold a goodly quantity of these but we believe that the denominational book store is run primarily for the distribution of denominational books, Bibles and inspirational literature.

The Manager attended one summer assembly and four state conventions, the General Association, the State Sunday School Conference, the W. M. U. Convention and the B. Y. P. U. Convention. Book exhibits were also held in two city wide training schools in Kansas City during the year. Only one person is employed in the Book Department for full time. Extra help is employed during the absence of the Manager at conventions and at such other times as is absolutely necessary to take care of the business promptly and efficiently.

We are very grateful for the patronage given us by the Baptists of Missouri. The BAPTIST BOOK DEPARTMENT is our own denominational institution and all profits from sales of books which come from it to our State Board will be applied on State Missions. We solicit your patronage and promise to do everything in our power to see that your orders are promptly and efficiently filled.

Operations

The operations for the year resulted in a net profit in amount of $1,194.69, as detailed in Exhibit "A," summary of which follows:

Profit and Loss Summary

Sales	$19,671.23	100.00%
Cost of Sales	13,294.62	67.58

Included in Sales for the period there are items aggregating $54.85 for which you have rendered no invoices, those items being detailed in Schedule "II."

Financial Position

The financial position of the Department is detailed in Exhibit "B," *to which the following comments apply.*

The bank balance was nil, being withdrawn by checks to you, and the status of the account was verified by statement from the depository.

Petty Cash, $25.00—This amount was verified by count.

Accounts Receivable, $3,328.14—Accounts represented herein are considered by the management to be collectible.

Inventory, $6,528.48—The inventory was taken by the Department Manager and priced at cost.

Furniture and Fixtures, $1,287.13—This amount represents cost, no depreciation having been taken.

Accounts Payable, $5,436.60—Represented herein is balance due the Baptist Sunday School Board, there being no other obligations of record.

It is suggested that office equipment should be depreciated at the customary rate of ten (10) per cent per annum, and if decision is made to do so, Mr. C. R. Smith should be authorized.

It is noted that the Department is still receiving valuable service for which no charge is made. Mr. C. R. Smith devotes considerable of his time to its affairs, and its general books are kept by him. For such service, it is our opinion that a charge of not less than Fifty ($50.00) Dollars per month should be made.

Every possible courtesy was accorded us during the engagement, which is hereby acknowledged, and it is with pleasure that we report finding all records in excellent order.

16. B. F. Hoffman, Columbia, presented the following memorial:

TO THE MEMORY OF EDWIN W. STEPHENS

If the record and achievements of a man are an index of his greatness, then we have met to honor one of the great men of our

denomination. This memorial is prepared, not that we could thereby add to his highly meritorious life, but that the record of his noble deeds, his untiring labors, and his enthusiasm for the propagation of religious ideals and denominational interests might be preserved in the archives of our General Association.

Edwin W. Stephens was born into this world January 21, 1849, in Columbia, Missouri, where he spent most of his entire life. He was born into the Kingdom 1869, and devoted much of the rest of his life to its propagation and up-building. He died May 22, 1931, and was buried May 23, from the First Baptist Church of Columbia, his Pastor, Luther Wesley Smith, preaching the funeral sermon. Among the many deserved verbal tributes the preacher said: "In life, Mr. Stephens' character was an inspiration; in death, his memory is a challenge"; further, "Mr. Stephens during his life wrote out certain Gospel truths in the language of life: 'A man's life consisteth not in the abundance of things which he possesseth'; 'Whosoever shall lose his life for my sake, shall find it'; and 'In all thy ways acknowledge Him and he shall direct thy path!'"

President J. M. Wood of Stephens College led in the invocation prayer, and the Student Concert Choir of the Baptist Church rendered appropriate music.

When his earthly remains were laid to rest under a profusion of beautiful flowers, our state and city mourned. The State Senate suspended its session in his honor; the flag on the Administration building on the University was at halfmast, for he had at one time been the president of its Board of Curators; the doors of the offices of our court house were closed, as were also the doors of the business houses of his home town. Telegrams and resolutions of sympathy and respect from far and wide poured in to the bereaved family.

Why this wide-spread interest, sympathy and feeling of loss? Because through all the years Mr. Stephens had sown the seed of friendship, helpfulness and love and was profoundly interested in human welfare. Whenever a progressive movement was launched, he was not only for it, but became its leading spirit. He was for good roads, good schools, good churches, good journalism, and good communities. For more than sixty years Mr. Stephens was one of Columbia's most active citizens; for more than thirty years he was Columbia's most outstanding citizen. He was a journalist and publisher by profession and founded the Columbia Herald in 1871, once known as "America's model weekly paper." He was chairman of the Commission to build our present State Capitol,

an edifice and an achievement of which every Missourian is justly proud. While this laudable service rendered to the state is not strictly speaking one of his religious activities, Mr. Stephens discharged the duties of this responsible office with a religious faithfulness and zeal to fully merit mention of it here. Inscriptions and mottoes all over the building, breathing out the spirit of Christian sentiment and idealism are there by his choice and design. No one can enter those spacious chambers and halls without feeling that a Christian spirit has had a hand in their design and construction.

Meritorious as many of the secular achievements of Mr. Stephens were, perhaps his greatest contributions were to the cause of religion and Christianity. These may be briefly tabulated as follows:

1. He was for years chairman of the Board of Deacons of the First Baptist Church of Columbia, and was Deacon emeritus when he died.

2. For a term of years he was the Moderator of the Little Bonne Femme District Association, directing the plans and policies of the religious rural life in that area.

3. In 1889 he became the President of the Missouri Home and Foreign Mission Board, to which causes he gave also years of time, thought and service.

4. He was elected Moderator of the Missouri Baptist General Association in 1897. In this capacity he served for twenty years, save one, when he spent the greater part of the year in traveling around the world.

5. Beginning in 1904 he served as President of the Central Baptist Publishing Company.

6. He became the President of the Missouri Baptist Sanitarium Board, 1903.

7. He was elected to the presidency of the Southern Baptist Convention in 1905.

8. He was President of the General Convention of Baptists of North America in 1906.

9. Vice-President of the Baptist World Alliance, meeting in London, England, 1907.

10. American Treasurer of the Baptist World Alliance, 1907.

11. Treasurer of Roger Williams Memorial Church, Washington, D. C. in 1908.

12. President of the Board of Curators of Stephens College many years.

13. Perhaps as early as 1890 Mr. Stephens organized his Bible class of the Baptist Church, which he taught faithfully and continuously for 36 years, except when he was sick or out of town. This was for some time the largest Bible Class in the state. Under the influence of his faith, voice, and remarkable personality in this class came, not only a large number of Columbia's citizenry, but also in the course of the years thousands of young men and women, who were in Columbia for educational purposes. Mr. Stephens loved his class, he loved the Word of God, he loved his Church; he was never absent from its services, except when ill or out of the city. He loved people, he loved to help them in whatever station of life. Those who knew him well will cherish the memory of his kindly spirit and helpful counsel. The influence of his wonderful personality and teaching will not cease, until the last one who came in contact with it shall have passed on and joined him in glory.

Many beautiful things appear in the copious hymnology of our time, but one of the most fitting sentiments therein is applicable to our friend and Brother, runs as follows:

"I love Thy Kingdom, Lord
The house of Thine abode,
The Church our blest Redeemer saved
With His own precious blood."

Were we called on to write an appropriate epitaph on the monument that adorns his tomb, we should write:

Sacred to the memory of Edwin William Stephens who, at all times and everywhere, gave his strength to the weak, his sympathy to the suffering, his substance to the poor and to other good causes, and his heart to God.

LUTHER WESLEY SMITH,
HOWARD B. LANG,
B. F. HOFFMAN.

17. A. W. Tandy, Fulton, presented the following memorial:

DAVID HICKMAN HARRIS—AN APPRECIATION

David Hickman Harris was born near Deer Park, Boone County, Missouri, June 21st, 1866. and passed away in Columbia, Missouri, December 11, 1930. He was the son of Mr. and Mrs. James Harris who were descended from pioneer Baptist stock in Missouri. His home was in Fulton, Missouri. His burial was in the Harris family cemetery, one-half mile south of Deer Park. The

living brothers and sisters are Wade J. Harris, William B. Harris, James H. Harris of Fulton, Missouri, Overton Harris of Dennison, Texas, Mrs. J. T. Trimble of McCredie, Missouri, Mrs. W. S. Dorsey, Columbia, Missouri, and Mrs. L. H. Holland, Los Angeles, California.

He attended the schools in the neighborhood where he was born and reared, and completed his literary education at the University of Missouri, where he also mastered the curriculum of the Law Department, graduating in the class of 1887, and was admitted to the bar in the same year. Shortly after his graduation he went to Fulton, Missouri, and opened his offices for the practice of law. He was City Attorney of Fulton in 1893 and 1894, and served as Prosecuting Attorney of Callaway County, Missouri, during eight years beginning January 1894, then reentered the general practice of law wherein he attained position in the highest rank of Missouri lawyers, being part of the time in partnership with Honorable Charles M. Hay.

Shortly after leaving school he became Captain of Company B. first battalion, Missouri National Guards (unattached). He also raised a Company for service in the Spanish American War.

When the 34th Judicial Circuit was organized, being composed of Boone and Callaway Counties, Judge N. D. Thurmond was appointed to preside until the next general election, at which time, 1910, Mr. Harris was elected Judge of said Court on the Democratic ticket and was reelected in 1916 and 1922. In 1909 and 1910 he was chairman of the Statute Revision Committee of Missouri. He was greatly interested in the growth and development of the business affairs of his home city and gave liberally of his means to further and advance its interests.

He became a member of the First Baptist Church of Fulton, Missouri, December, 1893, and was elected Deacon of said Church January 2nd, 1894, and served in that capacity until his death. He organized in his Church a Men's Bible Class in 1901, and continued as its teacher during the balance of his life. It was said by one who was intimately acquainted with his church work "that it is perhaps as teacher of the Men's Bible Class his influence will live longest." For nearly thirty years he taught a group of men, ranging from three or four when the class started to more than one hundred and in this work he put the finest efforts of his life. The study he devoted to the preparation of his Bible lessons was probably not exceeded by the study he made of the cases coming before him in Court. Year after year he bought the best books on the Sunday School lessons and he carefully and in orderly manner kept his notes on the lessons. The deep im-

pressions he made on the hundreds of men who attended his class were no doubt most lasting of all of the good impressions he made. This class was the darling of his heart. He loved the preached word. He never missed a preaching service so long as he was able to get there and was at prayer meeting when it was possible for him to come; there was no task in his church that was too small for him.

He was Moderator of Little Bonne Femme Association 1904-1908 inclusive, again 1910-1915 inclusive, and then again 1917-1921 inclusive. In 1921 the Little Bonne Femme Association was divided and Judge Harris became Moderator of Callaway Association serving one year, 1922. He was Moderator of the Missouri Baptist General Association 1920-22, and Vice-President of the Southern Baptist Convention 1923.

My law partner, Judge John A. Rich, has for many years held Judge Harris in high esteem as a Judge and Christian gentleman, on several occasions having been called by Judge Harris to sit for him in the trial of cases in which the regular Judge was disqualified. And he submits to me these words which he regards as fitting in this memoir and in which I join him: "Servant of God, well done, Thy glorious warfare's past; Thy Battle's fought, thy race is won, and thou art crowned at last."

Be it resolved that in full appreciation of the valuable service rendered the Baptist denomination by Brother Harris we shall hold in grateful and loving memory the helpfulness of this man of God and strive to meet him in the home of the saved and the blessed where we have satisfactory evidence to believe he has taken his abode. Be it resolved that a page of the records of this body be set apart and dedicated to his memory and that this appreciation be spread thereon and also a copy hereof be presented to the members of his family.

COM. P. STORTS.

J. C. Armstrong, Liberty, gave an address on the life and work of E. W. Stephens, and Luther Wesley Smith, Columbia, on the life and work of David H. Harris. On motion the two memorials were adopted and ordered printed in the minutes. On motion, Mr. Armstrong and Mr. Smith were requested to furnish the "Word and Way" with manuscripts of the addresses for publication. Blake Smith, Mexico, led in prayer.

TUESDAY EVENING

18. The Association was called to order at 7:30 P. M. by Assistant Moderator R. S. Douglass, Cape Girardeau. The Song Service was conducted by Carroll V. Day, Kansas City; Mrs. Paul C. Brandon, Springfield, at the piano. Devotional Services were conducted by E. C. Abernathy, Hannibal, who read the Scripture, John 10:1-10, and led in prayer.

19. The Moderator expressed a welcome to one hundred and fifty students of Southwest Baptist College. (Not included in the enrollment.)

20. Irving L. Bush, Clinton, President of the Missouri Baptist Brotherhood, addressed the Association.

21. Superintendent Edgar Godbold, Kansas City, presented the following resolution, which was unanimously adopted:

THE EVERY-MEMBER CANVASS IN EVERY CHURCH

The Southern Baptist Convention in session in Birmingham last May recommended to every Baptist church in her territory that a worthy effort be made to enlist every member in the support of every Bible cause and that this support be based on the Bible doctrine of stewardship with the tithe as the minimum standard of giving. Our General Association should approve this recommendation of the Southern Baptist Convention heartily and unanimously. In carrying out these recommendations of our Southwide body your Executive Board set up a Statewide Every-Member Canvass Committee composed of the following: E. Godbold, Director; E. J. Rogers, Organization; Frank Tripp, Enlistment of Pastors; Joseph E. Brown, Publicity; Mrs. J. G. Reynolds, Enlistment of Women; J. C. Hockett, Jr., Enlistment of Sunday Schools and B. Y. P. U's. This committee has asked each association to set up a committee to work in her territory and to be at the disposal of every church in her constituency. To date fifty-five associations have definitely acted on the recommendation and set up some sort of an organization for this purpose. Six associations have more or less heartily approved the recommendation but as yet have not reported such an organization and twenty-three associations have not responded to the request for an Every-Member Canvass Committee in their territories.

The recommendations of the Southern Baptist Convention also carry a request that every church form an adequate organization for putting over this project among her membership. Many of our churches have already attended to this matter. Some of them have already put on their canvasses. The great majority have adopted the date for the simultaneous Southwide canvass November 29-December 6, and are looking forward to perfecting their plans accordingly.

Your Statewide Every-Member Canvass Committee is distributing literature through the chairman of the associational committees. Each associational chairman has been requested to distribute this literature in his territory in the manner that will be the most helpful to the churches. An abridged edition of the study course on stewardship issued by our Sunday School Board and written by Dr. P. E. Burroughs, "Our Lord and Ours," has been printed for general distribution throughout the territory of the Southen Baptist Convention with the hope that our churches will hold stewardship schools using this booklet as the basis of the study of this doctrine. Every pastor in the state, whose name and address your general offices have, has been sent a complimentary copy. Our Book Department will furnish these booklets to churches that desire to use them for ten cents each plus postage. A single copy will cost fourteen cents including the four cents postage. A shipment of a large number of copies will cost much less in the matter of postage expenses. We recommend a close study of this booklet to every member of every church. We are sending out from your general offices this week to the chairman of every associational committee a handbook for canvassers, a small pamphlet containing definite suggestions and information to workers in the Every-Member Canvass in the churches. This is furnished free of charge. We shall send to these associational chairmen in addition to the literature mentioned above sufficient quantities of tracts on our denominational work including Home Missions, Foreign Missions, our Seminaries, our Benevolences, and the work within our state with the hope that every church will get a sufficient supply of these tracts to enable the membership to get full information about these features of our denominational endeavor.

Our General Association recommends to every district association in the state that she set up a functioning Every-Member Canvass Committee to help and to be at the disposal of the churches in her constituency in their efforts to get the greatest blessing from this endeavor. We recommend to every church the adoption of the recommendations of the Southern Baptist Convention con-

cerning the revision of her membership roll, the appointment of a finance and budget committee, the adoption of a budget plan of finance and the underwriting of this plan by a canvass of every member on the roll to get his subscription payable weekly on the basis of the Bible doctrine of stewardship with the tithe as the minimum measure of his giving. We request every church in our state to provide worthily in her financial plan for our denominational work. Our General Association has declared her purpose to go to the fifty-fifty basis of division of denominational receipts as between state and worldwide objects just as soon as possible. We earnestly request every church to set this same basis of division as her goal in this matter and that she begin to work toward this goal by including our denominational work for as large a proportion of her budget as possible for the next year.

The Promotion Committee of Southern Baptists has asked us to secure in Missouri not less than 51,000 tithers among the memberships of our churches. Our Executive Board has set a goal of 60,000 tithers for us in this state. Our General Association recommends to every church the promotion of the practice among her membership of using the tithe as the minimum standard of giving and that the number of the membership of the church who will agree to adopt this standard of giving be determined and reported to Director E. Godbold of our Statewide Every-Member Canvass Committee immediately on the completion of this work in each church.

Our records show that during 1921 Missouri Baptists gave for all denominational work $440,927.28 and during 1931, ten years later, $327,531.01. This decrease in gifts to our Baptist work in Missouri and beyond our borders shows how necessary it is that every church in our state give more worthy support to our Baptist missionary, educational and benevolent undertakings.

EDGAR GODBOLD.

22. J. T. Henderson, Knoxville, Tennessee, secretary of the Laymen's Work of the Southern Baptist Convention, addressed the Association on the subject of the Every-Member Canvass.

23. S. E. Ewing, St. Louis, presented the following resolution, which, on motion, was adopted:

St. Louis Invites Centennial Meeting

1. Announcement has been made concerning the importance of the proposed Centennial Celebration of the

organization of the Missouri Baptist General Association in the year, 1934.

2. It has been further announced that the co-operating Baptist forces of St. Louis have invited the Association to hold its 1934 session in that City.

3. Therefore, Be It Resolved: That the place of meeting for the year, 1924, be referred to the State Executive Board, with the request that the place of meeting for 1934 be announced as soon as possible.

24. The Moderator announced the

COMMITTEE ON NOMINATIONS

WEDNESDAY MORNING, OCTOBER 21ST

26. The Association was called to order by Moderator Walter C. Goodson, Macon, at 9:00 A. M. Carroll V. Day, Kansas City, Song Leader; Mrs. L. P. Coleman, Springfield, at the piano. Devotional Services were conducted by the Moderator—W. E. Gwatkin, Columbia; W. P. Clark, Arkansas; H. A. Smoot, Macon; J. F. Vines, Kansas City, leading in prayer.

27. President Courts Redford, Bolivar, presented the report of

SOUTHWEST BAPTIST COLLEGE

It is with thankful hearts that we bring this annual report of Southwest Baptist College to the attention of Missouri Baptists. Last year proved to be a period of splendid achievement and this year promises to be a time of even greater advancement.

The college has enrolled to date 193 students. Of these, 54 are college sophomores, 89 are college freshmen, 26 are academy students, and 24 are in the special departments. There are 15 more college students enrolled than were enrolled at this period last year and there are 16 fewer enrolled in the academy.

