02 Salvations & Baptisms

“During a Gospel Appointment, I found out that last semester a student came to know the Lord through listening to our Bible study from afar and reading Scripture on her own. She is now engaged with a local church and getting more involved in Collegiate Impact. It was so encouraging to hear how much she has already dug into God's Word and grown over the summer! She is truly on fire for the Lord!”

—Kerissa Breisch, Campus Missionary, Collegiate Impact, Longview Community College

“A Sri Lankan student gave her life to Christ in September through the faithful evangelistic love of the Truman BSU! She came to the BSU's international student meal in the fall of 2024. Many BSU students have had conversations with her about Jesus over the last year, and she became increasingly drawn to Him, culminating in giving her life to Christ in the prayer room at the BSU on September 14th. She will be getting baptized at Hamilton Street Baptist Church in October!”

—Greg Xander, Campus Missionary, Truman BSU

03 Ministry Wins

DISCIPLEMAKING WIN

“Since the beginning of the school year we have had six students commit to being in discipleship groups and several who are interested in a Bible Study on top of our large group meeting. I am also building a teaching lab with my apprentice, Jacob, and three students to help them learn how to study and teach to a group. The goal of this is to have local pastors involved to help give constructive criticism as well.”

—James Mohler, Campus Missionary, Three Rivers BSU

CHURCH INVOLVEMENT WIN

“At our very first Monday Dinner of the school year, we had around 90 total people with a wonderful blend of students from around the world and a solid mix of local church members from various congregations. Our local church was the one who was serving and we brought every generation we had, from our little ones to our elderly. It was a brief but sweet reminder of the beauty of the Body of Christ.”

—Reese Hammond, Campus Missionary Southeast Missouri State University Lighthouse

LEADERSHIP DEVELOPMENT WIN

“Brayson has stepped up this semester as the Worship Team Coordinator and Outreach Team Coordinator. He has been leading Core Team students to be intentional in how we worship God and share our faith. Brayson is investing in the next generation after having been invested in by other students, his pastor, and Jerome!”

—Benjamin Kirtley, Campus Missionary Central BSU, University of Central Missouri

MISSIONAL LIVING WIN

During a Gospel Appointment, I was able to hear a student's story and share the gospel with her. She expressed that she wanted to get back into church, get connected to other Christians, and develop a relationship with Christ. She did not have a Bible, so I gave her one, and she expressed that she would be interested in reading the Bible together!

—Kensy Miller, Ministry Apprentice, University of Missouri-Kansas City, Collegiate Impact
