

Evangelism Grant Guidelines

The Prayer and Evangelism (P & E) Group of the Missouri Baptist Convention (MBC) has designated funds to support MBC churches as they engage in outreach events within their communities. These grants allow the P & E Group to strategically reinvest Cooperative Program resources into local churches with the goal of seeing more people come to know Christ. Churches are given significant flexibility in planning their outreach efforts, provided that the event includes a clear presentation of the gospel by one or more members of the church.

Who may apply for an evangelism grant?

Any representative of an MBC church that is currently in good standing with the Convention may apply. To begin the application process, visit <https://mobaptist.org/prayer-evangelism/> and click on “**Evangelism Grant Application.**”

Once the form is submitted, someone from our group will follow up with you.

What grant amounts are available?

The P&E Group may award evangelism grants covering up to **50% of the total cost** of an outreach event or effort, with a **maximum grant amount of \$1,000.**

How many grants can an individual church apply for?

Each MBC church may apply for **one evangelism grant every 12 months.**

Questions?