Of these 193 students enrolled, 139 are Baptists, 11 have Baptist preference, 36 are from other denominations, and 7 express no denominational preference. There are 9 students who are not professing Christians.

Information secured from 153 students answering a questionnaire in chapel shows that 41, or 27% of the students answering the questonnaire would not have been in college had it not been for this institution. Only 18, or 11% of the students, would have been in other Baptist schools; 16 would have enrolled in the Baptist schools of this state, and 2 would have gone to Baptist institutions of other states. Ninety-six students or 63% would have entered state institutions or schools of other denominations.

According to their answers most of these students were attracted to Southwest Baptist College by the good reputation which the school has. The low cost was the second reason given for their selection, and the influence of other students ranked third. The desire of parents was given as the fourth influence and the location of the school was placed fifth.

Students have come from 45 counties, 7 other states, and one foreign country. Including 23 students who are enrolled only in the special departments, there are 63 students from Polk County. There are 118 from other counties, 11 from other states and one from Russia.

There are now enrolled 37 ministerial students. Eighteen of these are in the academy and 19 in the college. We shall likely enroll 50 ministerial students before the end of the term. We enrolled 48 last year. There are about 20 students who belong to the Volunteer Band.

Students and former students of Southwest are preaching in 214 Baptist churches in Missouri. The college had 4 standard B. Y. P. U.'s last year, the only standard college Y. W. A. in the state, and met all the requirements for a B. S. U. of the First Magnitude. For three consecutive years the tithing essay contest has been won by students of this institution. The president of the State Baptist Student Union is a former student and more than half of the state B. Y. P. U. officers of the past two years have been students or former students.

The college contributed last year in free tuition to ministerial and missionary students $2,510. Southwest Baptist College gives free tuition to ministerial students and half tuition to missionary volunteers. Half tuition is also given to sons and daughters of ministers.

This is the only co-educational Baptist school in the state maintaining an academy. It costs approximately $6,000 a year to operate our high school department. If it were not for the ministers and missionaries we could discontinue the high school work and save a large part of this expense. The net saving would be approximately $3,000 annually. Even though it is a financial liability we do not believe that the academy should be discontinued. Last year 24 preachers and 2 missionary volunteers were enrolled in the academy. About 80% of all of our academy students this year are studying for some special religious work. To close the academy would mean to close the door of opportunity for religious training to these young people. Most of them could not and would not attend a regular high school. The average age of our high school pupils is 24.4. The average age of our college students is 18.9. Most of those in the academy would feel entirely out of place in a regular high school. Southwest Baptist College is thus making a distinct denominational contribution by maintaining this academy. The operating loss of the academy may justly be considered a direct denominational contribution. This operating loss of $3,000 plus the concessions of $2,510 made to ministers and volunteers makes a total of $5,510 contributed last year to the training of our Baptist leaders.

Students of Southwest rank high among the graduates from our high schools. Forty of those enrolled in college are honor students. There are 12 valedictorians and 11 salutatorians. It is doubtful whether any institution in the state can boast of a higher percentage of honor students.

The college has been able to make some financial progress during the past year. The audit made as of July 31, 1931, shows a net operating gain of $672.46. The audit of the previous year showed an operating loss of $18,907.83. The receipts last year were $56,452.68 compared with $45,211.31 the previous year. Last year the expenditures were $55,780.22 compared with $64,019.14 the previous year. It will be noticed that the receipts were $11,241.37 more than the receipts of the previous year, while expenditures were $8,238.92 less. We received less from the cooperative program last year than was received the previous year.

By making some office adjustments and adjustments in the administration it has been possible to further reduce the budget

for the coming year. The budget for next year is approximately $3,000 less than the actual expenditures of the past year. The income from students will be at least $1,000 more than the income for the past year. If the college can secure as much support from its friends and from the denomination as was secured last year it will be able to report an operating gain of at least $4,500.00 next year.

This program of economy has not in any way interfered with the efficiency of the scholastic work of the college. More college courses are now being offered than ever before and the cost of college instruction is as great if not greater than in previous years. Considerable additions have been made during the past year to the library and to the science laboratories. The college has never had a faculty of higher standing.

There have been a few new faculty members added this year. Miss Ruth Lindsey is head of the modern language department, having taken the place of Mr. J. F. Nelson. Mr. T. W. Beasley is head of the history department, a position formerly held by Mr. James A. Moffit. Mrs. Nellie S. Jackson has been employed as head of the department of physical education for young women. Mrs. Oscar Pigg has accepted the position as head of the commercial department. These new teachers are proving real assets to the institution.

The Board of Trustees is planning to celebrate the beginning of the second half century of the institution's work. A special program properly celebrating this milestone of achievement will be planned for some date in the early spring. Denominational leaders and school leaders will be invited to participate in this celebration.

The Board of Trustees and Administration face the future with new courage and faith. Plans are being launched to make new friends for the college and to enlist more people in financial support. To this end we ask the General Association to assist as follows:

First: To approve the type of program now being carried on by the college and to assure its Board of Trustees and Administration full and enthusiastic support.

Second: To approve the plan now being launched by the college to secure larger financial support by enlisting a number of men and women as members of the Christian Education Promotion Club of Southwest Baptist College, each member paying one hundred dollars during the year for the support of the college.

Third: To endorse the plan of the college to get as many churches as possible in Southwest Missouri to observe Christian Education Day in June and to make an offering to the college on that day.

Fourth: To encourage churches and pastors of Southwest Missouri to cooperate in the Evangelistic Program launched at the ministers' meeting at the college last June. Pastors are being asked to give two weeks of their time for an evangelistic meeting and the churches are asked to give the offering for these meetings to the college.

Fifth: To assist in every way possible through the Executive Board and Institutions Committee or Educational Committee in finding men of wealth and influencing them to make liberal gifts to Christian Education.

The assistance of the Baptists of Missouri along these lines will guarantee the continued growth of the institution and will make it possible to further reduce our indebtedness.

AUDIT SOUTHWEST BAPTIST COLLEGE, BOLIVAR, MISSOURI, AS OF JULY 31, 1931

By Southwest Audit and Systems Company, Public Accountants and Auditors, Springfield, Missouri.

Springfield, Missouri, September 24, 1931.

Board of Trustees,
Southwest Baptist College,
Bolivar, Missouri.
Gentlemen:

In accordance with request, we have made an audit of the books and records of the Southwest Baptist College for the period ending July 31, 1931, and we herewith submit our report.

The audit embraces the verification of the recorded receipts and disbursements, additions to assets during the period and the liabilities of the college as of July 31, 1931.

Endowment Fund Assets

The Farmers State Bank, in which $1,000.00 of Endowment money was on deposit, has been closed and placed in the hands of the State Finance Department. The College owes this bank $900.00 in notes and may be able to offset the notes against the amount on deposit. If this can be done, the loss to the college will be small.

General Fund

Cash in Banks $2,336.61

This balance is on deposit in the following banks and was verified direct with them.

First National Bank, Bolivar, Missouri.....	$ 95.45
Polk County Bank, Bolivar, Missouri.....	510.69
Mississippi Valley Trust Co., St. Louis, Mo.....	1,730.47
Total Cash in Banks.....	$2,336.61

Real Estate $19,000.00

This amount represents the value placed on the campus ground of $12,000.00 and $7,000.00 on the dormitory grounds. The value was decided upon by the President and Secretary of the College. Heretofore, no segregation was made of the buildings and grounds. We have used the above value to separate them. Depreciation which has been charged on the above values was credited to surplus by us and amounted to $2,786.67.

Notes payable to Banks $10,900.00

These notes were verified direct with the holders and are as follows:

Polk County Bank, Bolivar, Missouri.....	$ 5,000.00
First National Bank, Bolivar, Missouri.....	3,500.00
Union National Bank, Springfield, Missouri..	1,500.00
Farmers State Bank, Bolivar, Missouri.....	900.00
Total Notes Payable to Banks.....	$10,900.00

Notes Payable to Individuals $1,300.00

Joseph Nelson	$ 100.00
M. G. Ray	300.00
S. H. Miller	500.00
J. W. Jent (Now signed by Courts Redford).	400.00
Total Notes Payable to Individuals.....	$1,300.00

6% Debenture Notes

We were unable to account for all the Debenture Note books. It appears that the Debenture Notes are numbered in numerical order and are bound fifteen in a book. Numbers 151 to 180 are missing, which would be two books. Then 196 to 240 were missing, which would be three books. Evidently, there were also more bonds printed than we have accounted for. No bonds appear to have been issued for the Crawford loan, but $200.00 was paid to Crawford on this loan.

Debenture Notes, August 1, 1930		$4,300.00
New Notes issued during Fiscal Year		440.54
		$4,740.54
Less: Notes paid during Fiscal Year		$1,000.00
Debenture Notes outstanding as of July 31, 1931		$3,740.00

Accrued Interest Payable was set up in the amount of $204.00 on the outstanding notes.

6% First Mortgage Bonds Payable $64,000.00

$4,000.00 of these bonds were payable January 1, 1931, and are now past due. Accrued Interest Payable has been set up on the bonds outstanding.

It will be observed from the accompanying statement marked Exhibit "B" that the College shows a profit of $672.46 before charging depreciation. Depreciation charge for the year amounted to $6,386.51, making a loss of $5,714.05, which has been carried to the General Fund.

Due to the present method of handling Accounts Payable, we were unable to determine if all of the liabilities are shown.

28. President John F. Herget, Liberty, presented the report of

WILLIAM JEWELL COLLEGE

At the present time the small colleges are receiving much attention and are being made the subject of almost endless discussion. There are many who feel that they are destined to pass out of the educational field for several reasons: First, because their equipment and endowment in most cases are sadly inadequate, making it impossible for them to compete with the large universities in the advantages and opportunities offered to young people seeking the best in education. Second, because the special field which they have heretofore occupied is being taken over by other institutions. In former years nearly every small college had its academy or high school department. With the rapid multiplication of public

high schools, the maintenance of such departments in the small colleges is no longer necessary or wise. In more recent years, cities, large and small, have established their own junior colleges which carry their students through the first two years of their college work and the professional schools have dipped down into the junior and senior college years. To many observers, therefore, it appears that the small four year college is being ground to dust between these lower and upper mill stones.

In spite, however, of these gloomy forecasts, it is hardly time to arrange for the funeral service and burial of the small college. Certain facts in the situation should not be overlooked.

1. No informed student of the subject will be disposed to deny that in past years the small colleges have made a tremendous contribution to the cultural development of the citizenship of our country and have provided more than their share of outstanding leaders in every field of human endeavor.

2. The small colleges still provide for the education of one-half of all the students in colleges and universities in this country. A paragraph of an article which appeared in "The Liberal Arts College Bulletin" for November, 1930, is worthy of the most thoughtful study and consideration of all those who have the interests of higher education at heart. I quote it here for the benefit of those of you who may not have seen it.

"There are between 400 and 500 small colleges in the United States. These colleges carry a heavy part of the educational load. Their combined enrollments approximate 500,000 students. These 500,000 students must attend the small colleges, or they cannot go to college at all. The larger institutions have reached capacity enrollments, and while their endowments are increasing, they cannot be expected to greatly increase their enrollments. In a democracy like ours which aims to give equality of opportunity to all alike, should not provisions be made whereby the only colleges these 500,000 students can possibly get into shall be so equipped and so endowed that a 'square deal' in cultural education shall be given to all who are qualified, mentally and morally, to take advantage of a college education? The small college and its needs offer an opportunity, unequaled in obligation, to all institutions and to all citizens of the republic to lend a hand in an unselfish educational service which will mean great things for the upbuilding of our republic along the lines in which destiny seems to point the way."

3. The small colleges have advantages for the students which the great universities with all their wealth and equipment cannot

offer. The students in the small college have opportunity to become acquainted with and to mix with the entire student body. They also have the benefit of direct personal contact with the professors and heads of departments, both in and out of the classroom, in a way that would be impossible for the average undergraduate in a large university. Some of our largest universities are recognizing this handicap under which they labor and they are earnestly seeking to find a way to secure for their own student bodies that which every small college can easily and naturally do for its students.

4. The Christian college has still another vital reason for its continuance. It provides the churches with practically all of their ministers and missionaries and with a considerable part of their lay leadership. For their own preservation, and in order that they may function effectively in the evangelization of the world, the various Christian denominations must provide for the Christian education and training of their young people and especially for those who are to occupy places of leadership in the pulpit and in the pew.

Our Christian schools have been and are making a glorious contribution to the intellectual, moral and spiritual leadership of the nation and to the cause of Christ in the world.

Dr. Robert L. Kelly, the executive secretary of the Council of Church Boards of Education, in his annual report, published in Christian Education, March 1931, makes the following significant statements:

"Where do you find the largest group of the strongest colleges in America? You find the largest group by far on the lists published by the Church Boards of Education. They are on foundations the chief cornerstone of which is religion. Of the 193 colleges on the approved list of the Association of American Universities all but fifty-seven—not counting the colleges of the twenty-six American Universities themselves holding membership in the association—all but fifty-seven are in some way church related. Thirty-three of these have relationships with the Methodist churches, twenty-six with the Congregational churches, twenty with the Presbyterian churches, seventeen with the Baptist churches, sixteen with the Catholic churches, five with the Protestant Episcopal churches, five with the Lutheran churches, four each with the Disciples and Friends, and eight with other churches."

Again Dr. Kelly says: "A study made this year of the college sources of the men in Who's Who in America shows that it is the

church-related colleges—certainly the colleges that recognize religion as an essential element in a liberal education—that stand at the head of the list."

Instead, therefore, of withdrawing support from our small Christian colleges, or of allowing them to die through failure to provide for them the necessities of life, those interested in the future moral and spiritual welfare of the nation and those who are interested in the advancement of the Kingdom of Christ in the world should increase their support and give our Christian colleges that equipment and endowment which will enable them to do scholastic work of the highest order and to provide thorough Christian training.

William Jewell is proud to be counted as one of the small Christian colleges whose united contribution to the leadership of the nation and the Kingdom of Christ is so worthy and glorious.

It is gratifying to report that our enrollment for the school year 1930-1931 showed an increase of thirty-three over the previous year. We had seventy-one ministerial students, the largest number for some years. Twenty-five of these students served as pastors to thirty-nine churches. In addition, there were eighteen other students, preparing for the mission field or for some other form of specific Christian service. The total enrollment was 442, of whom 311, or 70%, were young men and 131, or 30%, young ladies.

The religious affiliations of the students were as follows:

Baptists	276
Methodists	53
Christians	42
Presbyterians	27
Other Denominations	21
No church affiliation	23

Thus it will be seen that 62% were members of Baptist churches, a number of whom united with the Baptist Church in Liberty during the school year on a profession of their faith in Christ.

The students were enrolled by classes as follows:

Senior	60
Junior	91
Sophomore	128

Freshman	148
Special Students	15
Total	442
In Summer School last summer	142
The Freshman Class in the Kansas City Western Dental College	83
GRAND TOTAL	667

In June, 60 students graduated with the degree of A. B. and at the end of summer school, 19 others received their degrees, making 79 in all.

At the commencement in June the degree of Doctor of Laws was conferred upon Judge John J. Hawkins of Los Angeles, California, and also upon Dean Walter E. Morrow of the Central State Teachers College at Warrensburg, Missouri. The degree of Doctor of Divinity was conferred upon Chaplain Thomas A. Harkins of the United States Army, Rev. W. F. Ripley of Denver, Colorado, and Rev. Frank B. Haggard of Hartford, Connecticut.

The spirit and conduct of the student body as a whole was such as one would expect to find in a Christian school. The students last year also brought added honors to the college. Our basket-ball team under the fine coaching of Mr. Collins, won the championship cup at the Missouri College Athletic Union tournament, held in Fulton, and at the tri-state debate and oratorical tournament also held in Fulton, our girls' debate team acquitted itself with credit, winning four and losing four debates; our boys' team won seven out of eight debates and carried off the championship, and Lowell Ditzen, a sophomore, took the championship in oratory. In this tournament Western Illinois, Iowa, and Missouri were represented. Mr. W. Prewitt Ewing deserves high praise for his excellent coaching of the debaters and orators.

The glee clubs, under the direction of Mr. Grosch, and the dramatic club, under the direction of Miss Virginia Rice, gave performances of a high character and received much praise at their appearance in various other places in the state as well as in Liberty.

Two of our students who graduated in June were appointed to coveted fellowships. Elmer Coons received a fellowship in sociology at the University of Virginia and George R. Cuthbertson was awarded fellowships in chemistry at both Purdue and Harvard Universities and accepted the fellowship in Harvard.

Miss Mildred Perkins of the class of '29 was awarded a fellowship in Latin and Greek in Kansas University, and Mr. Charles Burke of the class of '28, and for the last two years instructor in mathematics and physics in William Jewell, was given the Marston Scholarship in Brown University.

Our Student Volunteer Band presented the well-known missionary play, "The Servant in the House," in fifteen different places in the state of Missouri. They were enthusiastically received at every performance and were unable to accept all the invitations which came to them.

A male quartette, composed of Edgar Williams, Paul Fisher, Marvin Utter and John Parr, gave special programs in many of the churches and high schools in Missouri and Iowa. A number of letters of commendation of their work were received by the president from the churches in which they appeared.

The enrollment this fall both on the hill and in the extension department in Kansas City-Western Dental College is considerably larger than last fall. There are 175 in the freshman class which is the largest for a number of years. Last year we had 148. The spirit of the student body is exceptionally good.

Seventy-six of the students enrolled this fall are preparing for the ministry or some other special form of Christian service. It is a group of which we have just reason to be proud. The meetings of the ministerial group on Tuesday afternoons and of the Student Volunteers on Monday evenings are always largely attended and full of enthusiasm and noble spiritual purpose.

Many of our students in order to get through college have to spend an unreasonable amount of time at any work they can get to keep themselves in school. This is particularly true of the boys and it is unfortunate because it makes it impossible for them to do as high grade work in their classes as they are capable of doing. However it is better for them to get an education in this way than to be deprived of the opportunity of going to college at all.

The Faculty

The president wishes to record his appreciation of the faithful and efficient service, and of the commendable spirit of co-operation on the part of the teaching staff. Every Tuesday noon a faculty luncheon is held in New Ely Hall and at these meetings matters of ordinary business are attended to. When more important matters requiring extended consideration and discussion arise, spe-

cial meetings are held either in the afternoon or evening. On the first Monday evening in each month a social meeting of the faculty is held with dinner in New Ely Hall. To these gatherings the wives of the faculty members and other guests are invited.

