LEADER BIBLE STUDY

"Congratulations! Say hello to your new son," the nurse said as she placed the infant into the waiting arms of his teary-eyed, adoptive mother. It was love at first sight. Many adoptive parents have had the opportunity to experience the joy of holding their newborn babies. Though they did not physically birth the child, the adoptive parents' love and gratitude equals that of birth parents. Christian adoptive parents recognize the providence of God in the adoption process, knowing this is the special child He has for them. One of the Bible's most important men was an adopted child.

To give you a little backstory, fearful the Israelites might rebel, Egypt's Pharaoh ordered two Hebrew midwives to kill any boys born to Hebrew mothers. Because these midwives feared God, they did not follow through.

One clever Hebrew woman named Jochebed placed her baby in a basket and placed it in the reeds by the bank of the Nile River. Pharaoh's daughter spotted the basket and sent one of her servants to get it. When she discovered the baby inside, she felt sorry for him.

Moses' sister, Miriam, followed the basket and witnessed the rescue. She offered to find a Hebrew woman to nurse the baby boy. Miriam reunited the baby's biological mother with her son. Jochebed nurtured her son until he was old enough to live as the adopted son of Pharaoh's daughter. When the boy came to live with Pharaoh's daughter, she named him Moses.

How does the Bible story of baby Moses demonstrate the providence of God?

In what ways does the Bible story show that God cares for all people? _____

BIBLE STORY

MIRIAM AND MOSES

Pharaoh, the king of Egypt, was worried. "There are too many Hebrew slaves. One day they will attack us!" he said. Pharaoh gave a horrible command. When the Israelite women had babies, he ordered his people to kill the boy babies!

During this time, Amram and Jochebed became the father and mother of a baby boy. Jochebed saw how beautiful and precious her baby was, and she hid him for three months.

When the baby became too big for her to hide, Jochebed got a basket and

waterproofed it with slime and pitch. She placed her baby boy in the basket and put the basket in the Nile River among the tall grass so that it would not float away. Miriam, the baby's sister, watched to see what would happen to her little brother.

When Pharaoh's daughter came to the river to bathe, she saw the basket. One of the servant girls brought it to her. When Pharaoh's daughter opened it, she found a baby inside. He was crying. "This is a Hebrew baby!" she said and felt sorry for him.

Miriam stepped forward. "Shall I go call a woman to help you take care of the baby?"

"Yes. Go," answered Pharaoh's daughter.

So Miriam called Jochebed, her mother. Jochebed was able to care for her own baby. When the baby was older, Pharaoh's daughter adopted him. She called the child Moses because the name meant "drawn from the water."