The average length of service at William Jewell College of our teaching staff is a little over six years and there has been little change this year. Mr. Clarence Chrisman, instructor in Spanish and French, was granted a year's leave of absence to pursue graduate work in Kansas University. Mr. Henry Davis, a graduate of William Jewell, has been elected to fill the vacancy. Mr. Charles Burke, instructor in Physics and Mathematics, has left to continue his graduate work in Brown University. Mr. Joseph Van Trump, who graduated last June, from William Jewell, has been appointed to this position. Miss Eleanor Burton, instructor in Biology, has left to take a course in medicine and Miss Helen Churchill of Kansas University has been elected as instructor in Biology.

All the members of our teaching staff are men and women of high Christian character who are loyal to Christ and His word and active in church work. For those who are leaving us this year, we have the highest regard and we wish for them the largest success as they seek to prepare themeslves for greater service.

Town and Gown

The relations between the city of Liberty and our college community are most cordial and happy. There is the most fraternal feeling between the college and the high school in Liberty. Mr. Kay, the superintendent of schools, co-operates cheerfully with the college in providing opportunity in the high school for practice teaching for the students of our education department.

Through the courtesy of the management of the Liberty Tribune, students in the classes in journalism have been permitted to do news reporting, working under the direction of the news editor. This arrangement provides the students with practical news writing experience.

Indicative of the fine support being given the college by the business men of Liberty is the recent purchase and free distribution by the Chamber of Commerce of five thousand Cardinal stickers, our college emblem, to be used in the windows of automobiles.

The churches of Liberty give us sympathetic cooperation. The Methodist church sets aside one Sunday each year as William Jewell Sunday. A special program for the evening service is provided and the president of the college is invited to preach the ser-

mon. This invitation is gladly accepted each year. The other churches in a like cordial spirit have invited the members of our faculty to address them on various occasions.

The Baptist church is so organized in all of its work as to render constant service to the young people at the college and the members of the faculty and the students are to be found in large numbers each week at the Sunday school, young peoples' service, morning and evening preaching service, and at the Wednesday night prayer meeting. Our pastor, Rev. Forrest C. Feezor, not only ministers to the students at and through the various services of the church, but he comes regularly to the campus, especially to the chapel services, and he is always cordially welcomed by both students and faculty.

The auditor's report as of June 30, 1931, has already been placed in the hands of the Executive Board of the General Association.

The deficit in the current fund June 30, 1930, was $17,000. Last year the income from endowment funds was $7,000 less than the previous year, due chiefly to the inability of farmers to pay interest on their mortgages. In spite of this fact, however, because of economies effected and because of $11,500 received in special gifts for the current fund, we operated without a deficit for the year and reduced the existing deficit to $15,945.16.

For this present school year we have made a further cut in our operating budget of $7,000 and we are seeking to secure $10,000 in special gifts for the current fund. We are inviting contributions in any amount, from $2.00 up, for this purpose. Surely a host of our Baptist people throughout the state will be glad to make some offering for this purpose and thus enable us to operate without a deficit for this year and to make a substantial reduction in the existing deficit.

We are counting upon the love, the loyalty, the confidence, the prayers, and the generosity of Missouri Baptists in the effort to enable the college to serve the purpose for which it was founded eighty-two years ago and to render increasing service to the denomination and the Kingdom of Christ in the years to come.

JOHN F. HERGET, President.
W. D. JOHNSON, President of the Board of Trustees.

29. W. M. Wigger, St. Louis, Secretary of the Board of Trustees, presented the report of

WILL MAYFIELD COLLEGE

The Trustees of Will Mayfield College have tried most earnestly during the past year to discharge the responsibilities which were theirs by virtue of their election by the Missouri Baptist General Association.

Under the leadership of President J. W. Jeffries, the school was reopened in September, 1930, but with a most disappointing enrollment. The correspondence of Dr. Jeffries during the preceding weeks had led him to expect a very large number of students. At the same time a financial campaign under the leadership of Secretary Ray E. York was launched in the hope of securing funds for the payment of debts as well as the operation of the school.

It soon became apparent, however, that the financial depression of the country, plus the extreme drought in Southeast Missouri, would prevent the successful completion of the campaign, and it was accordingly suspended in December, 1930. There was nothing left to do but to suspend all scholastic activities at the close of the first term, January 12, 1931. This was accordingly done, at which time all teachers and employees of the school who were receiving salaries ended their services.

At this time the Board elected Rev. Ray E. York, of Kansas City, as Executive Secretary with administrative powers. He

consented to the responsibility, contributing his own entire salary, but reserving the privilege of doing any work of a remunerative nature which he might desire to do, in order to provide his own living.

Since the change in administration and the closing of the school activities, the indebtedness has been reduced about $4,000.00; a program for the raising of funds for the payment of the college debts has been prepared and the organization for this purpose is set up, waiting only the return of better times to the country for starting to put it into operation; most of the indebtedness has been refunded, and the good-will and cooperation of most of the creditors has been secured; and the school property has been looked after, and in some respects improved.

When the Board of Trustees voted to suspend temporarily the school activities, they voted upon themselves three restrictions as to the reopening of the school:

First, all indebtedness must be liquidated and the creditors satisfied;

Second, sufficient operating expense funds must be raised to insure the uninterrupted operation of the school for at least one year;

Third, the approval of the Executive Board of the General Association for the reopening must be obtained.

The third restriction was voted by the Board upon the assumption that the College is the property of the General Association, the Board of Trustees a committee of that body, and that the Executive Board has therefore jurisdiction and power over the College. Recently some question has been raised as to the correctness of this assumption. Should such an assumption prove to be incorrect, then it would follow that the third restriction would thereby be dissolved.

It is the confident expectation of the Trustees that when the first two restrictions as to the reopening have been fulfilled, viz., when the debts are paid and the funds are on hand for the successful operation of the school, the Executive Board will be glad to give the signal for the reopening. And the Trustees are now ready to go after the funds for the debts and the operation of the school, just as soon as the present business depression passes.

The most important development of the year, perhaps, has been the formation of the "Will Mayfield College Sustaining Asso-

ciation." This is a group of Baptist men and women who by their monthly contributions are determined to underwrite ultimately the operating expenses of the school until such time as an endowment can be obtained sufficient to carry the school without such gifts. At the present time, all the financial activities of the College are being carried on through this Sustaining Association.

The Board of Trustees believes that Southeast Missouri presents a most unique educational need, and that Will Mayfield College is the only opportunity to supply that need, and that a solemn obligation, therefore, rests upon the Baptists of Southeast Missouri to redeem the college from its present debts and to reopen it, to continue the great work which it has so beneficially done in the past.

They also look upon themselves as the stewards of the General Association, and they are therefore ready to carry out any instructions which the General Association may care to vote upon them, or any suggestions which may come to them from the Executive Board. If the plans and purposes outlined above are not in keeping with the wishes of Missouri Baptists, they will be thankful for instructions as to what it is desired that they shall do.

RAY E. YORK, Executive Secretary.

NOTE: No Auditor's Report or Financial Statement was submitted. L. E. Mahan, Chairman of the Advisory Council, wired Secretary S. E. Ewing as follows: "Regret that I cannot be present this morning. Have been unable to get Will Mayfield figures from York. Under circumstances and present conditions, future of College very doubtful."

30. President J. M. Wood, Columbia, presented the report of

STEPHENS COLLEGE.

The Board of Curators of Stephens College begs leave to submit the following report taken from the audit of Messrs. Baird, Kurtz & Dobson for the school year ended June 30, 1931.

Commonwealth Fund	97.97
Total Liabilities and Equity	$1,598,727.55

The principal changes in the Balance Sheet during the year may be summarized to show the application of the increase of General Fund Equity as follows:

Increase in Land, Buildings and Equipment	$251,933.98
Increase in Sundry Current Assets	6,755.13
Bonds Retired	18,000.00

Decrease of Accounts Payable and Annuity Bonds	11,251.49	$287,940.60
Decrease of Loan to Building Fund	$70,000.00	
Real Estate Purchase Obligations Increased.	35,000.00

Net Increase in General Fund Equity		$159,240.60
Receipts for Christian Education	$3,519.99	
Expenses	7,470.12	
Balance expended by College for Maintenance of Department	$3,950.13	

ANALYSIS OF CHANGES IN ASSETS AND LIABILITIES

Report of the auditors of June 30, 1931, as compared to the report of the Committee of Ten (March, 1931) shows the following increases in college assets since the latter date:

Increase in value of land, buildings and equipment, (including new dormitory and real estate purchase additions to college grounds and buildings)		$253,708.58
Less Notes Payable for temporary financing of dormitory	$64,300	
Less deferred payments on real estate obligations	35,000	
		99,300.00
Net increase in real estate, buildings and equipment		$154,408.58

Since June 30, there has been received for reduction of notes payable on dormitory $10,000, and for reduction of deferred payments on real estate, $1,000. The college still has in unreported assets pledges of $99,000, which will be $10,700 in excess of the amount required to complete the payment for dormitory and real estate purchase.

Increase in endowment, $1,324.38, making the present endowment $63,324.38. There is also an unreported asset of $35,000 additional pledges to the endowment fund payable in three and four years.

The present annuity bond liabilities of the college total $35,300. Of this amount $5,300 represents cash contributions to the annuity fund, and $30,000 real estate deeded to the college on 6% annual interest until death of annuitants.

Operation for the year ended June 30, 1931, showed a better net gain than for either of the two preceding years, notwithstanding the drought and financial depression. The difference in receipts over disbursements was sufficient to substantially increase the surplus equity of the college after payment of all interest obligations.

The sum reported for accounts payable and accruals is offset by a larger amount for cash, accounts receivable and supplies. The bonded indebtedness of the college is being further reduced $19,500 on October 15, 1931, bringing the original outstanding bonds down from $500,000 to $386,000.

For the continued successful operation of Stephens College, despite the difficulties of the time, the Curators feel grateful to Him for Whose service this institution has been dedicated since the day of its founding. During the past three years we have been able to keep up the attendance which has totalled over 600 boarding students, and our record of seventeen years without a deficit in operating budget has been extended, we are glad to say, over into the eighteenth year.

Since 1929, gifts to the college from individuals and foundations have amounted to approximately $375,000, which exceeds in amount the gifts of any like period of the past.

We are trying to demonstrate that an institution of this type, devoted to the highest ideals in education and to a sincere attempt to fit the religion of Christ into the lives of young people, has a place and a demand in this day and generation.

During the term which closed with June 30, 1931, some thirty-six hundred separate young people came under the influence of the religious activities of the school.

Having demonstrated with reasonable success that a college for women in Missouri can be successfully conducted along the lines which this institution has followed, we believe that there should be those in our denomination sufficiently interested in such a challenging program to help us remove the indebtedness which has been incurred for the construction of buildings and the purchasing of equipment so that we will not be obliged to devote to the payment of interest, revenues which could be so much more profitably used in other channels.

HUGH STEPHENS, President of the
Board of Curators.

31. President A. F. Morris, Hannibal, presented the report of

HANNIBAL-LA GRANGE COLLEGE

Hannibal-LaGrange College has opened its third scholastic year in its new location, on College Heights, Hannibal, Mo. The total enrollment for this season is slightly under that of one year ago. Encouragement, however, is to be taken from the fact that the dormitory enrollment is the same as it was one year ago.

Our enrollment to date is one hundred ninety. There are fifty-three (53) seniors, eighty (80) juniors, twenty-two (22) specials, and thirty-five (35) extension class students. There are one hundred fifty-five (155) students in the campus enrollment and thirty-five (35) in the down-town classes.

Although Hannibal-LaGrange College was established at La-Grange, Missouri, in 1858, and has a long history of achievement, it is thought of by many Baptists as being a new College, due to the removal to Hannibal in 1928. The College is as distinctly Baptistic in its new location as it has ever been. Its Baptist friends are more numerous and it has the added impetus of a wider acquaintanceship and service area.

At the present time seven states and forty-five different towns and communities are represented in the student body. With the improvement of highways sixty-one and thirty-six there is a greater tendency to drive from near-by towns. Sixty-six students of the total number are members of Baptist churches, and fourteen students are not members of any church.

Plans have gradually been going forward toward beautifying the campus. Various clubs and friends of the college have planted as many as four hundred trees and shrubs in the last twelve months. The college has one hundred sixty acres of campus ideally adapted for the purpose which it serves.

A new feature added to the college is the Department of Religious Activities. Professor Cleates E. Hanan has been appointed director of Religious Activities and has organized the student body for a more constructive interpretation of the religious work done by students. The purpose of this work is to carry on the mid-week prayer service and the religious activities of all students, and to enlist every student in some phrase of Christian service.

The finances of the college continue to present a challenge. All but $13,000.00 of the pledge made to the Hannibal Chamber of Commerce fund has been collected. The heroic task that Han-

nibal undertook in raising over a quarter million dollars in order to bring LaGrange College to Hannibal should challenge the friends of the College. The community of Hannibal and immediate territory has continued to give the college the very best support and patronage. The support drawn from Missouri, Illinois, and other territory has enabled the college to operate with a slight gain in operating funds during the past year, when only actual operating expenses are considered. The payment of principal and interest on the bonded indebtedness makes a payment of approximately $10,000 due each year. The Finance Committee has made a heroic effort to raise money to meet these obligations and at the same time carry on the work of the college. Reference to the financial report contained in the General Association minutes will furnish detailed information concerning the financial standing of the school.

(The above audit was submitted by Cornell & Company, Certified Public Accountants, Commerce Bldg., Kansas City. For further information and comments, confer with Blake Smith, Mexico, President Hardin College.)

Note: When the above audit was made the auditors did not have access to an adequate and thorough appraisal of the buildings and grounds. We have had a careful appraisal made by Felix and Company of St. Louis, which values the ground and buildings at $917,000. If this new appraisal had been taken into consideration by the auditors, the total surplus of Hardin College would have been $408,166.87, instead of a deficit of $60,041.55.

II.

The enrollment for the year 1931-1932 is approximately the same that it was last year. The Board of Trustees, following the

suggestion of the President, cut expenses in all departments so that the school will be able to run within its income this year, provided the student accounts are paid promptly. This enormous reduction in expenses has been accomplished by combining certain departments, at the suggestion of the University of Missouri, and by reducing all salaries. This reduction in expenses has not lowered the standing of the school in any way whatsoever. By living within our income this year we will be able to accomplish results which have not been possible for several years, because for the last six years the school has shown an operating deficit each year of several thousand dollars.

The students this year come from seventeen states. Forty-seven per cent of the student body is Baptist and is actively associated with the First Baptist Church of Mexico.

Dr. John H. Whitson, for eight years head of the Bible Department. did not return this year, and that Department is headed by the President, Blake Smith. All of the employees of the College except five are members of the First Baptist Church of Mexico. Dean Arthur F. Wagner is organist at the First Baptist Church. Dean Smith, head of the Voice Department, is director of the choir and the President, Blake Smith, is Pastor of the church.

By making a special effort we have been able to secure an unusually high type of girls. Coming as they do from seventeen states, there is a cosmopolitan atmosphere in the institution which has not been had for several years.

III.

In March, 1931, the Executive Committee of the Board of the General Association approved a plan to lease the College to President Blake Smith. However, this plan was not approved by the courts, and since that time the College Board and the Administration have been working on a plan to re-finance the College. The Board of Trustees authorized Mr. Maurice H. Winger to appoint a committee of two, besides himself, to have complete charge of this re-financing program. Mr. Winger appointed Mr. E. G. Trimble of Kansas City and Mr. E. E. Amick of Nevada as the other members of his committee. This committee proposes the following plan to refinance Hardin College:

First. To sell at least two hundred thousand dollars of bonds issued by the Missouri Insurance Securities Corporation, these bonds to be assigned to Hardin College. The bonds mature at the end of ten years.

Second. When the two hundred thousand dollars in bonds have been sold we propose to get sufficient endorsements to secure a loan of three hundred and fifty thousand dollars which will be large enough to pay all of our secured and unsecured debts.

Third. By getting concessions from our creditors, we will be able to reduce the indebtedness of the College approximately thirty thousand dollars, and in addition to this we will have sufficient money to pay interest on the new loan for eighteen months, and we will have at least twenty-five thousand dollars to carry on a vigorous student campaign covering the period of two years.

Fourth. When this re-financing has been consummated the Missouri Baptist General Association will be relieved of any responsibility whatever for the debts of Hardin College. This has been accomplished by a court decree, modifying the charter and making the Board of Trustees of Hardin College self-perpetuated and not directly elected by the General Association.

When this re-financing has been completed, the credit of Hardin College will be in excellent condition, and the school will be assured of continuing for at least ten years. Furthermore, while the College will continue as a Baptist institution, the denomination will be relieved of all responsibility for any of its debts and obligations.

Under the leadership of Mr. Winger and his committee, and with the loyal cooperation of our Baptist Pastors and Churches, Hardin College will be able to rapidly regain her financial footing and continue the work which she has so gloriously done for fifty-nine years.

A. W. TANDY, President Board of Trustees.

Note: See the Resolution "Hardin College Bond Issue" for re-statement of Article III.

STATEMENT BY PRESIDENT SMITH

A complete digest of the audit report of the college has already been placed in your hands. We desire to call attention to a few points of interest in that report. The audit shows an operating deficit for the year 1930-1931 of $33,000.00. Of this amount approximately ten thousand was used to conduct an unsuccessful financial campaign, thus leaving an actual operating deficit of $23,000.00. While this amount is large, when it is considered in the light of the income for the year, it shows a remarkable decrease in operating expenses, as the auditors have pointed out in the preface to their report. The income for the college decreased forty per cent last

year from the previous year, yet the operating expenses increased only ten per cent. This shows a decrease of expenses of thirty per cent of the previous year.

At the present time the student body is approximately the same that it was last year. The students come from seventeen states. A little less than fifty per cent of them come from Baptist homes. The majority of the faculty are actively affiliated with the First Baptist Church of Mexico. Dean Wagner is organist at that church, Mr. Smith, head of the voice department is director of the choir, and the president is pastor.

Before any contracts were signed for the current year, the Board of Trustees was able fairly accurately to estimate the probable income of the school, and proceeded to cut expenses to live within that income. We are paying as we go this year, and if the student accounts are paid as promptly as we have reason to expect that they will be, we shall be able to live within our income this year. If that is done it will be the first time in ten years that the college has been able to do it.

BLAKE SMITH, President Hardin College.

Mrs. W. E. Denham, St. Louis, favored the Association with a solo. L. M. Hale, Springfield, led in prayer.

33. M. H. Winger, Kansas City, presented the following resolution, and made the motion for its adoption:

HARDIN COLLEGE BOND ISSUE

Be It Resolved that the Missouri Baptist General Association approve in principle the following plan of the Board of Trustees of the college for the purpose of refinancing Hardin College, subject to such modifications as may be approved by the Executive Committee of the Executive Board of the Missouri Baptist General Association and recommend the same to the Baptist people of the state, and,

Be It Further Resolved that the Executive Committee of the Executive Board of the Missouri Baptist General Association be and it is hereby authorized and directed to appoint a committee of three to cooperate with the trustees of Hardin College in carrying out said plan.

1. Hardin College to execute a mortgage and deed of trust on all of its property to secure an issue of First and Refunding Corporate Bonds, the authorized issue to consist of:

(a) Series A bonds in the amount of $200,000.00 which will be secured by a lien prior and paramount to the lien securing the series B bonds, to bear interest at six per cent payable annually.

(b) Series B bonds in the authorized amount of $200,000.00 secured by a lien on all the property subject only to the lien of Series A bonds, bearing interest at six per cent payable annually but without any interest for the first year.

(c) All bonds to carry only the security of the property of Hardin College.

2. Sell enough of the series B bonds at par to the public to produce a fund of $150,000.00 in cash to be applied as follows:

(a) $100,000.00 to apply in reduction of present indebtedness to Farm and Home.

(b) $25,000.00 to settle present unsecured indebtedness.

(c) $25,000.00 to finance an aggressive student campaign.

(d) All funds secured from the sale of series B bonds to be applied pro rata for the above purposes.

3. Ask Farm and Home to accept the series A bonds and $100,000.00 in cash at any time on or before February 1, 1932, in full settlement of its present claims against the college.

4. Have Missouri Insurance Securities Corporation to proceed at once, cooperating with those in charge of the campaign for the sale of the Series B bonds, in the sale of its bonds to be assigned to a trustee with the understanding that the moneys first realized out of Missouri Insurance Securities Corporation bonds will be used to retire the outstanding series B bonds and be applied pro rata as received for that purpose, after the payment of the series B bonds such funds to be applied pro rata in payment of the series A bonds and the balance if any held as permanent endowment for Hardin College.

The resolution was discussed by M. H. Winger, Kansas City, and on motion, action on the Hardin College Bond Issue Resolution was deferred until after the report of the Committee of Ten on Education.

34. L. M. Hale, Springfield, presented the report of the

COMMITTEE OF TEN—EDUCATION

The Committee of Ten

At the meeting of the Missouri Baptist General Association

held in the First Baptist Church, St. Joseph, Missouri, October, 1930, the following motion was unanimously adopted:

"Moved that this body authorize the Moderator to appoint a committee of ten to make a full and complete study and diagnosis of the Baptist Educational situation in Missouri; that the committee be instructed to publish its findings, with its recommendations based on its findings, two months in advance of the next annual meeting of this body; that the Executive Board of this body be instructed to provide the money to pay such expense of this work as necessary to the fulfillment of the task assigned to the committee; that the committee appointed to prepare the program of the next General Meeting of this body be instructed to make provision for ample discussion of the report of this committee at the next meeting of the General Association. And, that the Executive Board special Standing Committee on Educational Institutions be discharged."

The personnel of the Committee of Ten, as appointed by Moderator Walter C. Goodson on January 12, 1931, was as follows: Lewis M. Hale, Springfield; Ryland Knight, St. Louis; Hugh Stephens, Jefferson City; R. S. Douglass, Cape Girardeau; Mrs. John F. Vines, Kansas City; Mrs. W. E. Spratt, St. Joseph; R. L. Davidson, Sedalia; John W. Crouch, Hannibal; David W. Hill, Excelsior Springs, and John B. Pew, Kansas City.

As soon as the appointment of this committee was announced in January of the present year, a letter was sent to each member asking for suggestions as to the best method of procedure. Conferences were held and a questionnaire sent to each of the six colleges in this state operating as Baptist institutions, asking for information which is published as a part of this report.

The first regular meeting of the Committee was held in Springfield, Missouri, March 20, 1931. The executive heads of all six colleges were invited to attend. Four of the six were officially represented. The report for Will Mayfield College was presented by Dr. Ryland Knight, a member of the committee who was in close touch with the affairs of that college and he was supplied with information regarding its condition. Representatives of the colleges were also invited to the final meeting of the Committee in St. Louis before adoption of its report.

Hardin College had no representation at the first meeting of the Committee of Ten.

The final meeting of the committee was held at the Third Baptist Church in St. Louis on July 13 and 14. All members were present except Judge David W. Hill (prevented by illness in family). Adoption of report was unanimous.

Changes in the Committee

At our first meeting Hugh Stephens of Jefferson City tendered his resignation because of his connection with Stephens College at Columbia and asked to be excused from serving on the committee. The resignation of Mr. Stephens was rejected by unanimous vote and he was urged to continue as a member of the committee, both by the other members and by representatives present from the colleges.

Dr. Ryland Knight was compelled to resign after he was called to the pastorate of the Second Baptist Church of Atlanta, Georgia. Prof. Roy Ivan Johnson, of Harris Teachers College, St. Louis, an active member of Delmar Baptist Church, was proposed and appointed by Moderator Walter C. Goodson to succeed Dr. Knight.

Scope of Work

The entire evening of March 19th was spent by the committee in conference with Superintendent Edgar Godbold and the representatives of the various colleges and a few interested visitors. Through this conference the committee sought to add to its fund of information gained from its questionnaire and to obtain a better understanding of the problems of the schools. The committee further sought to gather from this open conference suggestions concerning the work to be undertaken and the best method of handling its problem.

On the morning of March 20th the Committee of Ten went into executive session and adopted a "Scope of Work," after which same was submitted to, and approved by, the college representatives.

To save expense, and to facilitate the work of the Committee of Ten, an ad interim committee was provided for, composed of the chairman and two other members, said committee to gather and collate information and do such other things as might be necessary.

Lewis M. Hale, Ryland Knight, and Hugh Stephens were elected to serve as the Ad Interim Committee. Later Dr. Knight was succeeded by Prof. Roy Ivan Johnson.

The Diagnosis

The resolutions under which your committee was appointed call for a careful "diagnosis of the Baptist educational situation" in Missouri. The attempted diagnosis has taken your committee into three distinct fields:

1. The history of Baptist educational work in Missouri.

2. Successive attempts of the Missouri Baptist General Association to effectively solve the problem of Baptist educational work;

3. The present condition of the Baptist Colleges (six) now extant in Missouri.

In the beginning it is necessary to define what is meant by "Baptist educational work" and by "Baptist colleges" in Missouri. The Missouri Baptist General Association has no educational work and has no colleges in the sense that the state organization owns any property, underwrites any obligations, or directs the details of any educational or college affairs. Each separate Baptist college operates under a charter, owns and controls its own property, handles its own finances, incurs and pays its own debts. The charters of these schools insure their operation by boards of curators or trustees, the majority of whose members belong to Baptist churches. There is no uniformity of plan or management. In some cases the institution orginated with individual Baptists, and in other cases with district associations, local groups of interested church members, etc.

In the case of only two colleges out of the six has the Missouri Baptist General Association taken any part with reference to its establishment. Deference shown to the state association in approving the personnel of curators and trustees of the various Baptist schools has apparently been observed with a view only of maintaining the denominational integrity of such institutions. In view of aid sought through the Unified Budget and otherwise, it is only reasonable that the General Association should know that each school is in faithful hands. So far as we can find, there has been no effort made either by the colleges or the General Association to set up responsibility on the part of the state organization for the obligations of any Baptist institution in Missouri. However, the Missouri Baptist General Association has the greatest concern that every Baptist institution should maintain its own credit and honor.

Historical Sketch

Limit of space forbids that your committee more than point out significant facts regarding developments in the fields of education which we have studied. In the history of Baptist educational work we find triumph and defeat, success and failure.

Looking at our educational efforts in Missouri as a whole the record is glorious. Looking at it piece by piece, it presents a picture far from satisfactory. In all there have been in Missouri sixteen Baptist educational institutions. It is not possible for us to trace the history of each of the sixteen which at some time functioned in our midst. Looking at them, however, as a whole, they

reveal to us the fact that our Baptist forefathers were tremendously interested in education, especially Christian education. It is not fair, either, that we should judge their efforts as altogether unwise. We must reckon with the conditions under which they labored. The fact that the majority of our schools have passed out of existence by no means proves that they were useless. Some of them served their day and generation most effectively, and graciously surrendered to the inevitable changes they were called upon to meet.

In order to appreciate these schools and the service of those who fostered them, we must not overlook the fact that in their time distance was a great factor. It was difficult to send boys and girls from one part of the state to another. Neither must we overlook the fact that educational advantages were rare. The majority of our early schools never attempted college work as known today. They were established in order to provide for the youth of a particular community, primary education. With the rise of state supported grade schools and high schools, necessity for many of our Baptist institutions was eliminated.

All honor to the God-fearing men and women who founded, and by great sacrifice kept alive, these schools which served their generation. Regardless of the final outcome we recognize in and through them an invaluable service. Failure to comment at greater length upon the sacrifices of those who contributed such a brilliant page to the record of Missouri Baptist history must not in any case be construed as evidence of indifference to the sentimental aspects of the subject in hand.

It should be noted that not one of the ten former Baptist institutions was founded, or caused to be founded, by the Missouri Baptist General Association. They were established by interested Baptist leaders and commanded the support mostly of the local community.

Six Baptist Colleges

The six Baptist colleges with which this report deals fall naturally into two groups. William Jewell and Stephens were founded by, or at the request of, the Missouri Baptist General Association. The other four were originally established by interested Baptist leaders or district associations. William Jewell was started originally for the education of men, especially for the training of preachers. Stephens College was later started as a school for women in order to balance our program of education. In later years, the other four Baptist schools, regardless of their original founding, adopted the practice of submitting reports to the annual meetings of the General Association in order to disseminate information to obtain

assistance and to promote the sympathy and interest of the brotherhood. For similar reasons they have sought approval of their trustees.

First Signs of Distress

The appointment of this committee was by no means the first indication of an unhealthy condition of affairs among the Baptist schools of Missouri, or the first move to solve the problem. It is not possible for us to determine what were the first symptoms of distress, but as far back as 1916 a resolution was adopted by the Missouri Baptist General Association calling for a survey of our schools. At the request of the Executive Board, the Northern Baptist Convention made such a survey and submitted recommendations based upon its study of the situation.

Dr. Frank W. Padelford, the present secretary of the Board of Education of the Northern Baptist Convention, and his associates were assigned to this task. Dr. Padelford made personal visits to all the Baptist colleges in Missouri and in his report recommended that the number of schools be reduced by consolidation and that attention be given to reduction of indebtedness and to increase of endowment. Dr. Padelford's report also called attention to lack of denominational ownership, co-ordination and control of Baptist schools in Missouri.

A review of the history of the efforts of our denomination to solve its educational problems reveals the fact that the General Association took no serious notice of Dr. Padelford's recommendations beyond the one with regard to ownership and denominational control. Little attention was given to the grave financial difficulties into which many of the schools had drifted and for a period of years the General Association and the Executive Board, through various committees, directed their attention to the subject of charter provisions upon the theory that the principal need was better co-ordination of institutions.

The idea spread that the General Association lacked controlling power to direct the destinies of Baptist schools and to deal with their internal affairs. The question now arises whether in reality investigations so laboriously carried out considered the problem from enough angles. The composite result of the work of two "law committees," one "educational commission" and two or more "educational committees" was substantially as follows:

1. The status of Baptist schools as regards Baptist control (that is, control by trustees loyal to the Baptist cause) gave little cause for worry.

2. Physical properties for the most part were in the ownership of corporate bodies chartered to conduct colleges so as to conform to Baptist ideals.

Various reports were submitted recommending better "safeguarding" of colleges to the General Association, and certain changes in charters were made.

The Present Situation

The questionnaire which was sent to the six colleges was intended to bring out as nearly as possible the following facts:

1. Property, finances, debts and obligations.
2. Sources of income.
3. Physical equipment.
4. Institutional facilities.
5. Operating cost.
6. Denominational service advantages.

We append hereto following the report, a statistical statement which summarizes as nearly as possible the information gathered from the questionnaire which we sent to the six Missouri colleges. We invite a careful reading of this statement.

Additional Statements

Since there are items of information regarding each school which are not presented by the statistical statement, we present the following concerning the various schools:

William Jewell and Stephens

William Jewell and Stephens—the two original and only colleges founded by the Missouri Baptist General Association—present an encouraging outlook. These two schools were created by our forefathers to compose a balanced program of educational facilities for boys and girls.

The $21,000 deficit of William Jewell for the year 1929-1930 was very largely due to a storm which damaged college property and caused an unusual outlay of expense for repairs. Other than 1929-30 William Jewell has had no operating deficit of consequence in recent years. The endowment of considerably more than $1,000,000, while not sufficient to meet the ever increasing demands upon the institution, yet is ample to practically assure William Jewell's future. This substantial endowment, said to be among the largest of any protestant college in Missouri, is one of the brightest spots in the situation which this committee has been called upon to view.

Our college at Liberty enjoys high rank among educators throughout the nation and its location near the gateway of the great Southwest is fortunate. William Jewell affords opportunities for boys and girls at small tuition, made possible by its endowment. It is unthinkable that the Baptists of Missouri should consider a program of which this institution is not a part. It is our main hope in the training of preachers. It has continued to grow in power and influence in the face of all difficulties.

The burden of debt on Stephens College is unmistakably due to her very rapid expansion. It has been both the cause and the result of a ten-old increase in students. Grounds, buildings and equipment, however, have increased more than indebtedness. The number of acres has grown from nine to 163 and she has added five new fireproof buildings to the original small group. We take satisfaction in reporting the remarkable earning power of this school, which is making possible the steady reduction of financial obligations. If such continues for the next few years, cause for anxiety will disappear. For seventeen consecutive years Stephens College has continued without an operating deficit. The last and largest dormitory was completely underwritten, with only temporary financing.

Stephens College, like William Jewell, has come to occupy an outstanding place in the field of education. Its research work has won for it recognition and support from leading foundation funds. The college is located at the seat of the State University, where in its religious educational work last session 3,600 separate young people came under its influence. The Baptists can hardly afford not to be represented in Columbia, where so many denominations are steadily increasing their activities; because in that city work among young people counts for so much. Stephens is the college we established to serve the exclusive needs of womanhood. It has no tax supported competitor for the education of women only.

Will Mayfield and Hardin

Will Mayfield and Hardin present the other extreme. Will Mayfield is now closed. Unfortunately in her struggle for existence this school has not only gone in debt to the limit of her borrowing power, but in addition has incurred many unsecured obligations in the form of current deficits. Will Mayfield has lost by absorption the greater part of her endowment funds as reference to the statistical statement will show. The school was forced to close in the midst of the session 1929-30. By heroic endeavor, whether wisely or unwisely, she opened again in the fall of 1930 for the 1930-31 session, but succeeded in finishing only the first semester of work

before again closing. When the trustees closed the school the second time it was with the understanding it would not open again until all its debts were paid and sufficient funds are in hand to guarantee at least one year's operation.

Your committee has been unable to secure statistics covering a period of years for Hardin College. All of us know, however, that for a good while Hardin has continued to operate at a loss. In March of this year President Blake Smith gave to our committee an estimate of the sum total of Hardin's indebtedness as $375,000. An endowment of more than $100,000 has been absorbed. We present these facts only to show what has been the trend in the affairs of this school for the past several years.

During the present year a five-year lease has been executed giving to President Blake Smith, or his assignees, for the nominal rental of one dollar per year, the right to operate Hardin College. The lease was made by the trustees of the college and with the consent and approval of the Executive Board of the Missouri Baptist General Association. The terms of the lease not only guarantee President Smith the right to operate the school without interference, but also grant him the option of buying the school for the sum total of indebtedness; or, at the end of five years, of extending the terms of the lease not to exceed 99 years. Recent announcements indicate that financial arrangements are being made to take over the college and completely relieve the former management of all financial obligations and also all indebtedness. Thus Hardin College has at present passed out of denominational control, and for this reason your committee does not feel that it has a right to interfere with that school's affairs.

Hannibal-LaGrange and Southwest

Hannibal-LaGrange and Southwest Baptist College present a more hopeful aspect. For the most part we are familiar with the change which was made a few years ago when LaGrange College was transferred from LaGrange to Hannibal to become a part of the Hannibal College established by the citizens of that community. Since this transfer the college is known as the Hannibal-LaGrange College. Before the transfer LaGrange was waging a constantly losing fight for existence. The city of Hannibal, Missouri, wanted a junior college and preferred a Christian college. An agreement was entered into with the trustees of Hannibal College (which operated as Hannibal College until the transfer of LaGrange was made) whereby all of the conditions under which the Hannibal college operated should become effective for the consolidated Hannibal-LaGrange College.

The citizens of Hannibal raised by subscription the sum of $230,000 toward the purchase of a campus and the construction of college buildings. It was specified that the campus was not to be less than 100 acres in size. An agreement was entered into between the Chamber of Commerce of Hannibal and the trustees of Hannibal-LaGrange College, providing that should the institution cease to operate as a junior college within the period of five years from June 27, 1928. there would automatically revert to the Chamber of Commerce at Hannibal the tract of land contributed by the city of Hannibal (except such part as is permitted to be sold). We are well within the five-year period. At the end of five years the agreement is no longer binding.

We should recognize that the loyal support of the citizens of Hannibal, through the Chamber of Commerce, has made possible Hannibal-LaGrange College as it now stands. Whether or not the identification of such a school with any particular denomination may enhance its success, is a matter to be determined by those in charge. An analysis of the student body reveals that of the 244 enrolled students for the year 1930-31, 161, or about two-thirds, come from Marion County.

Southwest Baptist College, at Bolivar, has had a struggle for existence but has continued to render a valuable service and is to a great extent a Baptist institution not only in management, but in patronage. The enrollment for 1930-31 was 265. Seventy-three per cent of this number are listed as Baptist, or with Baptist preference. Reference to the statistical statement will show that through the period of the last five years Southwest has continued to operate at a loss. The tide of loss, however, seems to have been stemmed. By rigid economy and almost superhuman effort. Southwest last year did a little better than pay expenses. But economy must not go so far as to curtail service. The very heavy indebtedness, however, leaves the college facing a questionable future. The question mark can be removed only by more adequate moral and financial support, especially from the Bolivar community and the surrounding territory. Southwest is the only college operating under Baptist control in Missouri which continues to do high school work. Reference to the statistical table will reveal that even with this institution there is a declining demand for high school work. Five years ago 45 per cent of the student body were in the high school, this year only 17 per cent.

Significant Changes

The last quarter of a century has effected greater change in the life of man than any previous century known to history. In the

last twenty-five years we have passed from the ox cart to the rapid transit age of automobiles and airplanes. Scientists tell us change is the law of life. We know, on the other hand, that change necessitates adjustment. Without adjustments, change becomes the law of death. The growing body is the rapidly adjusting body. When adjustments are retarded, decay begins and death follows.

Your committee points out some of the significant changes affecting the status of educational institutions:

1. Travel conditions have changed. Distance is practically eliminated. It is more nearly correct to say that distance has become an enchantment instead of a bugaboo. The horizon of life for young people is no longer the bounds of the county in which they happen to be born, nor the bounds of the district association in which they happen to be located. Hence there is no longer any demand for district associations to establish and foster Baptist schools. The utter impossibility of such a thing in modern times accounts largely for the fact that many former local colleges have in recent years come to our state organization for relief in their struggles.

2. Provincialism is passing. Only a few years ago the lines of demarcation between rural, village and city populations were very clear. This is no longer the case except in very backward sections. Some are still called "mountain" people. The development, however, of a system of highways and consolidated school districts, with modern advantages, is rapidly changing this condition. Thus provincialism is passing.

3. Living conditions have changed. The automobile has penetrated the remotest bounds. Modern home conveniences follow the trail of the motor car. Wherever these go, ideals change. The one-time powerful country church of four walls and once-a-month preaching no longer holds sway in the life of the community. It is unable to capture the imagination of modern youth. Hence, along with changing conditions go changing conceptions of religious life and activity.

4. Educational ideals, standards, and advantages are not the same. In this field we discover the greatest and most vitally significant change of all. Most of our Baptist schools had their rise before this era. Every one of our original sixteen Baptist schools was established to meet a specific educational need. Nearly all of them did only high school work of what would be known today as an inferior grade. Hence they could not stand up when the state developed a system of high school work which touches every local community.

Most of our Missouri Baptist colleges came into existence in the period between 1869 and 1879. At that time denominational schools were beginning a decline which has continued to the present day. Tax supported schools have since then been on the upward curve. In 1870 there were but 500 free public high schools in the United States. Now there are 16,000 with an enrollment of more than two million pupils. There was not a free public school in the city of New York in 1896. In 1850 there were 6,000 private academies in our country which have dwindled now to less than 1,000 protestant private academies, and that in spite of the fact that there are 100 young people clamoring for an education today to every one young person in 1850.

Within the memory of the great majority, Missouri has established five State Teachers' Colleges in as many different sections of the state. The smallest of these now has more students than the State University had twenty-five years ago. Recently we have begun the establishment of junior colleges in local communities, tax supported. The recent Missouri legislature added many millions of dollars to school revenues for the further development of tax supported institutions of all grades during the next twelve years.

Not long since there was no such thing as a unified educational standard. Today no school of any grade can exist unless it conforms to the requirements of established standardizing agencies. The minimum standard for Missouri schools is determined by the Missouri University. There is not the slightest chance that any school, Baptist or otherwise, can continue to function unless it meets the demands of this agency. Young people simply will not waste their time where credits are not generally accepted. On the other hand, standards are continually being elevated. The hope of every college is to be able to belong to some association of colleges, state or national.

The cost of education has increased. With the demand for more adequate physical facilities comes demand for a more highly trained and highly paid faculty. Every other phase of school life is on the up-grade. It costs more now to secure a college education than it formerly did. This is evidenced by the comparison of operating budgets of our Missouri Baptist schools. The operation of William Jewell is now twice what it was a few years ago. The operating budget of Stephens College is ten times what it was, and so it goes. Any attempt to make a program for our Baptist educational work in the future which ignores the constantly increasing cost of education would be sheer folly. On the other hand, a careful survey of the gifts of Baptist people in recent years to Baptist educational work has not revealed commensurate increase and in-

terest. It is a vastly different thing to meet this increasing demand by taxation rather than by voluntary giving.

Pertinent Observations

1. The problem which we face in our educational work is a problem common to every denomination, as well as the problem of every Baptist state convention known to us.

2. The results of all scientific study of education by Protestant organizations have been the same. We have reviewed the following printed reports of denominational educational surveys: The United Lutheran Church of America, under direction of the Teachers College of Columbia University, New York City, has made the most thorough-going survey of their educational interests known to us. The results are published in three large volumes. Their conclusion was that the only solution to be found was in fewer and stronger schools. In addition to this we have studied the printed reports of the Presbyterian Church U. S., the Methodist Episcopal Church South, of Missouri, and a very exhaustive report adopted by the Kentucky Baptist State Convention. In every case the conclusion was the same—fewer and stronger colleges.

We would call your special attention to the Kentucky report. In the fall of 1927 the Kentucky Baptist State Convention appointed a committee to do a work similar to that assigned to our Committee of Ten. After a year's consideration the committee reported back to the Kentucky State Convention, recommending the employment of a competent committee of educators to make a scientific survey of the Kentucky Baptist educational situation. A committee of five was employed, no one of which was connected with any Baptist school of that state. Each of the nine Baptist schools of Kentucky was visited, its work and affairs thoroughly examined. Costs of operation and a scientific study of possible incomes were thoroughly gone into, the result of which was a recommendation to the Kentucky Baptist State Convention that the number of schools be reduced from nine to three—one senior and two junior colleges. We should also bear in mind that Kentucky ranks as one of our strongest Baptist State Conventions.

In the Northern Baptist Convention, on the Pacific Coast the number of schools has decreased from thirteen to four. With the exception of Maine, Michigan, New York, and Illinois, no state in the Northern Baptist Convention is attempting to support more than one college. In no state have the Northern Baptists more than two schools. The extra college in Maine and Michigan is explained by the consolidation with the Free Baptists, and the extra

colleges in New York and Illinois to the support of persons of great wealth.

3. The Missouri Baptists were among the first to foresee the approaching difficulties, but, we fear, not the wisest in meeting them. We lost a great deal by not following more carefully the recommendations developed by the Padelford survey made fifteen years ago. That highly competent study of our situation resulted in the following recommendations to the General Association:

(a) That William Jewell College be conducted as a standard four-year college.

(b) That the three Baptist colleges for women, Stephens, Hardin and Lexington, be consolidated into one college and two colleges discontinued.

(c) LaGrange, then operating as a senior college, be changed to an academy, and that Will Mayfield and Southwest colleges be also converted into academies and afterward to junior colleges, provided $150,000 of endowment could be raised ($50,000 for each junior college.)

The Padelford report went so far as to propose consolidation under certain conditions of all Baptist school activities in one place.

4. The result of the failure of Missouri Baptists to take seriously Dr. Padleford's recommendations as to the financial future of Baptist schools in Missouri may be summarized as follows:

(a) The aggregate indebtedness which in 1916 was $116,762, was on March 1st of this year $1,266,590. Of course, not all of this increase has been due to deficits in operation. Much of it has resulted from expenditures for new equipment, but the problem of dealing with a present indebtedness more than ten times as great as it was in 1916 is a problem which might have been mitigated, if not avoided, by more serious attention to the recommendations of the Padelford report.

(b) The endowment of Missouri Baptist colleges in 1916, exclusive of William Jewell and Stephens, was $162,546. This amount has dwindled by absorption until it is now only $29,700. Two colleges since 1916 have lost all the endowment they had.

(c) One college (Lexington) has gone out of existence. Another (Will Mayfield) has been closed since the end of the fall term of 1930. A third (Hardin) after continued financial struggles with deficits has been leased for private operation.

5. We dare not, in reckoning with the facts of our situation, overlook the ever-increasing competition which our state school system is thrusting upon us. It is well known that the great majority

of our young men and women of the Baptist homes of Missouri are being educated in state schools. Missouri University alone has nearly as many, if not more, Baptist students than all our Baptist colleges combined. A religious survey of the present student body of Southwest Missouri State Teachers' College, at Springfield, Missouri, reveals 640 Baptist and Baptist preference students. Thus far the Baptist denomination in Missouri has done little to strengthen the effort of the local churches in these college centers to make adequate provision for the religious development of this host of Baptist students.

These are facts which we must not overlook. To say that things are not as they should be is to treat with little consideration one of the most pressing problems of our educational work. However, we may think that Baptist parents should send their sons and daughters to Baptist colleges, the fact remains that when there is a state school offering equal or better educational advantages, Baptist parents apparently, in numerous instances, prefer to send their children to a tax-supported school or to institutions which in their opinion offer special advantages.

Inevitable Conclusions

1. If the Baptist educational situation in Missouri continues for a few more years as it has in the recent past, not only will our educational work, but also our whole denominational program be imperiled. Already the indebtedness of Baptist schools has grown to such proportions that with the number of institutions and their conflicting claims, it is practically impossible to maintain in our churches a definite program of education.

2. We can no longer be guided by sentiment or local community interest. We must act by intelligent reckoning with well known facts. The sole hope of solution rests in our ability to rise above local interests so as to see the future from a broad standpoint rather than from a provincial one.

3. Any school or college in Missouri, in order to obtain further patronage and support from the Baptists of this state, must not only cease to increase its debts, but must find a way to liquidate its indebtedness already existing.

Recommendations

The time has arrived when the Baptists of Missouri should define the limits of their educational activities and the scope of their educational program. This committee was created as a means to

that end. That General Association will be doing no less than its legitimate and reasonable duty if it undertakes to declare what and how many colleges in its judgment the denomination in this state can support with hope of advancing the work of the Kingdom of God, making possible the maintenance of standard institutions of learning.

If this committee fails to point the way to some solution of this problem or to propose some plan which will bring an end to the present confusion which has long existed, its appointment will have been in vain and progress will have been hindered rather than promoted.

Therefore the following recommendations are submitted, supported by the more or less complete discussion of the situation which has been given in the previous pages of this report.

Experience has demonstrated that it is impossible for six Baptist colleges to obtain enough patronage and support in the state of Missouri to adequately maintain that number of schools. Financial necessity, and the advice of competent educators confirm this decision.

Two Baptist colleges heretofore looking to our body for aid and support have already removed themselves from consideration so that the list is now reduced to four.

At the time this report is published, Hardin College, first having gotten the consent of the Executive Board, has obtained by decree of court an amendment to its charter providing for a self-perpetuating Board of seven Trustees and said college has been leased to Rev. Blake Smith for private operation outside the control of the denomination. Thus with the consent of the Executive Board, Hardin College has passed into private management and control and is no longer a part of our denominational program.

Will Mayfield College is now closed and was also closed before the end of the year 1929-30. In answer to our questionnaire the representatives of that school say they do not expect to try to re-open until they have paid all debts and have enough money to insure one year's operation. This declared purpose removes Will Mayfield from further consideration, unless and until funds are raised to the extent indicated and we shall decide to reincorporate same for participating in our program.

By the exigencies of its situation and the action of its trustees Will Mayfield College, the same as Hardin College, has been eliminated from our problem.

This leaves four colleges to be considered as follows:

William Jewell College,
Stephens College,
Hannibal-LaGrange College,
Southwest Baptist College.

Two Baptist colleges, viz., William Jewell and Stephens College, heretofore recognized for state appeal to the Baptists of Missouri, are entitled to the continued support of Baptist churches and of the Missouri Baptist General Association for the following reasons:

(1) They are the two original and only colleges founded by or at the request of the General Association.

(2) They are both being successfully operated, are outstanding in their separate fields and are not a financial burden upon their managing boards. On the other hand, they are a source of strength and credit.

William Jewell is the main hope of our churches for the training of preachers. It is, therefore, practically indispensable. It is located at the gateway to the Southwest and holds high rank among the standard colleges of the nation. It has one of the largest endowments of any protestant school in the state and its prestige and influence have grown despite all obstacles.

Stephens College has lately received the largest vote in a test to determine the ten outstanding junior colleges of the United States to be visited by English investigators. It is strategically located at the seat of the State University, where its influence upon the youth of Missouri counts for much and where the Baptist denomination should be represented in an educational way. It has continued for seventeen years without an operating deficit.

(3) The two remaining junior colleges have been rendering valuable service. They are Hannibal-LaGrange, at Hannibal, and Southwest Baptist College at Bolivar. One of these schools is in northeast Missouri and the other in southwest Missouri.

We recommend that the four schools mentioned shall continue to receive the patronage and support of our people with the distinct understanding that if and when any one of said schools shall fail to meet the standards of an approved school of its type, or shall have an unpaid operating deficit for two consecutive years, or shall fail to reduce its present indebtedness to a substantial extent over a period of three years, and shall fail to continue the reduction of such indebtedness thereafter, or if any school shall violate the terms or conditions of any endowment, annuity, or gift—a violation of any one of the above conditions shall constitute grounds for the immediate withdrawal of the patronage and sup-

port of the Baptists of this state from such school. Provided, however, that representatives of any school shall have a right to appear before the Executive Board and if it appears that such violation of any of the conditions above mentioned has been due to any unusual emergency or condition in which the managers are not at fault, then it shall be within the discretion of the Board to make a reasonable extension of time to any such school with the further provision that no extension of time be granted where there has been a violation of the terms of any endowment, annuity, or gift.

Finally

In concluding our report we wish to make grateful acknowledgment to all who have given co-operation and rendered service to our committee. We mention especially State Superintendent Edgar Godbold, who volunteered his personal assistance and use of his office force. We are especially indebted to Miss Ethel McDaniel, who made a thorough search of the records of the Missouri Baptist General Association and of our Executive Board having to do with past actions in relation to the problems we have been requested to consider. We also make mention of the executives and boards of our various colleges. Without their assistance it would have been impossible for your committee to do its work.

We have done our best, with the least possible expense to the Missouri Baptist General Association. No member of our committee has refused to perform any duty which he or she has been called upon to perform.

In keeping with the instructions of the Missouri Baptist General Association, and by courtesy of Dr. Edgar Godbold, General Superintendent, we are presenting our report through the Missouri Baptist Bulletin sixty days in advance of the next meeting of the Missouri Baptist General Association. We cordially invite the fullest possible discussion. Our report is too voluminous to ask that it be published in The Word and Way. We can assure you, however, of the fullest possible co-operation of the editors of The Word and Way in the matter of presenting such discussion as they may deem essential to a fuller consideration and wiser dealing with the matter of our Baptist denominational work.

There will be but one more meeting of the Committee of Ten. This will be held in connection with the General Association in Springfield in October. If there are questions in the minds of any of our brethren which our report does not answer, the committee cordially invites such questions. If those desiring further information or discussion on the part of the committee will address the

committee chairman, Lewis M. Hale, 457 South Avenue, Springfield, Missouri, he will gladly pass all questions on to various members of our committee for their consideration at the next and last meeting of your Committee of Ten.

This report was discussed at length by L. M. Hale, Springfield, and on motion was made the special order for Wednesday, 2:20 P. M.

A. L. Carter, Hollister, favored the Association with a solo.

35. An inspirational address was given by C. Oscar Johnson, St. Louis; subject: "The Magnetic Christ." Prayer by C. Oscar Johnson.

RECESS.

WEDNESDAY AFTERNOON

36. The Association was called to order by the Moderator at 1:45 P. M. The Association joined in the singing of the hymns, "At the Cross" and "O Happy Day." Devotional Services were conducted by E. A. Main, St.

Louis. J. C. Hicks, Plato, aged ninety-three years, a Baptist minister for sixty-three years, led in prayer.

37. Mrs. F. W. Armstrong, Plattsburg, presented the report of

WOMAN'S MISSIONARY UNION

Seeking to make truly missionary-minded and missionary-hearted the women and young people of our churches and to enlist them in full support of the missionary program of our denomination is the declared purpose of Woman's Missionary Union. The program of such endeavor pre-supposes organization and recognizes as major factors in achieving its end information, inspiration and expression, and as wisdom suggests congenial training units which we love to call our W. M. U. family so are there definite plans for developing these elements of growth and service set forth as chief aims in each of the organizations. We measure our effectiveness, so far as tabulation is concerned, by our attainments along the lines of the chief aims of mission study, prayer, personal service, stewardship practice, and fostering W. M. U. auxiliaries for the missionary training of our young people, and this report follows that simple line in presentation.

Organizations. We are reporting 1,454 W. M. U. organizations, a net gain of 63 over last year. These organizations are in less than 600 churches. Associational Woman's Missionary Unions in 65 District Associations are largely our hope in securing organizations in the several hundred other churches that are cooperating by some contributions of money to the denominational program. In 15 other Associations there are one or more W. M. U. organizations. In 5 District Associations we have no W. M. U. organization of any grade. In the 12 Divisions in which the associations are grouped, a W. M. U. Chairman encourages the work in the Associational Unions by visits and correspondence and promotes fellowship and general cooperation through an annual meeting, the program of which presents the particular items of our work demanding immediate and specific attention. These gatherings, which total something more than 1400 women in attendance, afford contacts which may well be considered distinct gains. From local organizations through Associational Unions to the State Woman's Missionary Union there is the closest cooperation of effort carried forward through the departments of work representative of the chief aims, so that the State Chairmen of Mission Study, Personal Service, Stewardship, and the Leader of the Young People's work can promote each her particular work in the smallest society or

auxiliary in any church. The State W. M. U. Annual meeting held in the spring of the year affords the opportunity of gathering up the results of the year's efforts along all W. M. U. lines and also to create new interest and renew purpose in the increasingly challenging responsibilities confronting us. More than 500 women were in attendance at the last annual meeting, April 7-9, 1931, held in Calvary Church, Kansas City. Among the speakers on that program to encourage, enlighten and inspire us were Mrs. W. J. Cox, Memphis, Tenn.; Miss Emma Leachman, Atlanta, Ga.; Miss Pearle Bourne, Birmingham, Ala.; Miss Florence Jones, Pingtu, China, and Mrs. Laura Lee Patrick Munger, Philippine Islands. Since that meeting gains have been made in Full-Graded W. M. U's. and in A-1 standard organizations and in the number of societies using the Circle Plan as a means of enlistment and development of the individual member.

Mission Study. Missionary information is gained first in the regular monthly program meetings of the local organizations, next through the missionary periodicals, and by a more intensive study of books in the mission study class. It is a rare exception for any organization to fail in having a missionary program each month and since these programs are built from material published in the missionary periodicals a goodly number of subscriptions are assured but hundreds more are added because of the value of these magazines in the home as religious and denominational literature. This month is the time of special effort to increase subscriptions to The Word and Way and Home and Foreign Fields promoted by the Every-Member Canvass Committee, to which the Woman's Missionary Societies will give hearty support. From reports the order of the periodicals in number of subscriptions is Royal Service, Word and Way, Missouri Baptist Bulletin, Home and Foreign Fields, World Comrades, and The Window, which total is something less than 10,000. The Standard of the missionary society requires two mission study classes during the year and the auxiliary Standards one in each auxiliary. An increasing number of churches are holding Church Schools of Missions, which is not a W. M. U. project, but in which W. M. U. members take keenest interest and W. M. U. leaders gladly give all possible assistance. The program of the Associational Union provides for one Mission Study Institute each year and in two Assemblies during the past summer there were well attended mission study classes for all W. M. U. grades. There have not been reported as many mission study classes as for a like period last year but we have made more than 1000 gain in awards. The State Chairman has planned for a State-Wide Mission Study Institute for December 16-18, 1931, to be held at Hardin College, with the best faculty she could procure, three of whom are from outside the

state, for the purpose of training leaders to discover to others the heart of mission study and best applied methods.

Prayer. By use of the Calendar of Prayer in the homes, prayer groups in the societies, emphasis on prayer in monthly programs and three special Seasons of Prayer does Woman's Missionary Union recognize the Source of power and cultivate the spirit and habit of prayer among all members. Observing the Season of Prayer for Foreign Missions were 600 organizations, for Home Missions 698, and for State Missions 1930, 437. Many testify to personal enrichment of life derived from the hours so spent and blessings to the organizations and churches of which they are a part and to such sincerity in prayer during the special seasons must be attributed the special contributions to the treasuries of our Mission Boards last year of $22,192.87.

Personal Service. Personal Service is the missionary spirit operating in the local community, seeking the unsaved and ministering to the spiritual and physical needs of those in the community in His name. More than 1,000 conversions were reported last year as a result of the earnest, prayerful efforts of W. M. U. members seeking to realize the purpose of this "chief aim," and many were the visits and contacts used to stimulate Christian fellowship, enlist careless Baptists, and bring hope and cheer and relief to discouraged Christians and the physically needy. More and more are we seeing people rather than things in this phase of our work, people needing the ministry and people gladly giving. The scope of this task is reaching out to include other races with whom we touch elbows, especially the Negroes, and surely it comes within its scope to be concerned with moral issues touching the life of our Youth, particularly with reference to teaching the principles of prohibition in all of our auxiliaries, not forgetting to remind the women of their responsibility and privilege of action.

White Cross. Closely akin to Personal Service in its tender ministration is our White Cross work reaching out to far-off China to the Baptist Hospital in Hwang-Hsien to supply bandages, gauzes, absorbent cotton, sheets, pajamas, towels, soaps, and other customary hospital supplies for our missionaries in charge. Heartiest words of appreciation come back to us for the quality and packing of the supplies as well as the fact that it makes possible medical care that could not be otherwise so well given. Encouraging indeed are the reports of the spiritual results as well as bodily healing in our mission hospitals and in this one, at least, can Missouri Woman's Missionary Union rejoice in having a share. The value of packages sent last year was $1,330.16 and cash contributions for postage, packing, insurance, medical journals and a thorough cleaning of the Hospital, $225.09.

Stewardship. It is not a difficult matter to get people to agree to the principles of stewardship, but quite another to persuade them to honestly commit themselves to the practice of tithing. For many years Woman's Missionary Union has been teaching stewardship in all of life and seeking to enroll tithers, but to the present we can report only about one in every eight of our members tithers. As in the Ruby Anniversary years so again this fall is there an intensive effort to teach tithing and enroll tithers in all of our organizations. This effort should prove a real aid in securing pledges on the basis of scriptural giving in the Every-Member Canvass, and help our General Association to move forward toward its goal in tithers. That many W. M. U. members recognize God's right to their possessions is shown by their contributions of money. During the past year the contributions through Headquarters amounted to $60,076.32, designated and undesignated to the Cooperative Program. Reported gifts not coming through this office for District Missions, City Missions, other missionary objects, local benevolence, $21,348.49, and box values $9,293.86, making a cash total of $81,324.81, and a grand total of $90,618.67.

Our Young People. Miss Ora Gaunce served as W. M. U. Young People's Leader nine months of this Associational year and is giving attention now to the duties of a pastor's wife as Mrs. Hale Thornberry, Schenectady, New York. She closed her work July 31, and Miss Josephine Riley of El Dorado, Arkansas, took up the work August first. She had been engaged to teach at the Baptist Hill Assembly before there was any thought of securing her for this position and had become acquainted with the 25 Missouri girls attending the Y. W. A. encampment at Ridgecrest in June, so had made friends among Missouri Baptist young people before she began her work as their leader. She has been kept quite busy learning the work from the office angle and teaching mission study classes, directing four sectional Y. W. A. gatherings, one association camp for Girls' Auxiliary, and attended 12 W. M. U. Divisional meetings. We have 875 auxiliaries—222 Young Woman's Auxiliaries, 146 Royal Ambassador Chapters, 294 Girls' Auxiliaries, and 213 Sunbeam Bands. Our largest gain in new organizations has been among the auxiliaries and the work of greatest promise is that which concerns itself with our Youth.

In addition to the distinguished visitors at our State Annual Meeting we have been greatly helped in the work by the service in other meetings of Mr. Jacob Gartenhaus, Mr. Hermon Ray, Mrs. Eugene Sallee, Miss Elma Elam, and Miss Juliette Mather. We have a sincere and grateful appreciation for the service of these from without our borders who so willingly gave themselves to encourage and inspire, and to the host of leaders within our state

who loyally and faithfully plan and pray and work day after day, do we give loving credit for the effectiveness and growth of the work which this report reveals only in part.

MRS. J. G. REYNOLDS, Corresponding Secretary.

The report was discussed by Mrs. J. G. Reynolds, Kansas City; Miss Josephine Riley, Kansas City; Mrs. G. A. McWilliams, Liberty; Mrs. G. N. Magruder, Odessa; Mrs. Roy Utz, Boonville.

The Association united in singing the hymn, "Joy to the World, the Lord Is Come."

38. Discussion was then continued of the report of the Committee of Ten on Education. The report was discussed by L. M. Hale, Springfield; W. E. Davis, Richmond; J. C. Pike, Bolivar; Guy L. Prather, Kansas City; G. W. Duncan, Kansas City; J. W. McAtee, St. Louis; Frank Tripp, St. Joseph; A. G. Hause, Kansas City; L. H. Turner, Springfield; John B. Pew, Kansas City; Blake Smith, Mexico; W. M. Wigger, St. Louis; M. H. Winger, Kansas City; F. E. Bray, La Grange; D. K. Foster, Caruthersville; T. B. Ritzinger, Ozark; William Huffman, Cameron.

39. The Hardin College Resolution was then brought up for discussion, and the following took part: John B. Pew, Kansas City; S. E. Ewing, St. Louis; Fred Kinell, Savannah; H. A. Smoot, Macon; B. A. Owen, Boonville; C. A. McIntire, Carrollton; Frank Tripp, St. Joseph; Blake Smith, Mexico; L. M. Hale, Springfield; C. M. Truex, Liberty; G. W. Duncan, Kansas City; S. M. Brown, Kansas City; W. E. Denham, St. Louis; R. L. Davidson, Sedalia. During the discussion, the time was extended twenty minutes.

40. The Hardin College Bond Issue Resolution, with the insertion of the following words: "All bonds to carry only the security of the property of Hardin College"— was adopted.

41. Two motions to amend the report of the Committee of Ten, one by W. E. Denham, St. Louis, and another by C. M. Truex, Liberty, were lost.

42. The Report of the Committee of Ten on Education was adopted.

Assistant Moderator R. S. Douglass, Cape Girardeau, was called to the chair.

43. J. C. Hockett, Kansas City, Secretary of the Department of Sunday Schools and B. Y. P. U., presented the report of

SUNDAY SCHOOL AND B. Y. P. U.

We make this report with gratitude to God for His goodness and to our people for their cooperation and help in the work sponsored by this Department during the past year. We would express appreciation of that fine group of pastors who believe in teaching the Bible and in training their young people in the principles and work of the Baptist denomination. We are also appreciative of the work done by the Associational Sunday School Superintendents and Associational B. Y. P. U. Presidents. These people are making themselves more and more useful as the years go by. We also express our appreciation of the Sunday School superintendents, B. Y. P. U. directors and other leaders in the individual churches who have contributed so largely to the past year's work. And then we would not be unmindful of that group of three or four hundred individuals we designate as "volunteers" and who have, without expectation of remuneration, given one or more weeks' time in churches other than their own.

The workers of this department—Mr. Oscar Pigg, Miss Geane A. Roop and Mr. C. A. Carlock—have spent practically all of their time on the field and we are grateful to report that strength has been given them to carry on without loss of time on account of sickness. The secretary has divided his time between the office and the field, devoting a larger part of the time to service on the field.

The months of August and September have been given by all the workers of this Department, in co-operation with the General Superintendent, to the promotion of the Every Member Canvass and the Co-operative Program. Every worker of this Department is happy to be able to make this contribution to the general work of the denomination in the time of crisis.

Three phases of work have received the larger attention during the past year as follows: Sunday school work, B. Y. P. U. work, and Daily Vacation Bible School work.

Sunday School Work

One of the greatest and most difficult tasks connected with this Department is that of encouraging our people to study the Bible. Recognizing that the Sunday school is not an end in itself but only a means used by the church to secure general and systematic study of the Bible, and recognizing that the Sunday school must be properly related to the church and directed by the church, the whole effort of this Department has been to assist the churches in promoting a worthy program. While reports are not in in sufficient numbers to enable us to give definite figures in enrollment and attendance, we do have enough to give the statement that the past year has brought us satisfactory increase in enrollment and attendance. The minimum enrollment required by the Standard of Excellence is that the school shall enroll a number equal to the entire church membership. The number of churches meeting this requirement has steadily increased in recent years, with two hundred eight in 1928 and four hundred eighty-six in 1930.

Since the Sunday school has in its working force the largest number of enthusiastic and aggressive members of the church and a large percentage of the leadership of the church, it becomes evident that the Sunday school organization may be used and should be used to promote any worthy purpose of the church. This larger use of the Sunday school organization is already bearing fruit in many of our churches. We refer especially to such purposes as increasing the number in the preaching service, increasing the number studying the Bible, increasing the number of contributors to the church's financial program and in promoting the evangelistic and missionary program of the church.

In order that a church may have an effective Sunday school it is necessary to enlist and train leaders and workers for this phase of work. Records show that during the year past our people have completed 3,778 books in the Normal Course, 1,788 have finished one-half of the Sunday School Manual, and 1,379 have completed books in the Sunday School Administration Course.

The Associational Sunday School

As the second unit in Baptist life, the District Association offers unexcelled opportunity for helping the churches in Sunday school work. This Department has endeavored to encourage the

organization of the Sunday School Association and to assist it to function properly. The following associations are organized and we give the superintendent as listed: Audrain—J. J. Johnston, Laddonia; Barry—James Rhea, Purdy; Benton—E. H. Michalkowsky, Warsaw; Bethel—C. B. Scobee, Hannibal; Black River—Irl Richardson, Kennett; Butler—May Shorb, Drexel; Caldwell-Ray—A. R. CRADLE ROLL: Bolivar.

The State Sunday School Conference

This conference was held at Jefferson City. While the attendance was not satisfactory some really constructive results were attained, one of which was the beginning of the organization of the conference with the hope that it may function more effectively in co-operation with this Department. The next session of the Sunday School Conference will be held in Kansas City, November 17-18-19, 1931.

Objectives

Practically all of the District Associations this year have voted to undertake to make an increase of at least fifteen per cent in Sunday school enrollment and attendance during the next year. We believe along with this increase should come an enlargement of our efforts to do more effective work in all the Sunday schools.

B. Y. P. U.

The B. Y. P. U. work in the state continues to grow in interest and in power. The number of individual unions has increased so that we now have on the mailing list of this Department the presi-

dents of 151 Adult unions and 1,101 Senior unions, and the leaders of 364 Intermediate unions and 401 Junior unions, making a grand total of 2,017. The number of General Organizations has increased so that we now have on our list 241 Directors. It is certain that there is a large number of unions and probably some Directors who have not reported and of whom we have no record. The probable total of individual unions is near 2,400. As the number of unions has increased, the number of classes in B. Y. P. U. Study Course has also increased. Our records show that during the past year 1,766 Study Course classes have been held and 16,600 Study Course awards have been issued. The efficiency of the members in daily Bible reading and in participation in the church program has likewise grown.

The B. Y. P. U. Honor Roll

The B. Y. P. U. Honor Roll for the past year is as follows:

A-1 ASSOCIATIONAL B. Y. P. U.: Greene County; Lawrence County; Macon; Spring River.

A-1 GENERAL ORGANIZATION: Bolivar; Cabool; Red Star, Cape Girardeau; Carthage; Caruthersville; Duenweg; Waldo Avenue, Independence; First, Joplin; Kensington Avenue, Kansas City; Carpenter Street, Moberly; Mount Vernon; Mosby; Novinger; Pine Street, Nevada; Pierce City; Copeland, St. Joseph; First, St. Joseph; Patee Park, St. Joseph; Wyatt Park, St. Joseph; Calvary, Sedalia; Grant Avenue, Springfield; Pythian Avenue, Springfield.

The State B. Y. P. U. Convention and Divisional Meetings

The State B. Y. P. U. Convention was held at Hannibal with an attendance of about eight hundred. The thirteen Divisional Con-

ferences held during the spring were well attended and productive. As a demonstration of the enthusiasm and interest on the part of our young people and their desire to do actual missionary work in promoting B. Y. P. U., these meetings were the best we have had.

One significant undertaking of the State Convention was a complete Baptist roll call in the interest of prohibition and law enforcement with the recommendation to all the churches that a complete Baptist Roll Call be made, giving our young people an opportunity to sign the petition to be presented to our law makers in the interest of the enforcement of the 18th Amendment and the prohibition laws.

B. Y. P. U. Work in the Associations

The following associations are organized for the promotion of B. Y. P. U. work and we give here the name of the association and its president: Audrain—J. E. The Three-Purpose Campaign Proves Its Worth

Beginning with 1931 we were compelled by the numerous requests for help to change our method of promotion and in a measure the method of doing field work. Whereas the workers had been devoting their time to individual churches, we proposed to work with and through the association, we to enlist the association as far as possible for simultaneous training schools under the direction of one of our workers and to have the classes taught in the churches by volunteers from the association and nearby territory.

The three purposes of the campaign are: (1) A training school in each church. (2) To set up and strengthen the work of the association. (3) To leave on the field a large group of volunteer workers who will carry on and conserve the results of the campaign.

Invitations for this type of work have been more numerous than we have been able to accept during the year. Considering the other meetings and other imperative calls for assistance, we are gratified to be able to report that we have reached fifteen associations with this type of work during the period of nine months beginning January 1. Each campaign requires two or three weeks' time for at least one worker from this Department.

The associations in which the Three-Purpose Campaigns have been conducted are as follows: Barry; Blue River; Cape Girardeau; Charleston; Clay County; Dixon; Greene; Jefferson County; Laclede; Lawrence; Nevada; North Grand River; St. Joseph; Spring River; Wright County.

Daily Vacation Bible School

In co-operation with the D.V.B.S. Department of the Baptist Sunday School Board, we have undertaken to promote the Daily Vacation Bible School and to encourage our churches to participate in this type of work during the past five or six years. 1931 has proved our most successful year in this field. Pastors and leaders have come to recognize the opportunity in D.V.B.S. Several things

have been learned: (1) The children welcome the school. (2) The cost is negligible compared with the results attained. (3) Workers are available in almost all churches. (4) The D.V.B.S. opens a new field for influence on the part of pastor and leaders and makes a particularly fine opportunity for evangelism. (5) It serves as a training school for teachers in the elementary departments of the Sunday school.

The following churches reported schools held during the past summer with enrollment given: Archie 37; Atlanta 80; Grand Prairie, Auxvasse 55; California 117; Central, Charleston 138; First, Charleston 130; New Bethel, Charleston 64; Bolivar 121; Pleasant Grove, Camden Point 44; Cosby 30; Fulton 100; Hamilton 39; Calvary, Hannibal 256; Jackson 46; Bales, Kansas City 89; Broadway, Kansas City 125; Calvary, Kansas City 105; Central, Kansas City 131; Polish Mission, Kansas City 230; Tabernacle, Kansas City 92; Monett 136; Pilot Grove 46; Richmond 169; Copeland, St. Joseph 112; Baptist Center, St. Louis 47; Maplewood, St. Louis 150; Brush Creek, St. Louis 48; Euclid, St. Louis 88; Fourth, St. Louis 220; West Park, St. Louis 119; East, Sedalia 214; Webb City 175.

J. C. HOCKETT, JR., Secretary.

Report was spoken to by J. C. Hockett, Jr., Kansas City; Oscar Pigg, Kansas City; C. A. Carlock, Kansas City; Walter A. Klein, St. Louis. John R. Bryant, Kansas City, announced a meeting of the State Sunday School Association to be held in Kansas City, November 17-19, 1931, at the Bales Church.

The Association joined in singing the hymn, "Showers of Blessing."

44. A. H. Fuhr, Warrensburg, delivered an address on State Missions.

45. On motion, the report of the State Executive Board, including all reports as read and presented in the printed pamphlet which had been distributed, was adopted.

46. F. E. Bray, La Grange, presented the report of

TEMPERANCE AND SOCIAL SERVICE

There is an ever-increasing effort on the part of the forces against the Eighteenth Amendment. Those who would have this

important article stricken from our National Constitution are working day and night, setting forth argument to show that the Great American People would be more prosperous, more intelligent and happier with the return of the old regime, when the sale of intoxicating liquor was legal.

We are, even now with another generation coming to the responsible positions of Government and Society, facing seriously the question as to whether the Constitution of this nation shall stand. On every hand we hear the cry of the wets that our laws are not effective, that the people do not want the restrictions of the Eighteenth Amendment, that they do not want their personal liberties taken away. This is all talk that cannot be backed up with one single piece of evidence that will stand the test of honest investigation.

We believe that the gospel of Jesus Christ carries all through the obedience to good law, the duty of every Christian to see that laws are properly enforced. Then it becomes our solemn duty to see that every effort is made to preserve the Constitution of our Nation and that that Constitution shall always provide for the furtherance of every ideal that makes for Peace, Prosperity and Honor in the sight of God.

We, therefore, urge our people to be always ready to strike the death blow to anything that would dethrone Reason; that will destroy Honor; that will wreck Homes; that will kill our Posterity.

The work of every home, the conduct of our schools and the services of our churches should be to set at liberty the troubled minds concerning the virtues of the Eighteenth Amendment to our Constitution. In home, school and church, let us be true, let us be Christians in this important matter.

Social Service

That Jesus believed in and taught the ideals of true social service cannot for one moment be denied. Every act, every word, every service that He rendered was for the betterment of human beings. He healed the sick, raised the dead and ministered to the suffering. And then He set up the idea, or rather the fact that men are brothers. This alone establishes the fact that a very important part of the work of His people is to be consummated in what we call Social Service.

The fields for social service are as varying and far reaching as the Universe. For wherever a man, woman, boy or girl is found there is an opportunity for Social Service.

The crime wave, the divorce courts, the underworld life, all rise up before us and actually challenge the efforts of our churches.

That we should make a large place in our ministry to help discouraged humanity is no small matter. Our ministry must be a ministry of Social Service of that kind that will prove to the world that life can be sweet.

We believe that the most far-reaching service aside from that of leading humanity to Christ for eternal salvation is that of helping mankind to prepare for the blessings of this earthly life. The Brotherhood of Man, the Fatherhood of God and the Service of Man to Man is worth every effort we can put forth.

F. ERNEST BRAY.

The report was discussed by F. E. Bray, La Grange. Report adopted.

47. S. I. Myers, St. Joseph, presented the report of the Committee on Place and Preacher:

Preacher of Introductory Sermon: F. C. Feezor, Liberty. Alternate: R. M. G. Smith, Kirksville.

Next Session of the Association to be held with the First Baptist Church, Sedalia, Missouri, October 18-20, 1932.

Report adopted.

48. A. G. Hause, Kansas City, presented the report of the

PUBLICITY DIRECTOR

In this, my third annual report to the General Association as your Publicity Director, I wish to say that our work has been carried on this past year, as usual, mainly through our CLIP SHEET SERVICE, being mailed to 196 newspapers in the State, from the large metropolitan daily of the cities to the smallest weekly in the villages, giving from time to time such news of Baptist achievements, happenings and news, as we thought the papers would use and appreciate.

To try and find out just to what extent the papers were using material we were sending to them in the Clip Sheet Service, we mailed out to the papers on September 21st, a letter asking the editors of the papers that had been receiving our service two questions:

1. "Have you used during the past two years any of the material sent to you in our Clip Sheets?"

2. "Do you advise the continuance of this service and do you see any advantage in same, both to you and the Baptist churches in the State?"

We received quite a number of answers to this questionnaire and discovered that some of the papers did not use nor did they care for our service; that these papers being mostly small weeklies. As one editor expressed it:

"Replying to your letter of recent date relative to your Clip Sheets we have not used any of this material to my knowledge. Frankly we do not see any advantage in this service, to the newspapers. What we want is local news. Your Clip Sheets, as I understand it, are more intended for the Baptist Churches. They are too general. Each Saturday we have what is known as a church page. Sometimes I think this page is not appreciated by some of our ministers as we do not get the co-operation we should."

Right here, I would say, that all Baptists generally, and Baptist Pastors, particularly, should co-operate with local papers in the printing of real news and no editor should be allowed to lament over the lack of co-operation in this matter or the indifference of Baptist Ministers at least.

But while many of the smaller papers in the State have not used our service, we are glad to report that the larger newspapers have done so with thanks. I quote now from Mr. Charles V. Stansel, Religious Editor of the Kansas City Star:

"In reply to your query under date of September 21, I would say that in the last year or two, or since I have received the Clip Sheets, I have used, I believe, some part of each. For a newspaper, of course, the value of this service depends primarily upon its timeliness, whether it has to do with something of recent occurance or something to take place soon. But aside from that, I have found use for certain items in a general column which is commonly made a part of the Saturday church news. From my point of view, I think it would be worth while to continue the service that is of value to the Baptist churches in the State."

We shall therefore continue our Clip Sheet Service, cutting off the mailing list only those papers whose editors have informed us that they have not used the material sent to them.

During the sessions of the General Association and before the meetings begin, we have tried this year, as last, to aid in every way possible the reporters for the local papers covering our Association. This service has always been deeply appreciated and I think, very helpful. From our experience in this way with the papers in the various cities where we have met, I can sincerely say

that the finest degree of co-operation has always been offered us and I believe we have in the past several years received more publicity in the local papers and by wire, than in the days past when no effort was made on the part of the Association itself to furnish the Press such service as we are now offering through the Publicity Department.

It has been a joy and privilege to work during the past year with our beloved Superintendent, the Moderator and the Board. We will continue to give this work our best thought and effort and trust that in the days to come Missouri Baptists will furnish such Kingdom news that when published to the world will cause others, seeing our good works, to glorify our Father who is in heaven.

ALVIN G. HAUSE.

On motion, a vote of appreciation was expressed to the Publicity Director, and the report adopted.

49. S. E. Ewing, St. Louis, presented the report of the Centennial Committee. (This report is presented as a part of the report of the State Executive Board. See Paragraph No. 13 of these Minutes.)

Paul Weber, Jefferson City, led in prayer.

The report of the Committee on Nominations was adopted.

54. J. F. Vines, member of the Foreign Mission Board of the Southern Baptist Convention for Missouri, presented the report of

FOREIGN MISSIONS

Dr. E. Stanley Jones, who pushed aside a Methodist crown in order to return to his work among the far-away heathen, relates an interesting conversation with the brilliant wife of our American Ambassador at Buenos Aires. The lady asked Dr. Jones why a man of his ability should choose to go as a foreign missionary and then she asked a big business man sitting by her side and who numbered his wealth by the hundreds of millions of dollars to listen while the question was being answered. God's man takes a chapter in a great book to tell the story but he really sums up the whole answer when he says: "I WENT AS A FOREIGN MISSION-

ARY BECAUSE I AM A CHRISTIAN. I KNOW I CANNOT REMAIN A CHRISTIAN AND NOT GO AS A MISSIONARY." Have we yet learned that to be a Christian means to be a MISSIONARY?

Jesus Christ by life and teaching certainly justifies anyone in taking the position of this consecrated servant of God. Our Lord came seeking the lost, giving his life that a lost world might find its way back to God. Just before his ascension Jesus said, "Ye shall be my witnesses where you are and to the ends of the earth." The Word of God is the message of salvation to all men everywhere for all time. And as the Father sent the Son to incarnate the message even so the Son sends us to live and tell. Baptists are not without authority or ability but they fail in not being consecrated to the cause of world-redemption. The Book of Books is our creed, the King of Kings is our Lord, an open door to all nations is before us, many sterling young people seek to go, AND IT BUT REMAINS FOR THE BAPTISTS TO DEDICATE A PART OF THE RICHES POURED INTO THEIR KEEPING. If we would, we COULD make real that stanza from an old Methodist hymn:

"What we have seen and felt,
With confidence we tell,
And publish to the sons of men,
The signs infallible."

It is high time we were taking up the cross we have laid aside. Truly the hour is striking for an advance or a great opportunity will be lost. Our Ambassadors on the hard driven lines appeal to us to strengthen the things that are, lest there be a forced retreat, terrible in its effects. Our noble messengers have gone down into the dark to seek and to save the lost and shall we allow our contentment and self-satisfaction to cut the ropes? The statement that we have gone "good-time crazy" is too true. It is time we either stop crying, "Depression" or cut off some of our wasted gasoline or a part of our many luxuries but instead of this we have cut that which we had already cut to the heart, namely our gifts to the greatest cause of all time. It is time Christians stop boasting and follow the Savior thus becoming the salt of the earth, the light of the world, slaves and servants, soldiers and crusaders of righteousness. As there were "Saints in Caesar's household," so we should be today in this dark, selfish world. God is in His heaven but certainly all is not right in His world, not because He has failed us but because we have failed Him.

Here and now we must plan wisely and practice earnestly the teachings of Christ or lose forever the greatest opportunity ever offered any people. OUR COOPERATIVE PROGRAM IS, WE BELIEVE, THE BEST POSSIBLE FOR THIS HOUR. THERE IS TO

BE OVER OUR NATION AN EVERY-MEMBER CANVASS, WHEN EVERY CHURCH MEMBER WILL BE ASKED TO MAKE AN OFFERING TO EVERY WORTHY OBJECT, TO BE GIVEN EVERY LORD'S DAY THAT THE GOSPEL MAY BE MADE EFFECTIVE IN THE LOCAL CHURCH AND TO THE ENDS OF THE EARTH. THEN LET US MAKE IT OUR BUSINESS TO HAVE A BIG PART IN THIS UNDERTAKING THAT THE FINEST SUCCESS MAY BE ACCOMPLISHED, IF WE WILL DO THIS, SURELY OUR GOD WILL POUR OUT HIS BLESSINGS ABUNDANTLY, THE WORK OF OUR CHRIST WILL PROSPER AS NEVER BEFORE AND WE SHALL FIND CAUSE TO REJOICE GREATLY.

It is time we find out "THE FIELD IS THE WORLD" AND TAKE OUR EYES OFF OUR OWN LITTLE CORNERS AND BEHOLD THE FIELDS RIPE AND READY FOR HARVESTING.

The debt of our Foreign Mission Board was at the beginning of 1931, $945,366.27 and since that date it has increased until today it is more than $1,000,000.00. Only five states have given more at this time than a year ago and we are sorry to note that OUR OWN MISSOURI IS NOT ON THE HONOR LIST. The Board cut its appropriations for the year 1931, $280,000.00 below that of the previous year and if this decline in gifts shall continue anyone can see the failure that awaits us. IF MORE MONEY IS NOT GIVEN TO FOREIGN MISSIONS, WE MUST RETREAT FROM FLOURISHING FIELDS.

The appropriations for this year are on a par with those of 1919 and yet we are supporting 82 more missionaries and 1,137 more native workers and the work has been expanded along all lines. You say, "CUT DOWN YOUR WORK TO YOUR INCOME." This has been exactly what the Board has tried to follow and still the gifts have fallen far below what we had a right to expect would be given. For 1932 we have cut to the heart our work, giving up many schools and cutting down salaries to the amount of $265,000.00. Last year we failed to meet our obligations by the amount we are cutting from the yearly program. Suppose the Board had tried to save the $265,000.00 by cutting off native workers; we would have cut off every one of these faithful toilers and yet failed to solve the problem.

We have on the foreign field 425 missionaries, 2,052 native workers, thirteen theological seminaries, five publishing houses, and nine hospitals and all working to the limit and yet failing to meet the demands. GOD'S PEOPLE WITHHOLDING GOD'S MONEY HAS CAUSED THE FOREIGN MISSION BOARD TO BE COMPELLED TO CUT OFF 125 FOREIGN MISSIONARIES, 704 NATIVE WORKERS; WHILE 104 FINE VOLUNTEERS HAVE BEEN ALLOWED

TO PASS THE AGE LIMIT AND NOW THEY ARE TOO OLD TO EVER BE SENT OUT; 125 STERLING YOUNG LIVES PLEAD WITH YOU TO SEND THEM AS HERALDS OF GOOD TIDINGS. WHAT IS YOUR ANSWER TO THIS APPEAL?

Yet in the face of this distress our Father is calling us to earnestly consider our obligations by revealing his miraculous power to save under the most trying circumstances. Our Lord is doing wonders with the forces we have. Our schools and hospitals are crowded and many turned away.

In schools, hospitals and churches great revivals and ingatherings of souls mark the year's triumphs. In Italy the greatest number of baptisms that has ever been reported in a single year, 396. Rumania leads with 5,500 baptisms. This same revival spirit is very marked also in China and Africa and in fact on all the fields where we operate. This year more baptisms have been reported than in any previous year of our history, the number being 14,415. Our publishing houses are unable to supply the information needed.

The Lottie Moon Offering, taken during December by our women, enabled the Foreign Board to pay the salaries of one hundred missionaries and to provide for many other needed things. THIS TIMELY HELP FROM OUR WOMEN KEPT THE WORK OF OUR FOREIGN MISSION BOARD FROM A CRUSHING DISASTER IN A NUMBER OF FIELDS. LET US THANK GOD FOR THE SACRIFICIAL GIVING OF OUR WOMEN. LET US NEVER FIND OURSELVES HINDERING THIS CHRIST-LED MOVEMENT.

UNLESS MORE MONEY IS GIVEN FOR THIS CAUSE A RETREAT MUST BE MADE AT ONCE OR THE DEBT LARGELY INCREASED. The blessings of God upon our work call for us to renew our faith and increase our gifts, and thus strengthen the hands of our overworked laborers and glorify the Christ and save the nations. The toilers on the fields, the fine youth pleading to go, the open doors, the plain and unmistakable teachings of the truth and our ability to answer MAKE IT IMPERATIVE WE BE HONEST, EARNEST CHRISTIANS NOW. THERE IS A PERIL THAT THREATENS US, FOR THE CHRIST HAS MADE IT PLAIN THAT THOSE WHO WILL NOT SEE AND DO, SHALL NOT SEE AND SHALL LOSE THE POWER TO DO. LET US THEN SEE TO IT THAT EVERY BAPTIST HAS AN OPPORTUNITY TO PLEDGE TO THE CAUSE OF WORLDWIDE MISSIONS IN THE COMING CAMPAIGN. IT NOW RESTS UPON EVERY LOCAL CHURCH AND EVERY FRIEND OF FOREIGN MISSIONS TO SAVE THIS WORK NOW IN SUCH PERIL. OUR CONVENTIONS CAN ONLY PASS RESOLUTIONS, BUT WITH THE CHURCHES AND INDIVIDUALS REST THE PRESENT AND FU-

TURE OF THIS WORK OF CHRIST. LET NOT THE WORK OF THE LORD FAIL. Last year Missouri gave to the Foreign Mission Board, $69,785.98. What will be our answer the coming year?

While we are depressed, yet when we look back and compare our present work with the conditions and gifts of twenty-five years ago we are made thankful to God there has been progress. Note the comparison below:

Receipts by the Board in 1906, $315,248.00; in 1931, $1,030,329.00.

Churches in 1906, 214; in 1931, 2,681 (1,868 self supporting).

Out Stations in 1906, 372; in 1931, 2,184.

Missionaries in 1906, 189; in 1931, 423.

Native Missionaries in 1906, 300; in 1931, 2,116.

Baptisms in 1906, 2,445; in 1931, 14,415.

Members in 1906, 12,894; in 1931, 169,311.

Houses of Worship in 1906, 114; in 1931, 1,050.

Sunday Schools in 1906, 173; in 1931, 2,208.

Scholars in 1906, 5,232; in 1931, 75,652.

Schools in 1906, 67; in 1931, 329.

Students in 1906, 2,095; in 1931, 20,222.

Contributions by Native Churches in 1906, $26,104.97; in 1931, $460,805.00.

Native churches gave in 1931, $145,000.00 more to Foreign Missions than Southern Baptists gave in 1906.

JOHN F. VINES.

55. On motion of J. F. Vines, Kansas City, the following telegram was sent to Louie D. Newton, Druid Hills Baptist Church, Atlanta, Georgia: "'Missouri Baptist General Association in session at Springfield rejoices in the call extended by the Foreign Mission Board, and hopes that it may be God's will that you accept the office, and most sincerely promise you our prayers and co-operation.

Signed: S. E. EWING, Secretary."

56. W. E. Davis, El Paso, missionary of the Foreign Mission Board in Mexico, addressed the Association. Report adopted.

57. C. Oscar Johnson, St. Louis, gave an inspirational address, subject, "Meeting the Challenge of Christ." C. Oscar Johnson led in prayer.

RECESS.

THURSDAY MORNING, OCTOBER 22

58. The Association was called to order at 10:00 A. M. Carroll V. Day, Kansas City, song leader; Mrs. L. P. Coleman, Springfield, at the piano. Hymn, "That Will Be Glory for Me." Devotional services were conducted by David W. Jones, Doniphan. David W. Jones led in prayer.

59. R. L. Davidson, Sedalia, presented the report of the Committee on

RELIGIOUS LITERATURE AND PUBLICATIONS

We are engaged in a world-wide, age-old warfare. Our objective is to take this world for Christ. Our foes are not material but spiritual. Our success in this warfare depends upon the enlistment of all our forces, their training and equipment and their field operations.

Our foe is a wiley one, well equipped, alert and eternally at it. Victory is ours if we will only proceed in a wise and orderly way. First, we must enlist our forces. This comes through Salvation. This must be followed by education, information, inspection, mobilization and evangelization. As Baptists we are many, but not much. We have made little progress because we stopped just when our Great Commander meant for us to begin. We stopped with Enlistment. The great mass of our recruits do not know how to handle our weapons and so are helpless in the face of the enemy. We must train them to be intelligent warriors if we would win.

Our great Sunday School Board provides the text-books and magazines for the proper education and training of our recruits. Our denominational newspapers furnish us with full and reliable information as to force and field, location of the enemy and progress of the battle from week to week. Inspiration follows information and mobilization and evangelization follow these as springtime and harvest follow the return of the sun to summer solstice.

To this end, therefore, we your committee, recommend and urge a most liberal use of all our Sunday School Board publications, and further would most heartily recommend and insistently urge that "The Word and Way," our State paper, be placed in every Baptist home in the State, that our pastors make such use of it from Sunday to Sunday as will best stimulate the reading of it on the part of their people, until its information shall become so inspirational as to result in the hearty, enthusiastic mobilization of all our forces, financial, intellectual and spiritual, that the world may be speedily evangelized and peace and good will come to all peoples.

We also commend to our people the state "Bulletin" and "Home and Foreign Fields."

R. L. DAVIDSON,
A. H. FUHR,
I. L. BUSH.

The report was discussed by R. L. Davidson, Sedalia, and Joseph E. Brown, Kansas City. Report adopted.

60. A. G. Hause, Kansas City, presented the following resolution:

EDGAR GODBOLD RESOLUTION

Inasmuch as our precious God and dear Lord has given evidence of His favor and blessing unto Missouri Baptists the past year, and

Inasmuch as a great part of the results of our work has come through the remarkable leadership and untiring zeal of our consecrated and talented Superintendent, Dr. E. Godbold, and

Inasmuch as since coming to our state two years ago Superintendent Godbold has evidenced that he was God-sent to Missouri Baptists, and

Inasmuch as the Sunday School Board of Nashville, Tennessee, has called Dr. Godbold to become Associate Secretary of the Board, therefore, Be it Resolved

1. That the General Association by a standing vote express our gratitude to God and our appreciation to Brother Godbold for his untiring and faithful work in leading us so remarkably, especially the past year, and

2. That we implore him if he can do so with a clear conscience and the approval of the Holy Spirit to immediately decline the call of the Sunday School Board and we here and now

pledge to him our wholehearted co-operation, love and confidence, and

3. We respectfully request our Southwide agencies to in the future look elsewhere besides the State of Missouri for leaders and executive officers considering that we have already lost two Secretaries and now our third and succesful leader is being wooed and courted and

4. *Finally*

We pledge our all to the end that Missouri might become the *queen Baptist state of the Southland under*, we hope, the continuing able leadership of our esteemed and beloved Superintendent of Missions, Dr. E. Godbold.

Discussion followed by Joseph E. Brown, Kansas City; J. F. Vines, Kansas City; Walter C. Goodson, Macon. Resolution adopted.

61. E. E. King, St. Louis, presented the report of the of

MISSOURI BAPTIST HOSPITAL

In the fall of 1884 Mary Yount, suffering in body and without means, applied to an earnest Baptist Christian physician, Dr. W. H. Mayfield, for help. He provided a place and gave his services and this was the beginning of a great humanitarian work. In 1887 the present site was purchased. From year to year the Lord has added His blessings until today the Missouri Baptist Hospital occupies more than a city block of ground right in the center of our great city of St. Louis. With 500 beds, ours is the largest general hospital in the southwest (with the exception of publicly owned institutions). Hundreds and even thousands are every year given a new lease on life. Broken bodies are healed, eyesights restored, the lame made to walk, and hundreds of infants see their first light within the walls of our institution. Many of the above are given our best service without money or price and owe their very lives to this institution which has been furnished by the Baptists of Missouri.

This has been a trying year, but we have weathered the storm in a fairly satisfactory manner.

Mother's Day, May 8th, is to be observed as Missouri Baptist Hospital Day throughout the state, and we trust all the churches will cooperate in the program we shall try to put on at that time.

We have a most interesting moving picture showing activities of the hospital. We are ready and glad to show this to churches or organizations. Write us for dates.

We are rendering a large service to the poor and are making an heroic effort to care for all who apply to us for help. If our Baptist people who are able to pay will come here when they need a hospital, they will render a triple service; first, to themselves in the skilled care they receive, second, to the hospital in supporting and maintaining it, and third, to the sick poor because we can accommodate more free patients when more pay patients patronize our institution. Let us ask that you express your interest in the poor people you send to us for treatment by sending with them a love gift for the hospital. It will cheer the patient to know you are concerned enough about his welfare to give sacrifically that he may regain health. It will warm the hearts of those who sometimes wonder how it will be possible to meet the obligations of this institution and still take care of the patient you send. When you talk with the One Who went about doing good, pray that as His Ministry of Healing knew no bounds, this House of Healing may be provided for by our Baptist host so that it may worthily follow His example.

Last year patients of the following religious denominations were treated in the hospital:

Baptists	1114	Greek Orthodox	26
Catholics	1076	Pentecost	8
Methodists	536	Church of God	8
Protestant	418	Othodox Jews	5
Presbyterians	368	United Brethren	5
Lutheran	285	Nazarene	4
Evangelical	228	Unity	4
Christian	228	Divine Science	3
Jewish	200	Church of Christ	2
Episcopal	95	Mormon	2
Christian Science	42	Truth Center	1
Congregational	42	No Church	1346

(The 1346 showing no church preference includes small children and infants.)

The Hospital is an active field for church workers, not only for Baptist, but for all faiths.

Our report would be incomplete without mention of the work of the women. Several times each week groups of women from various churches meet at the hospital and greatly assist in the

making of bandages and other supplies. In addition to these services they have made many gifts of linens, fruits, flowers, etc. Their organized cash activities are as follows:

These items do not include any fees for the doctors who graciously give their services to our charity. The item could conservatively be estimated at an additional $50,000.00.

The Missouri Baptist General Association gave us $1,554.29 during the year.

The Executive Committee of our Board of Managers has been the most faithful committee with which it has been my pleasure to work during an experience of some fourteen years. They meet every month and review carefully all the figures concerning our finances and the operation of the hospital for the previous month. All employees handling money are under bond. A financial statement in minute detail has been filed with Dr. E. Godbold, General Superintendent, in Kansas City. Certified public accountants audit all of our financial accounts and the condensed balance sheet below is taken from their annual audit.

Condensed Balance Sheet September 30, 1931

ASSETS

Fixed capital	$1,244,424.80

Net loss for year	$ 9,736.63

Included in the "Gross Operating Expense" item above is $41,-065.31, which has been set aside as the estimated depreciation on buildings and equipment. This item is used in showing the above loss, otherwise counting our buildings and grounds the same as last year we would show a nice profit. All the interest has been paid and we promptly pay our current bills, even discounting all those which carry a discount.

62. Mrs. A. H. Eilers, St. Louis, presented the report of

MISSOURI BAPTIST ORPHANS HOME

It is with grateful hearts that we bring to you today the 46th Annual Report of the Missouri Baptist Orphans Home and despite a world-wide depression bearing down upon us and upon the friends of the Home, how manifold are the blessings that have come to us during the past year. And we would offer sincere thanks to our Heavenly Father and to the generous friends of City and State who have not failed us nor permitted these little ones to go uncared for. The Board of Managers are deeply grateful for your support and confidence.

Our needs are very great. According to the Admission Committee—"Never before in the history of the Institution have we had so many appeals to admit children into the Home, due perhaps to unemployment and broken homes."

A pathetic case of eight children was brought to us last spring —the father was killed in an accident—the mother struggled along to keep the children together until she was strickened with what seemed at first a fatal disease, one which kept her in the hospital for many months—work was found for the three oldest and five pretty little girls were taken into the Home where they were not separated but kept together in the same cottage.

The Thanksgiving season brought many happy thrills, in the way of boxes of delicious cookies, pies, candies. and other sweets, so dear to the childish palate, a delicious dinner was prepared from material sent from many parts of the State by loving friends.

Although every Christmas seems to be the very best one, still this year was unusually good—radio music—happy laughter everywhere—presents piled high—and a Christmas play was put on that delighted both the audience and those who took part. Then there were several friends who sent substantial checks for a turkey dinner.

Approximately 203 children are in the Home—180 of whom attend the public school. One boy won a scholarship this year, standing fifth in the contest. One girl also won a scholarship, and eight children attend High School. We are quite proud of our little band whose bright minds are forging onward but the bill for carfare to and from school is something to be considered.

The beautiful Thompson Cottage, a memorial to Mrs. Thompson's husband was completed last fall and tastefully furnished. Mrs. F. H. Dodge, our Recording Sec'y, supervised the building of the cottage and was to have turned over the key at the dedicatory services on Dec. 29th but on Christmas Day the Angel of Death called her and she passed with scarcely a pause from her useful and active life here to that Home beyond. Our hearts were saddened and our loss inexpressible, but her work was complete—the cottage was finished. We dedicated it on March the 6th.

Our efficient Corresponding Sec'y for 13 years became ill in April and after considering for several weeks decided it would be impossible to again take up the work that had been to her a labor of love and for which she was peculiarly adapted. Her resignation was accepted with much regret and we shall miss her splendid reports.

The Library, a gift from Delmar Church, is wearing well. The children, numbers of them, may be seen there every afternoon reading with interest. Our Matron says it is never necessary to speak to them nor to tell them to be quiet. A young woman Librarian comes every week to instruct the children in the care and love for books, to catalogue the Library and to keep the books in order. She also has a story hour which is hailed with delight. The Library at present has about 600 books on its shelves.

For entertainments we are indebted to the Deacons of the 3rd Church who on June the 20th held a most delightful picnic on the grounds of the Home. A chicken supper was served and an afternoon filled to the brim with entertainment and games. Every child was made happy with the gift of a balloon and other toys. To the friends at Macon and Moberly who took 38 children for a happy month's vacation, to Mr. and Mrs. Rethmeyer of Temple Church for a delightful picnic to 40 of the children at Sullivan State Park, to the Municipal Opera Company for tickets each week during the season, to the Rotarians for their annual treat (this year) to 135 children for a glorious day in Forest Park, to Mr. Alfred Bleckschmidt for free music lessons to the children and for organizing an orchestra of 16 which we are to enjoy today.

Mrs. Koechig reports that the health of the children has been unusually good the past year and there have been no deaths.

We sincerely thank Dr. Coleman for his professional services and for his kindly ministrations at all times in the Home.

Our Matron, a trained worker, has been successful in securing a corps of intelligent nurses who are interested in the religious as well as the temporal welfare of the children. Each evening before they retire a brief devotional exercise is held in the various cottages and one song a week is memorized. At meal time they all stand and return thanks with a song.

To the Rev. Oliver Shank we owe a debt of gratitude for religious training in the afternoon Sunday School organized the past year. 65 children have received baptism. Rev. S. E. Ewing has also cheered us by his helpful visits many times during the year.

And last but not least I would mention our worthy president who has guided the destinies of the Home so wisely and so well and is rounding out her 33rd year as president.

MRS. A. O. YOUNG, Corresponding Sec'y.

The complete audit with all investments listed has been filed with Dr. Edgar Godbold, General Supt. of Missions, Baptist State Executive Board, 1023 Grand Avenue, Kansas City, Mo.)

The report was discussed by Mrs. A. H. Eilers, St. Louis, and Miss Amy Goodman, Superintendent Missouri Baptist Orphans Home, St. Louis. F. M. Baker, Pastor Fee Fee Baptist Church, and Mrs. Baker were introduced.

63. Milford Riggs, Ironton, presented the report of

MISSOURI HOME FOR AGED BAPTISTS

During the year ending April 30, 1931, the Home for Aged Baptists housed 83 inmates. Of these, 41 were in the Home the entire twelve months, and 42 were with us a total of 199 months, giving us a daily average of 57 7-12 persons for the entire year. These come from churches in 35 district associations in the state.

The cost for maintaining the old people in the Home runs at $1.45 per day per person, a very low rate when we consider that more than half of the people in the Home must have their meals carried to them, many are bedfast, and many require day and night nursing. The people in the Home receive the same kind of care as to diet and nursing that patients get in the very best hospitals. The only difference between hospital patients and those in the Home is one is acute and the other is chronic.

During the last fiscal year Missouri Baptists put into the Home less than five cents per member, and less than five dollars per church. The Home is in debt, but not hopelessly so. We have in our hands the agency to pay off the indebtedness and put the Home on a sound financial basis, if only Missouri Baptists will get the right vision and work together.

MILFORD RIGGS, Superintendent.

Note: The audit submitted by the Missouri Home for Aged Baptists under date of April 30, and presented October 15, 1931, was incomplete, and is omitted from the records of the Association. For information concerning the financial affairs of the Home confer with Dr. Milford Riggs, Supt., Ironton, or with Dr. Edgar Godbold, Supt. of Missions, 1023 Grand Avenue, Kansas City.

Under date of November 5, 1931, the following resolution was adopted by the Board of Trustees of the Missouri Home for Aged Baptists: "Resolved, that we notify Perkins and Company, St. Louis, Auditors, that when a complete and acceptable audit of our books and accounts was made we would gladly pay them for such service and will co-operate with them in making such audit." See minutes of Missouri Baptist General Association, 1930, for the audit submitted by the Home a year ago.—S. E. EWING, Secretary.

Report was discussed by Milford Riggs, Ironton; W. W. Martin, St. Louis.

64. E. D. Owen, Cape Girardeau, addressed the Association on the theme, "Our Philanthropic Institutions."

65. On motion, the reports of the Philanthropic Institutions were received, as printed and distributed in the report of the State Executive Board.

66. Paul Weber, Jefferson City, member of the Home Mission Board of the Southern Baptist Convention for Missouri, presented the report on

HOME MISSIONS

The members of the Home Mission Board realize that while we must not fail in our responsibility to the ends of the earth, we dare not neglect our Home Mission obligation. While our Gospel must go to the uttermost parts of the earth it must begin at Jerusalem and Judea, for if we do not evangelize the foreigners that come to our shores and the unevangelized within our borders, they will paganize us and seriously hinder us in carrying out the Great Commission. We should not do the one and omit the other, we are commissioned to preach the Gospel to every creature in all the world.

Too few of our people realize the magnitude of our Home Mission responsibility and how varied the channels through which it moves. The missionaries of your Board work among the Jews, Mexicans, Indians, Italians and Negroes; work which cannot be abandoned without serious detriment to our civilization. The Home Board is responsible for the Sanatorium at El Paso and maintains a Church Building and Loan Fund with assets of more than $1,250,000.00. Our mission in Cuba is a large enterprise with 44 churches having 3,000 members and property amounting to $800,000.00. Under the leadership of Dr. J. B. Lawrence the Home Mission Board has worked itself out of its precarious difficulties, in spite of the heavy debt and decreasing receipts, and stands today upon a solid foundation.

The Board has reduced its operating expense wherever possible. Recently its offices have been moved to less expansive quarters at a considerable saving. It has combined several departments so that the Secretary-Treasurer is handling the work that formerly required three men to do. This has been done at a saving of $9,000.00 a year.

To carry on the work under present conditions it has been necessary to discontinue some workers, enlarge the fields of others, and to reduce the appropriations to institutions. Of course, this method has worked a hardship upon some of the missionaries and workers and has called for heroism and self sacrifice.

The Home Mission Board is living within its income as instructed by the Southern Baptist Convention and is paying its debts. This past year $250,000.00 was set aside for payment of interest and principal on its indebtedness. The Board has definitely decided to retire its indebtedness as rapidly as possible.

The Home Mission Board has a romantic history. During the 86 years of its existence it has employed 40,862 missionaries who have reported 785,135 baptisms. They have organized 8,570 churches, one out of every three of the 25,000 churches Southern Baptists now have. Our hearts are stirred by the sacrificial devotion of our fathers and our generation is challenged by their glorious achievements.

We lift our hearts to God in gratitude for His mercies and blessings with the realization that "the prospects for the future for Home Missions are as bright as the promises of God and the faith of His people."

PAUL WEBER.

67. B. D. Gray, Secretary Emeritus of the Home Mission Board, Atlanta, Georgia, addressed the association on the subject, "Home Missions."

Report adopted.

68. C. C. Brown, Mexico, presented the report of the

MISSOURI BAPTIST MINISTERS AID SOCIETY

The affairs of the Society were merged with the General Association early in the year. The records of the Society were closed March 1 and all balances transferred to accounts of General Association.

Therefore this report will cover all business for five months and a partial report for balance of the year. The records were audited by Cornell & Co., as of September 30, 1931, and following figures are verified in their reports. We also have some unlisted properties which have no definite value or in litigation, therefore have not been made as a part of our assets.

In 1931 we made the first foreclosure in the history of the Society now 47 years old. No new loans are made but all surplus is sent the first of each month to the Relief and Annuity Board, and all benefits are paid by that board. All applications, however, are passed on by the committee at Mexico office.

Liquidation will necessarily be slow until conditions change.

C. C. BROWN, Treasurer.

MISSOURI BAPTIST HISTORICAL SOCIETY

The work of the Society continues. Until such time as its collections may be used to write the history of our work in Missouri, they are preserved and added to in so far as it is possible with the limited funds available.

The Society deals with intangible values. To some people, doubtless, its work is of no importance. Surely, however, we cannot afford to neglect the past of our work. We owe a debt of gratitude to those heroic figures of the past who laid the foundation of our prosperity in Missouri. We cannot pay that debt if we forget them. We need the inspiration that comes from an acquaintance with their lives. We shall miss this if we forget their work.

Every available source of information regarding Baptist work in Missouri ought to be preserved. Only those who have had some contact with the problem of historic source material can appreciate how fleeting such material is, how rapidly it disappears forever.

The Society urgently requests the interest of every Baptist in its work. All communications in regard to the work of the Historical Society should be addressed to C. M. Truex, 116 N. Water Street, Liberty, Mo.

Officers of the Society

President, R. S. Douglass, Cape Girardeau.
Vice President, F. C. Feezor, Liberty.
Secretary, C. M. Truex, Liberty.
Custodian, H. I. Hester, Liberty.
Treasurer, C. F. D. Arnold, Liberty.
Auditor, J. E. Davis, Liberty.

Report was spoken to by C. M. Truex, Liberty, and Frank Q. Crockett, Farmington. Report adopted.

RESOLUTIONS

Resolved, That this Association express its appreciation to the First Church of Springfield and to the other Baptist Churches of the city for the entertainment extended to our body in providing the place of meeting of the Association and in the excellent arrangements made for caring for the physical needs of the Messengers.

That we thank Dr. Hale and the other members of the Program Committee for the splendid program which has been enjoyed—a program which from first to last has sustained interest and imparted information and inspiration.

That we thank Dr. C. Oscar Johnson of Third Church, St. Louis, for his series of inspirational addresses.

That we extend our thanks to the Press for the place it has given to the affairs of the Association.

That we thank the Boy Scouts of Springfield for their constant and cheerful service rendered to the officers and messengers of the Association.

That we express our appreciation to our Moderator for the gracious and efficient manner in which he has conducted our sessions; to our Secretary for his unfailing cheerfulness, faithfulness and efficiency through the years; to our General Superintendent for his untiring labors of love among us; to our song leader, and all those who have by their singing and leading contributed to the splendid spirit and success of our gathering.

W. E. DENHAM,
C. A. McINTIRE,
MRS. O. R. MANGUM.

Report adopted.

79. The Moderator appointed the following

MINUTES MISSOURI BAPTIST MINISTERS CONFERENCE

Springfield, Mo., Oct. 19, 1931.

The annual meeting of the Missouri Baptist Ministers' Conference was called to order at ten o'clock, Monday, October 19, 1931, in the auditorium of the First Baptist Church, Springfield, Dr. G. W. Duncan, vice-president, presiding. The devotional service was led by R. S. Bazzell, Appleton City. The officers elected to serve for the coming year were: Dr. G. W. Duncan, Kansas City, president; Earl W. French, Springfield, vice-president; Carl A. McIntire, Carrollton, secretary-treasurer. Treasurer reported an expenditure of $1.50 for programs, 1930 meeting, leaving balance in treasury of $19.43.

The speakers on the morning program were J. A. Roper, Eldon, "The Pastor, the Holy Spirit, and the Denominational Program," and A. Ray Petty, "Danger Zones in the Religious Life of Today." Adjournment for noon recess.

The Conference was called to order at two o'clock, President W. E. Denham presiding. E. N. Webb, Mt. Vernon, led the devotional. The following program was then carried out: "Certainties in Religion that Abide," D. K. Foster, Carruthersville; "Teachings of Jesus upon Wealth and Property," H. A. Smoot, Macon. The Conference then adjourned to meet with the Laymen for an address by Ex-Governor Charles H. Brough, Arkansas.

CARL A. McINTIRE, Secretary.

ANNUAL MEETING OF THE BAPTIST BROTHERHOOD OF MISSOURI

The Baptist Brotherhood of Missouri met Monday, October 19, 1931, at the First Baptist Church, Springfield, and was called to order at 1:00 P. M. by its president, Irving L. Bush, of Clinton. Prayer was offered by R. S. Douglass, Cape Girardeau.

After general announcements by the president and by General Superintendent E. Godbold, the election of officers was the first item of business. Upon motion, the old officers were re-elected as follows: Irving L. Bush, Clinton, president; J. H. Alexander, Liberty, vice-president, and F. L. Stufflebam, Bolivar, secretary-treasurer.

By provision of the Constitution and By-Laws; these officers and the ten laymen on the Baptist State Executive Board form the Executive Committee of the Baptist Brotherhood of Missouri.

Dr. J. T. Henderson, Knoxville, Tenn., promotional secretary of the Baptist Brotherhood of the Southern Baptist Convention, was

the chief speaker of the meeting. Before delivering his address, he announced that he had been given an assistant, T. J. York, Little Rock, Ark., whose duty it was to do Brotherhood work in the states west of the Mississippi River.

Dr. Henderson's address was confined to the subject, "Promoting Brotherhood Work." It covered its field, its history and its purpose, with a special appeal to the members to get back of the every-member canvass.

At 3:00 p. m., the meeting adjourned to meet with the ministers to hear an address by ex-Governor C. H. Brough of Arkansas. Gov. Brough took as his theme the injunction of Thomas A. Edison, "Have Ambition, Have Imagination, and do Willingly the Task Before You."

At night, Gov. Brough addressed a joint meeting of the Brotherhood and the Ministers' Conference on "The God and Christ of History."

The Brotherhood held an hour conference each day just before the morning sessions of the general association, which meetings were devoted to the Every Member Canvass. Dr. J. T. Henderson was the chief speaker at all thse meetings, and they were largely attended by all the delegates.

F. L. STUFFLEBAM, Secretary.
